#### ARTICLE IX

##### INDEMNIFICATION

a. Each person who was or is made a named defendant or respondent or is threatened to be made a named defendant or respondent in any action, suit or proceeding, whether civil, criminal, administrative, arbitrative or investigative (hereinafter a "proceeding"), or in any appeal in, or investigation that could lead to, such a proceeding, by reason of the fact that he or she is or was a Director or Officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, partner, venturer, proprietor, trustee, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the

applicable laws of the State of Texas, including, without limitation, the Texas Business Corporation Act and the Texas Miscellaneous Corporation Laws Act, as the same exist or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment), against all expenses, liability and loss (including without limitation attorney's fees, court costs, judgments, fines, excise and similar taxes or penalties and amounts paid or to be paid in settlement) reasonably and actually incurred or suffered by such person in connection therewith. The right to indemnification conferred in this Article IX shall be a contract right and shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its final disposition; provided, that, if the law of the State of Texas requires, the payment of such expenses incurred by a Director or Officer in advance of the final disposition of a proceeding shall be made only upon delivery to the Corporation of an undertaking, by or on behalf of such Director or Officer, to repay all amounts so advanced if it shall ultimately be determined that such Director or Officer is not entitled to be indemnified under this Article IX or otherwise. The Corporation may, by action of its Board of Directors, provide indemnification to employees and agents of

the Corporation with the same scope and effect as the foregoing indemnification of Directors and Officers.

b. If a claim under paragraph (a) of this Article IX is not paid in full by the Corporation within thirty (30) days after a written claim has been received by the Corporation, the claimant may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking, if any is required, has been tendered to the Corporation) that the claimant has not met the standards of conduct which make it permissible under the laws of the State of Texas for the Corporation to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on the Corporation. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its shareholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the laws of the State of Texas nor an actual determination by the Corporation (including its Board of Directors, independent

legal counsel, or its Members) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

c. The right to indemnification and the payment of expenses incurred in defending a proceeding in advance of its final disposition conferred in this Article IX shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the Articles of Incorporation, bylaw, agreement, vote of the Members or disinterested Directors or otherwise.

d. The Corporation may maintain insurance, at its expense, to protect itself and any Director, Officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any such expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the laws of the State of Texas.

#### ARTICLE X

##### LIABILITY OF DIRECTORS

To the fullest extent permitted by the laws of the State of Texas as the same exist or may hereafter be amended, a Director of the Corporation shall be free of liability to the

No property Owner, Member of the Board of Directors ("Board") or person from whom the Association may receive any property or funds shall receive or shall be lawfully entitled to receive any pecuniary profit from the operation thereof, and in no event shall any part of the funds or assets of the Association be paid as a salary or as compensation to, or distributed to or be paid as a salary or as compensation to, or distributed to or inure to the benefit of any Member of the Board; provided, however, always (1) that reasonable compensation may be paid to any Member while acting as an agent or employee of the Association for services rendered in effecting one or more of the purposes of the Association and (2) that any Member of the Board may, from time to time, be reimbursed for his actual and reasonable expenses incurred in connection with the administration of the affairs of the Association, subject to prior approval by the Board.

1.4 Principal Office. The principal office of the Association shall be located in Tarrant County, Fort Worth, Texas. The Association may have other such offices as the Board may determine or as the affairs of the Association may require.

2.2 Obligations of Members. All Members shall be obligated to pay the assessments imposed by the Association in accordance with the Declaration.

2.3 Place of Meetings of Members. Meetings of the Members shall be held within the Common Properties or at such other suitable place within Tarrant County, Texas as may be designated by the Board.

Notice of regular meetings of the Board shall be given to each Director and Management Agent, personally or by mail, telephone, telefax or electronic mail, at least five (5) days prior to the day named for such meeting. The failure to provide the notice required by this subsection shall not be cause for the invalidation of any action taken by the Board in a meeting as long as a quorum of the Board attended and/or participated in the meeting and voted on

the action. An emergency meeting of the Board may be called at any time by the President without prior notice to the Directors. The Secretary or the Secretary's designee will be responsible to draft minutes of each meeting of the Board. The minutes of each meeting shall conform to the requirements of applicable law. All communications between the Association's attorney and the Association and any Officer, Director or employee thereof, shall be confidential, pursuant to the attorney/client privilege, and shall not be subject to public disclosure by the Association's attorney or any individual Board Member without the consent of the Board or a duly issued court order. The Association's attorney shall not hold office as an Officer or Director of the Association or take any action that would create a personal or financial conflict of interest between the Association and the Association's attorney. Whether such conflict of interest exists is a matter to be decided on a case-by-case basis and only by the Board after full disclosure of the facts by the attorney. The Association may terminate the employment of its attorney at any time for any reason subject to any contractual obligations it may owe to its attorney.

3.5 Election and Term of Office. Board Member's term will be two years. A Board Member may serve a maximum of two consecutive elected terms. After two consecutive elected terms, a Board member is ineligible for election or appointment to the Board for a period of one year. 3.6 Vacancies on Board. Vacancies on the Board due to the Director's resignation, death or disability shall be filled by a vote of the majority of the remaining Directors, even though they may constitute less than a quorum; and each person so elected shall be a Director until a successor is elected. Any vacancy created for any other reason, including removal by a vote of the Members and disqualification by law, shall be filled by an election of the Members.

3.7 Removal of Directors. At any regular or special meeting duly called, any one or more of the Directors may be removed with or without cause by two-thirds (2/3) of the Members, and a successor may then and there be elected to fill the vacancy thus created. All Directors shall exercise their power and duties in good faith and in the best interest of, and with utmost loyalty to the Association. All Directors shall comply with all lawful provisions of the Declaration and the Association's Articles, Bylaws and Rules and Regulations.

Any potential conflict of interest on the part of any Director shall be verbally disclosed to the other Directors in open session at the first open meeting of the Board at which the interested Director is present prior to any discussion or vote on the matter. After disclosure, the Director may participate in the discussion but shall not vote on the matter. The minutes of the meeting shall reflect the disclosure made, the abstention from voting, the composition of the quorum and record who voted for and against.

Mira Vista Homeowners Board Members and any person related to such person within the second (2<sup>nd</sup>) degree of consanguinity and affinity may not also serve on the Mira Vista Country Club Board. However, to enhance communications between the two entities, a representative of Mira Vista Homeowners Association Board may serve in a non-voting, advisory position on the Mira Vista Country Club Board. Likewise, a representative of the Mira Vista Country Club Board may serve in a non-voting advisory position on the Mira Vista Homeowners Association Board.

All Members wishing to be elected to the Board must provide the Board with written consent to a criminal background check to establish that he or she is qualified by law to serve on the Board. If the Board receives written, documented evidence from a database or other record maintained by a governmental law enforcement authority that a Member has been convicted of a felony or crime involving moral turpitude, such Member

is ineligible to serve on the Board, is deemed to be automatically removed from the Board and shall be prohibited from serving on the Board in the future.

Such request must be mailed or delivered within fifteen (15) days after the date of the meeting when the election results were announced. If a demand for a recount is submitted to the Association, the Association must contract with a person authorized by law to conduct the recount. The recount must take place within thirty (30) days after the date when the Association receives the recount demand or the date when the Association receives payment for the recount, whichever is later. The cost of the recount shall be paid in advance by the Member or Members demanding the recount. Notice of the results of the recount must be provided to the Member or Members demanding the recount. ### PROPERTY SUBJECT TO THIS DECLARATION: ADDITIONS THERETO

2.01. Existing Property. The Existing Property is located in the City of Fort Worth, Tarrant County, State of Texas, and is more particularly described on Exhibit A attached hereto and incorporated herein by reference for all purposes.

2.02. Additions to Existing Property. Additional land(s) may become subject to this Declaration in any of the following manners:

(a) Declarant may add or annex additional real property to the scheme of this Declaration by filing of record a Supplementary Declaration of Covenants, Conditions and Restrictions which shall extend the scheme of the covenants, conditions and restrictions of this Declaration to such property, provided, however, that such supplementary declaration may contain such complementary additions and modifications of the Covenants and Restrictions contained in this Declaration as may be necessary to reflect the different character, if any, of the added properties and as are not inconsistent with the concept of this Declaration.

(b) In the event any person or entity other than Declarant desires to add or annex additional residential and/or common areas to the scheme of this Declaration, such proposed annexation must have the prior written consent and approval of the majority of the outstanding votes within each voting class of the Association.

(c) Any additions made pursuant to Paragraphs (a) and (b) of this Section 2.02, when made, shall automatically extend the jurisdiction, functions, duties and membership of the Association to the properties added.

(d) Declarant shall have the right and option (without the joinder, approval or consent of such associations) to cause the Association to merge or consolidate with any similar association then having jurisdiction over real property located (in whole or in part) within one-half (1/2) mile of any real property then subject to the jurisdiction of this Association. Upon a merger or consolidation of the Association with another association, its properties, rights and obligations may, by operation of law, be transferred to another surviving or consolidated association or, alternatively, the properties, rights and obligations of another association may, by operation of law, be added to the properties, rights and obligations of the Association as a surviving corporation pursuant to a merger. The surviving or consolidated association may administer the Covenants and Restrictions established by this Declaration within the Existing Property together with the covenants, conditions and restrictions established upon any other properties as one scheme.

2.03 Removal of Property. At any time prior to July 1, 2002, Declarant may remove portions of the Existing Property from the scheme of this Declaration by filing of record a Release of Restrictions describing the portion of the Existing Property which has been released.

## ARTICLE III

### MEMBERSHIP AND VOTING RIGHTS

3.01. Membership. Every Owner of a Lot shall automatically be and must remain a Member of the Association in good standing. The Board of Directors may declare that an Owner is

not a Member in good standing because of past unpaid dues, fines, late charges, interest, legal fees, and/or any other assessments of any nature. The Board of Directors may temporarily suspend the voting rights of any Member who is not in good standing until such past unpaid amounts are paid in full.

**3.02. Voting Rights.** The Association shall have three classes of voting membership:

**CLASS A:** Class A Members shall be all Members other than Class B and Class C Members. Class A Members shall be entitled to one (1) vote for each Lot in which they hold the interest required for membership. When more than one person holds such interest or interests in any Lot, all such persons shall be Members, and the vote for such Lot shall be exercised as they, among themselves, determine, but in no event shall more than one (1) vote be cast with respect to any such Lot.

**CLASS B:** Class B Members shall be any bona fide Owner who is engaged in the process of constructing a residential dwelling on any Lot for sale to consumers. Class B Members shall be non-voting members of the Association. The Class B membership shall cease, and each Class B Member shall become a Class A Member:

(i) when the total number of votes outstanding in the Class A membership equals the total number of votes outstanding in the Class C membership; or

(ii) on the tenth (10th) anniversary of the date hereof, whichever occurs first in time.

**CLASS C:** The Class C Member shall be Declarant. The Class C Member shall be entitled to six (6) votes for each Lot which it owns and for each Lot owned by all Class B Members.

Notwithstanding the aforementioned voting rights within the Association and consistent with the provisions of Section 12.02 hereinafter, until:

(a) Declarant no longer owns:

(i) record title to any Lot; and

(ii) a lien interest in any Lot; and

(iii) title to any adjoining acreage intended to be developed as an additional section or phase of Mira Vista; or

(b) July 1, 2002,

whichever occurs first in time, neither the Association nor the Members shall take any action or inaction with respect to any matter whatsoever without the consent and approval of the Declarant, which shall not be unreasonably withheld or delayed.

**3.03. Quorum, Notice and Voting Requirements.** The quorum, notice and voting requirements of and pertaining to the Association are set forth within the Articles of Incorporation and Bylaws of the Association, as same may be amended from time to time. Subject to the provisions of Section 3.02 above, any action by or on behalf of the Association may be taken with the assent given in writing and signed by Members who collectively hold or control more than sixty percent (60%) of the outstanding votes of the Association.

## ARTICLE IV

(e) Legal and accounting services; and

(f) Any other materials, supplies, furniture, labor, services, maintenance, repairs, structural alteration, taxes or assessments which the Board is required to obtain or pay for pursuant to the terms of this Declaration or which in its opinion shall be necessary or proper for the operation or protection of the Association or for the enforcement of this Declaration.

The Board shall have the following additional rights, powers and duties:

(g) To execute all declarations of ownership for tax assessment purposes with regard to any of the Common Properties owned by the Association;

(k) To protect or defend the Common Properties from loss or damage by suit or otherwise, to sue or defend in any court of law on behalf of the Association and to provide adequate reserves for repairs and replacements;

(l) To make reasonable rules and regulations for the operation of the Common Properties and to amend them from time to time;

(m) To make available to each Owner within ninety (90) days after the end of each year an annual report;

(o) To enforce the provisions of this Declaration and any rules made hereunder and to fine, enjoin and/or seek damages from any Owner for violation of such provisions or rules.

**4.02. Board Powers, Exclusive.** The Board shall have the exclusive right to contract for all goods, services, and insurance, and the exclusive right and obligation to perform the functions of the Board, except as otherwise provided herein. In the event or if for any reason the Board is not deemed authorized to act for and on behalf of the Association and the Members, then Declarant may exercise its power and authority under Section 12.02 hereof to act for and on behalf of the Association and the Members, and the Association shall reimburse Declarant for any and all reasonable expenses incurred in so acting.

**4.03. Contracts With Owners.** The Board, on behalf of the Association, shall have full power and authority to contract with any Owner (including, without limitation, Declarant) for the performance, on behalf of the Association, of services which the Board is otherwise required to perform pursuant to the terms hereof, such contracts to be upon such terms and conditions and for such consideration as the Board may deem proper, advisable and in the best interest of the Association.

**4.04. Liability Limitations.** Neither any Member, the Board, any Director, nor any Officer of the Association shall be personally liable for debts contracted for, or otherwise incurred by the Association, or for a tort of another Member, whether such other Member was acting on behalf of the Association or otherwise. Neither Declarant, the Association, its Directors, officers, agents, or employees shall be liable for any incidental or consequential damages for failure to inspect any premises, improvements or portion thereof or for failure to repair or maintain the same. Declarant, the Association or any other person, firm or corporation liable to make such repairs or maintenance shall not be liable for any personal injury or other incidental or consequential damages occasioned by any act or omission in the repair or maintenance of any premises, improvements or portion thereof.

**4.05. Reserve Funds.** The Board may establish reserve funds which may be maintained and accounted for separately from other funds maintained for annual operating expenses and may establish separate, irrevocable trust accounts in order to better demonstrate that the amounts deposited therein are capital contributions and not net income to the Association.

**4.06. Restrictions on Contracts.** Neither Declarant nor the Association may directly or indirectly enter into any management agreement or any other contract on behalf of the Association which extends beyond the date Class B memberships cease as provided in Section 3.02 of this Declaration. The Association may, however, following such date, enter into new management agreements or other contracts in accordance with this Declaration.

## ARTICLE V

### PROPERTY RIGHTS IN THE COMMON PROPERTY

5.01. Members' Easements of Enjoyment. Subject to the provisions of Section 5.03 of this Article, every Member and every tenant of every Member, who resides on a Lot, and each individual who resides with either of them, on such Lot shall have a right and easement of use, recreation and enjoyment in and to the Common Properties and such easement shall be appurtenant to and shall pass with the title of every Lot, provided, however, such easement shall not give such person the right to make alterations, additions or improvements to the Common Properties.

5.02. Title to the Common Properties. Declarant will hold record title to the Common Properties for an indefinite period of time, subject to the easements set forth in Section 5.01 hereof. Declarant shall have the right and option (without the joinder and consent of any person or entity, save and except any consent, joinder or approval required by the City of Fort Worth) to encumber, mortgage, design, redesign, reconfigure, alter, improve, landscape and maintain the Common Properties, provided that Declarant fully and timely complies with any and all requirements of the City of Fort Worth. At some point in time (deemed reasonable and appropriate by the Declarant but prior to July 1, 2002), the Declarant will convey title to the Common Properties to the Association for the purposes herein envisioned. Declarant reserves the right to execute any open space declarations applicable to the Common Properties which may be permitted by law in order to reduce property taxes.

5.03. Extent of Members' Easements. The rights and easements of use, recreation and enjoyment created hereby shall be subject to the following:

(a) The right of Declarant or the Association to prescribe reasonable regulations and policies governing, and to charge fees and or deposits related to, the use, operation and maintenance of the Common Properties;

(b) Liens on mortgages placed against all or any portion of the Common Properties with respect to monies borrowed by Declarant to develop and improve the Property or by the Association to improve or maintain the Common Properties;

(e) The right of Declarant or the Association to suspend the voting rights of any Member and to suspend the right of any individual to use or enjoy any of the Common Properties for any period during which any assessment (including without limitation "fines") against a Lot resided upon by such individual remains unpaid, and for any period deemed reasonable by the Association for an infraction of the then-existing rules and regulations;

(f) The right of Declarant and/or the Association to dedicate or transfer all or any part of the Common Properties to any municipal corporation, public agency, authority, or utility company for such purposes and upon such conditions as

may be agreed upon by Declarant and the Members having a majority of the outstanding eligible votes of the Association;

(h) The right of the Declarant or the Association to enter into and execute contracts with the owner-operators of any community antenna television system ("CATV") or other similar operations for the purpose of extending cable or utility service on, over or under the Common Properties to ultimately provide service to one or more of the Lots.

## ARTICLE VI

### COVENANTS FOR ASSESSMENTS

6.01 Personal Obligation of Assessments. Each Owner of a Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed, as a part of the purchase money consideration for such deed and conveyance, to covenant and agree to pay to the Association (or to an independent entity or agency which may be designated by the Association to receive such monies):

(a) Regular assessments or charges for maintenance, taxes and insurance on portions of the Properties and the Common Properties (including, without limitation, those matters described within Section 4.01 hereof;

(b) Special group assessments for capital improvements or unusual or emergency matters, such assessments to be fixed, established and collected from time to time as hereinafter provided;

(c) Special individual assessments levied against individual Owners to reimburse the Association for extra costs for maintenance and repairs caused by the willful or negligent acts of the individual Owner and not caused by ordinary wear and tear; and

(d) Individual assessments and fines levied against individual Owners for violations of rules and regulations pertaining to the Association and/or the Common Properties;

such assessments to be fixed, established and collected from time to time as hereinafter provided. The regular, special group, and special individual assessments, together with such late charges, interest and costs of collection thereof as hereinafter provided, shall be a charge on the land and shall be a continuing lien upon each Lot against which each such assessment is made and shall also be the continuing personal obligation of the then-existing Owner of such Lot at the time which the assessment fell due.

6.02 Creation of Lien. Declarant hereby reserves a vendor's lien against each Lot to secure the payment of any assessment which may be levied pursuant to the terms and provisions of Sections 6.05, 6.06, 9.11 and/or 12.06 hereof, and the expenses incurred in connection with the enforcement thereof, including, without limitation, interest at the maximum rate permitted by law, costs and reasonable attorneys' fees. Such lien may be enforced by appropriate judicial proceedings, and the amounts secured thereby shall be the obligation of and chargeable to Owner. Such lien shall be and is subordinate and inferior only to the following: (i) assessments, liens and

charges in favor of the State of Texas and any political subdivision thereof for taxes past due and unpaid on the Lot; and (ii) amounts due under any first lien deed of trust duly recorded prior to the recordation of any lien assessment as provided in Section 6.03 of this Article VI.

**6.03 Assessment Lien.** (a) All sums assessed but unpaid, including interest thereon at the maximum rate permitted by law from the date such assessments are due until said assessments are paid (subject to the provisions hereof limiting the interest contracted for, charged or received to the maximum permitted by applicable law,) shall constitute a lien on the Lot superior to all other liens and encumbrances, except as provided in Section 6.02 of this Article VI. Declarant, or the Board or its duly appointed agent, may (but shall not be required to) prepare a written notice setting forth the amount of such unpaid indebtedness, the name of Owner and a description of the Lot. Such notice shall be signed by Declarant or the Board or its duly appointed agent and may be recorded in the office of the County Clerk of Tarrant County, Texas. Such lien may be enforced by the foreclosure of it upon the Lot by the Declarant or the Board or its duly appointed agent. In any such proceeding, the Owner shall be required to pay the costs, expenses and attorney's fees incurred in connection with filing the lien, and in the event of any foreclosure proceeding, all additional costs, expenses and attorney's fees incurred in connection with any such foreclosure proceeding. Declarant or the Board or its duly appointed agent shall have the power to bid on the Lot at foreclosure or other legal sale and to acquire and hold, lease, mortgage, convey or otherwise deal with the same. Any mortgagee holding a lien on the Lot may pay, but shall not be required to pay, any unpaid assessments owing with respect to the Lot, but such payment shall not be deemed a waiver of Owner's default by either Declarant, the Board or such mortgagee.

(b) The amount of the assessments assessed against the Lot shall also be a personal obligation or indebtedness of the Owner thereof at the time the assessment is made. Suit to recover a money judgment for unpaid assessments shall be maintainable without foreclosing or waiving the lien securing same.

(c) Owner, by acceptance of the deed to the Property, hereby expressly vests in Declarant, the Board or its agents the right and power to bring all actions against Owner personally for the collection of such charges as a debt, and to enforce the aforesaid liens by all methods available for the enforcement of such liens. No Owner may waive or otherwise escape liability for the assessments provided herein by non-use of the Common Properties or by abandonment of his Lot.

(d) If any assessment remains unpaid at the expiration of fifteen (15) calendar days from and after the due date established by the Board, a late charge shall be assessed against the non-paying Owner for each month that any portion of an assessment remains unpaid. The late charge shall be in the amount of Twenty-five and No/100 Dollars (\$25.00) for all Class A Members and Twelve and 50/100 Dollars (\$12.50) for all Class B Members. A reasonable service charge in an amount established by the Board shall be charged for each check that is returned because of insufficient funds. The amounts of late charges and service charges may be adjusted, from time to time, by the Board consistent with any changes in the amounts of regular or special assessments; provided, however, that the amount of any late charges assessed against Class B Members shall be fifty percent (50.0%) of the amount of the late charge assessed against Class A Members.

6.04. Purpose of Assessments. The assessments levied by the Association shall be used exclusively for the purposes of (i) promoting the health, recreation, safety and welfare of the residents of the Property; (ii) improving and maintaining the private walkways, jogging and bicycle trails, lakes, recreational areas, or other properties, services and facilities directly related to the use and enjoyment of the Common Properties; (iii) the payment of taxes on the Common Properties and insurance (if any) in connection with the Common Properties and the repair, replacement and additions thereto; (iv) the payment for electricity for street lights and exterior lights and the repair, replacement and additions of various items within the Common Properties; (v) trash and garbage collection and security arrangements, as may be determined necessary and appropriate by the Association from time to time; (vi) paying the cost of labor, equipment (including the expense of leasing any equipment) and materials required for, and the management and supervision of, the Common Properties; (vii) carrying out the duties of the Board as set forth in Article IV hereof; (viii) carrying out the various matters set forth or envisioned herein or in any amendment or supplement hereto; and (ix) for any matter or thing designated by the City of Fort Worth in connection with any zoning, subdivision, platting, building or development requirements.

6.05. Basis and Amount of Regular Maintenance Assessments.

(a) Until and unless otherwise determined by the Board, the maximum regular assessment shall be One Hundred Dollars (\$100.00) per Lot per month.

(b) The Board may establish the maximum annual assessment for each Lot, provided that the maximum annual assessment may not be increased more than thirty percent (30%) above the maximum annual assessment for the previous year unless otherwise approved by the Members of the Association as provided in Section 3.03 of Article III.

(c) After consideration of current maintenance costs and the future needs of the Association, the Board may fix the actual annual assessment at an amount equal to or less than the then-existing maximum annual assessment.

(d) The Board may establish a time-price differential schedule for the payment of the regular assessment in which the lowest amount is the actual regular base assessment.

6.06. Special Assessments for Capital Improvements. In addition to the regular assessments authorized by Section 6.03 hereof, the Association may levy in any fiscal year a special assessment, applicable to that year only, for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, unexpected repair or replacement of a described capital improvement upon the Common Properties, including any necessary fixtures and personal property related thereto; provided that any such assessment shall have the affirmative approval of the Members of the Association as provided in Section 3.03, Article III.

6.07. Uniform Rate of Annual and Special Assessments. Both regular and special capital assessments must be fixed at a uniform rate for all Lots owned by Class A Members. Each Lot owned by a Class A Member shall be charged with one hundred percent (100.0%) of the established per Lot assessment, while each Lot owned by a Class B Member shall be charged with fifty percent (50%) of the established per Lot assessment. Lots owned by Declarant shall not be charged with any portion of any assessment.

6.08. Date of Commencement of Assessments; Due Dates. The Board may prescribe from time to time that the regular base assessments are to be collected on an annual, semi-annual, quarterly or monthly basis, and accordingly, the Board shall prescribe the appropriate due dates and, if applicable, the time-price differential rates and due dates. All regular base assessments shall be collected in advance. The due date or dates (if it is to be paid in installments) of any other assessments or special assessment under Sections 6.05 and 6.06 hereof, shall be fixed in the respective resolution authorizing such assessment.

6.09. Duties of the Board with Respect to Assessments.

(a) In the event of a revision to the amount or rate of the regular base assessment, or establishment of a special group or special individual assessment, the Board shall fix the amount of the base assessment against each Lot, and the applicable due dates for each assessment, at least sixty (60) days in advance of such date or period, and the Board shall, at that time, prepare a roster of the Lots and assessments applicable thereto which shall be kept in the office of the Association.

(b) Written notice of the assessment shall thereupon be delivered or mailed to every Owner subject thereto.

(c) The Board shall upon demand at any time furnish to any Owner liable for said assessment, a certificate in writing signed by an Officer of the Association, setting forth whether said assessment has been paid. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid. A reasonable charge may be made by the Board for the issuance of such certificate.

6.10. Rights of City of Fort Worth. Unless otherwise approved by seventy-five percent (75.0%) of the outstanding votes within each voting class, the Association shall not by act or omission seek to abandon its obligations as established by this Declaration. However, in the event that:

(a) The Association dissolves and the Common Properties shall not be either (i) dedicated to and accepted by an appropriate municipal corporation, public agency, authority or utility to be devoted to purposes as nearly as practicable the same as those to which such Common Properties were required to be devoted by the Association, or (ii) conveyed to another organization or entity which assumes all obligations imposed hereunder upon the Association to maintain said Common Properties; or

(b) The Association, its successors or assigns, shall fail or refuse to adequately maintain the appearance and condition of the Common Properties which it is obligated to maintain hereunder;

then, in either such event, the City of Fort Worth, Texas, shall have the right, but not the obligation, to assume the duty of performing all such maintenance obligations of the Association at any time after such dissolution, upon giving written notice to the Owners, or at any time after the expiration of twenty-one (21) days after receipt by the Association, its successors or assigns, of written notice specifying in detail the nature and extent of the failure to maintain without such failure being remedied. Upon assuming such maintenance obligations, the City of Fort Worth may collect, when the same become due, all assessments, annual or special, levied by the Association pursuant to the provisions hereof for the purposes of repairing, replacing, maintaining or

caring for the Common Properties; and, if necessary, enforce the payment of delinquent assessments in the manner set forth herein. In the alternative, upon assuming such maintenance obligations, the City of Fort Worth may levy an assessment upon each Lot on a pro-rata basis for the cost of such maintenance, notwithstanding any other provisions contained in this Declaration, which assessment shall constitute a lien upon the Lot against which each assessment is made. During any period that the City of Fort Worth assumes the obligation to maintain and care for the Common Properties, the Association shall have no obligation or authority with respect to such maintenance. The right and authority of the City of Fort Worth to maintain the Common Properties shall cease and terminate when the Association, its successors or assigns, shall present to the City of Fort Worth reasonable evidence of its willingness and ability to resume maintenance of the Common Properties. In the event the City of Fort Worth assumes the duty of performing the maintenance obligations of the Association as provided herein, then the City of Fort Worth, its agents, representatives and employees, shall have right of access, ingress and egress to and over the Common Properties for the purposes of maintaining, improving and preserving the same, and in no event, and under no circumstances, shall the City of Fort Worth be liable to the Association or any Owner or their respective heirs, devisees, personal representatives, successors and assigns for negligent acts or construction (excluding, however, malfeasance and gross negligence) relating in any manner to maintaining, improving and preserving the Common Properties.

6.11. Exempt Property. The following property otherwise subject to this Declaration shall be exempted from the assessments, charges and liens created herein:

(a) All properties dedicated and accepted by the local public authority and devoted to public use;

(b) All Common Properties as defined in Article I hereof;

(c) Any and all areas which may be reserved by the Declarant on the recorded plat(s) of the Property.

#### ARTICLE VII

##### INSURANCE; REPAIR AND RESTORATION; SECURITY ARRANGEMENTS

7.01. Right to Purchase Insurance. The Association shall have the right and option to purchase, carry and maintain in force insurance covering any or all portions of the Common Properties, any improvements thereon or appurtenant thereto, for the interest of the Association and of all Members thereof, in such amounts and with such endorsements and coverage as shall be considered good sound insurance coverage for properties similar in construction, location, and use to the subject property. Such insurance may include, but need not be limited to:

(a) Insurance against loss or damage by fire and hazards covered by a standard extended coverage endorsement in an amount which shall be equal to the maximum insurable replacement value, excluding foundation and excavation costs as determined annually by the insurance carrier;

(b) Public liability and property damage insurance on a broad form basis;

(c) Fidelity bond for all officers and employees of the Association having control over the receipt or disbursement of funds; and

(d) Officers' and directors' liability insurance.

7.02. Insurance Proceeds. The Association and the Members shall use the net insurance proceeds to repair and replace any damage or destruction of property, real or personal, covered by such insurance. Any balance from the proceeds of insurance paid to the Association, as required in this Article VII, remaining after satisfactory completion of repair and replacement, shall be retained by the Association as part of a general reserve fund for repair and replacement of the Common Properties.

7.03. Insufficient Proceeds. If the insurance proceeds are insufficient to repair or replace any loss or damage, the Association may levy a special assessment as provided for in Article VI of this Declaration to cover the deficiency.

7.04. Security Arrangements. Declarant and the Association have arranged for the employment and utilization of (i) unarmed security personnel generally stationed at the gatehouse entry point to the Property and (ii) armed security personnel to patrol the Property at regular intervals. Declarant and the Association hope that the gatehouse and private streets concept will discourage undesired and unauthorized vehicular and pedestrian traffic within the Property and foster a higher degree of peace and tranquillity. As development, completion and occupancy of homes within the Property advances toward final conclusion in the coming years, Declarant and the Association anticipate that greater degrees of access control will be emphasized at the Property gatehouse.

Although Declarant and the Association reasonably believe that the existence and visibility of security personnel and a controlled access point may discourage the commission of criminal acts (e.g., burglary, theft, etc.) within the Property, nevertheless neither Declarant nor the Association warrant or guarantee that: (a) the security personnel arrangements are sufficient and adequate to diminish or eliminate the commission of crimes against persons or property; and (b) such acts will not be attempted or actually occur within the Property. These security arrangements are not designed or intended to replace the conventional police and fire protection and paramedical services available from the City of Fort Worth.

The Association will seek to carry public liability insurance generally covering bodily injury and property damage arising out of negligent acts by employees, Members or authorized representatives of the Association. The Association will not carry any insurance pertaining to, nor does it assume any liability or responsibility for, the real or personal property of the Owners (and their respective family members and guests).

Each Owner expressly understands, covenants and agrees with Declarant and the Association that:

(a) neither Declarant nor the Association has any responsibility or liability of any kind or character whatsoever regarding or pertaining to the real and personal property of each Owner;

(b) each Owner shall, from time to time and at various times, consult with reputable insurance industry representatives of each Owner's own selection to select, purchase, obtain and maintain appropriate insurance providing the amount, type and kind of insurance deemed satisfactory to each Owner covering his or her real and personal property;

(c) each Owner releases and holds Declarant and the Association harmless from any uninsured liability, claims, causes of action or damages of any kind or character whatsoever arising out of or related (directly or indirectly) to any and all aspects of the security system and private streets within the Property, including, without limitation:

(i) the interviewing, hiring, training, licensing, bonding and employment of security personnel;

(ii) the instructions, directions and guidelines issued to or by the security personnel; and

(iii) the duties, performance, actions, inactions or omissions of or by the security personnel;

(d) each Owner will cooperate with Declarant, the Association and the Architectural Control Committee in connection with the establishment, evolution and maintenance of reasonable controls on the pedestrian and vehicular traffic into and within the Property and abide by any and all rules and regulations of the Association, as adopted and promulgated from time to time, related to the entry upon and use of any private streets and other common areas within the Property.

#### ARTICLE VIII

##### USE OF COMMON PROPERTIES

The Common Properties may be used and enjoyed as follows:

8.01. Restrictive Actions by Members. No Member shall permit anything to be done on or in the Common Properties which would violate any applicable public law or zoning ordinance or which will result in the cancellation of or increase of any insurance carried by the Association, or which would be in violation of any law or any rule or regulation promulgated by the Board.

8.02. Damage to the Common Properties. Each Member shall be liable to the Association for any damage to any portion of the Common Properties caused by the negligence or willful misconduct of the Member or his family and guests.

8.03. Rules of the Board. All Members shall abide by any rules and regulations adopted by the Board. The Board shall have the power to enforce compliance with said rules and regulations by all appropriate legal and equitable remedies, and a Member determined to have violated said rules and regulations shall be liable to the Association for all damages and costs, including reasonable attorneys' fees.

8.04. Use of Common Properties. Use of the Common Properties shall be limited to Members, their families and guests. With the exception of the regular business activities of Class B Members or the Association, no person or entity shall use any portion of the Common Properties to:

(a) solicit, promote or conduct business, religious, political or propaganda matters;

(b) distribute handbills, newsletters, flyers, circulars or other printed materials;

without the prior written consent of the Association (which consent may be withheld in its sole and absolute discretion).

8.05. Private Streets. The entry gatehouse, street sidewalks and alley network within the Mira Vista residential

community are "private" and constitute a portion of the Common Properties which are subject to the jurisdiction and administration by the Association. In addition to the other provisions appearing within this Article VIII, the Board is specifically authorized to recommend, adopt, implement and enforce rules, regulations, mechanisms and procedures governing use of the entry gatehouse, sidewalks, streets and alleys covering items such as (but not necessary limited to):

(a) identification and entry programs for Members, their respective immediate families, their guests and vehicles owned or driven by any of them;

(b) speed limits, designated parking areas, restricted parking areas and no-parking areas;

(c) signs and graphics to provide announcements to unauthorized personnel concerning potential criminal trespass matters;

(d) a "fines" system through which the Association can levy and collect fines from its Members for violations of the applicable rules and regulations; and

(e) disclaimers of liability for any and all matters or occurrences on or related to the Common Property.

#### ARTICLE IX

##### CONSTRUCTION OF IMPROVEMENTS AND USE OF LOTS - PROTECTIVE COVENANTS

The Property (and each Lot situated therein) shall be occupied and used as follows:

9.01. Residential Use. All Lots (excluding, however, those platted lots on which certain Common Properties will be located) shall be used for residential purposes only. No building or structure shall be erected, altered, placed or permitted to remain on any Lot other than a single-family dwelling and a private garage for two (2) or more automobiles. No building or structure on any Lot shall exceed three (3) stories in height.

9.02. Minimum Floor Space. The main structure on each Lot shall contain the minimum square footage, exclusive of porches, garages and other out-buildings, as set forth below:

<u>Block</u>	<u>Lots</u>	<u>Minimum Square Footage</u>
1-4	(all)	2600
5	1-9	3200
5	10-23	2800
6	(all)	3200
7	(all)	2800
8	(all)	3200
9	(all)	3200
10	(all)	4000

9.03. Garages and Porte Cocheres. Each single-family residential dwelling erected on any Lot shall provide garage space or porte cochere for a minimum of two (2) conventional automobiles. No garage shall directly face a residential street or any of the Common Properties. Porte cocheres must be approved in writing by the Architectural Control Committee (hereinafter defined as the "Committee").

9.04. Roofs. All roofs shall be (i) constructed of cedar wood shingles, wood shake, slate or other three-dimensional

material with a color and physical appearance resembling new or weathered cedar wood shingles, (ii) approved by the Committee, and (iii) otherwise be in compliance in all respects with applicable City of Fort Worth ordinances. The roof pitch of any structure shall be eight (8) feet by twelve (12) feet minimum and twelve (12) feet by twelve (12) feet maximum.

9.05. Building Lines. All residences or dwellings erected or placed on any Lot shall face the road or street adjacent to the Lot as shown on the recorded plat of the Property or as prescribed in the deed from Declarant conveying the Lot. No portion of such dwelling or residence shall be nearer to the front property line of said Lot than as designated on the recorded plat of the Property. No structure or improvement of any kind shall be nearer to the side property line of any Lot than as designated on the recorded plat of the Property. No structure or improvement of any kind shall be constructed or placed upon any Lot outside any perimeter fencing upon such Lot.

9.06. Fences. No chain link fences or other wire type fences shall be erected or located on any Lot so as to be visible from the front, side or rear of the Lot. No fence, wall or hedge shall be erected, placed or altered on any Lot nearer to any street than the minimum building setback line indicated on the recorded plat of the Property. No fence, wall or hedge shall exceed eight (8) feet in height unless otherwise specifically required by the City of Fort Worth. Wood fencing approved by the Committee will be allowed to extend from the outer perimeter of a home to the side property line a distance not to exceed approximately ten percent (10.0%) of the Lot width on any side of the home. The Committee may allow some flexibility on this dimension in the case of pie-shaped or irregularly shaped Lots. This wood fencing will be allowed only if such fence is to be located between the front and rear boundaries of the dwelling and approval will be subject to thorough consideration of the effect such proposed fencing might have on adjoining Lots and/or dwellings. In addition, such wood fencing must be recessed from the front building line of the dwelling a minimum distance of ten (10) feet. Any fencing located from the front of the Lot to the back of the Lot (perpendicular to front property line) may be of wood material; provided, however, that all such wood fencing, regardless of location, shall (i) be double-faced (i.e., no stringers or posts shall be visible from any residential street), (ii) be composed of cedar or redwood, (iii) have slats measuring between four (4) and eight (8) inches wide which are installed vertically only (not horizontally or diagonally), (iv) have an even flat top and (v) not be painted or stained (except with a clear stain) on any surface which faces a street, alley or adjoining Lot unless otherwise approved by the Committee. Where a fence faces a street, it must be built with brick pillars at approximately every eight (8) feet separating the wood sections. All service and sanitation facilities must be enclosed within fences, walls or landscaping so as not to be visible from any residential street.

Fences on Lots adjacent to lakes, golf course property or any greenbelt must be ornamental in nature and must be approved by the Committee. Given the great variety of potential fencing and screening configurations and materials, it is understood that the fencing restrictions contained in this Section 9.06 may not be exhaustive; therefore, no fence, wall or hedge shall be erected, placed or altered on any Lot without the approval of the Committee.

9.07. Signs. No sign or signs shall be displayed to the public view on any Lot, except that: (1) any builder, during the applicable initial construction and sales period, may utilize one professional sign (of not more than nine (9) square feet in size) per Lot for advertising and sales purposes,

provided that such sign must be approved by the Committee; (2) thereafter, a dignified "for sale" or "for rent" sign (of not more than nine (9) square feet in size) may be utilized by the Owner of the respective Lot for the applicable sale or rent situation; (3) development-related signs owned or erected by Declarant shall be permitted; and (4) signs displaying the name of a security company shall be permitted, provided that such signs are (i) ground mounted, (ii) limited to two (2) in number (one in the front yard and one in the back yard); (iii) of a reasonable size; and (iv) subject to the prior written approval of the Committee. Signs which are temporary in nature, (i.e. "garage sale" signs), shall only be permitted for a specified period of time upon approval by the Committee of a written request by the individual Lot Owner describing the nature of the sign and the time period for which it will be displayed.

**9.08. Easements; Utilities.** All streets, alleys and easements shown on the recorded plat of the Property have been reserved for the purposes indicated. No Owner may erect any structure of any type whatsoever in these easement areas, nor may an Owner use the surface of an easement area for any private use. With respect to these easement areas, as well as any other areas described within recorded easement documents, and the Common Properties, any and all bona fide public utility service companies (including, but not limited to, General Telephone Company, Lone Star Gas Company and Texas Power and Light Company) shall have the right of access, ingress, egress, regress and use of the surface estate for the installation and maintenance of utility facilities.

Except as to special street lighting or other aerial facilities which may be required by the City of Fort Worth or may be required by the franchise of any utility company, no aerial utility facilities of any type (except meters, risers, service pedestals and other surface installations necessary to maintain or operate appropriate underground facilities) shall be erected or installed within the Property, whether upon Lots, easements, streets, or rights-of-way of any type, either by the utility company or any other person or entity, (including but not limited to any person owning or acquiring any part of the Property) and all utility service facilities (including but not limited to water, sewer, gas, electricity and telephone) shall be buried underground, under recreational easements, Common Properties, streets, or utility easement areas for the purpose of serving any structure located on any part of the Property.

**9.09. Temporary Structures.** No temporary structure of any kind shall be erected or placed upon any Lot. Temporary structures shall include, but not be limited to, any garage, servant's house or other improvement erected more than one hundred twenty (120) days prior to the completion of the main portion of the single-family dwelling. However, any Class B Member may maintain temporary sales or construction offices, provided such sales or construction offices are removed within sixty (60) days after completion of sales or construction, as the case may be.

**9.10. Vehicles.** Any truck, bus, boat, boat trailer, trailer, mobile home, motor home, campmobile, camper, motorcycle or any motorized vehicle other than a conventional automobile shall be stored, placed or parked within the garage of the appropriate Owner or so as to be completely hidden from view.

Trucks with tonnage in excess of three-quarters (3/4) ton shall not be permitted to park overnight on the streets, driveways or otherwise within the Property. No vehicle of any size which transports inflammatory or explosive cargo may be parked or stored within the Property at any time.

9.11. Garbage; Weeds. No Lot shall be used or maintained as a dumping ground for rubbish, trash or garbage. All garbage shall be kept in city approved containers. All garbage containers shall be placed at the intersection of the rear alley and driveway on the day of collection or, for those Owners whose Lots do not have rear alleys, such garbage containers shall be placed on the street in front of their dwelling on the day of collection, and shall otherwise be in compliance with applicable ordinances of the City of Fort Worth.

If after ten (10) days prior written notice an Owner shall fail to: (i) control weeds, grass and/or other unsightly growth; (ii) remove trash, rubble, building and construction debris; or (iii) exercise reasonable care or conduct to prevent or remedy an unclean, untidy or unsightly condition, then Declarant or the Board shall have the authority and right to go onto said Lot for the purpose of mowing and cleaning said Lot and shall have the authority and right to assess and collect from the Owner of such Lot a sum not to exceed five hundred dollars (\$500.00) for mowing or cleaning said Lot on each respective occasion of such mowing or cleaning. The assessments, together with interest (at the highest permitted lawful rate per annum) thereon and any costs of collection thereof, shall be a charge on the Lot and shall be a continuing lien upon the Lot against which such assessment is made. Each such assessment, together with interest thereon and costs of collection thereof, shall also be the continuing personal obligation of the Owner of such Lot at the time when the assessment occurred. The lien securing any such assessment shall be subordinate and inferior to the lien of any mortgage and any renewals or extensions thereof existing prior to the assessment date.

9.12. Construction Completion Time. In the event that a residence is partially or totally damaged by fire or other causes, the Owner of such residence must either rebuild the residence or completely clear the Lot. In the event the Owner desires to rebuild, the construction or restoration of the damaged residence, or portion thereof, must commence within one-hundred twenty (120) days after the occurrence causing the damage. No construction or restoration shall commence, however, until plans and specifications have been submitted to the Committee (and are subsequently approved) as required in Article X(b) hereof. In the event the Owner does not desire to rebuild, the Owner must clear away all remaining debris and restore the Lot to the condition in which it existed prior to the initial construction of the damaged residence.

9.13. Offensive Activities; Pets. No noxious or offensive activity shall be conducted on any Lot nor shall anything be done thereon which is or may become an annoyance or nuisance within the Property or any portion thereof. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot, except that dogs, cats or other household pets may be kept; provided that they are not kept, bred or maintained for commercial purposes and further provided that all Owners shall comply with the applicable ordinances of the City of Fort Worth.

9.14. Exterior Surfaces. The exterior surface of all residential dwellings shall be constructed of brick, brick veneer, stone or stone veneer, masonry, or wood siding or any combination thereof approved by the Committee. All exterior surfaces, especially any painted or stained wood surfaces, (including, without limitation, garage doors) must be maintained in good condition. Installation of all types of exterior items and surfaces such as address numbers or external ornamentation, lights, mail chutes, exterior paint or stain, shall be subject to the prior written approval of the Committee. The installation of solar panels on any roof or

other portion of a residence which is visible from any street, alley or adjoining Lot is expressly prohibited. All windows which are visible from any residential street shall be covered with draperies or blinds within thirty (30) days after the date on which the main structure is occupied. All tin foil and newspaper window coverings are expressly prohibited.

9.15. Antennas and Aerials. All television antennas and other antennas and aerials shall be located inside the attic or under the roof so as to be completely hidden from view. Satellite dishes shall be permitted only if they are not visible from any street, alley or Adjoining Lot and do not extend above the height of the fence located on the Lot upon which such satellite dish is situated. No towers shall be permitted.

9.16. Landscaping. Each residence shall be fully landscaped within one hundred twenty (120) days after the date on which the main structure is ninety-five (95.0%) complete. The landscaping of each Lot shall be principally grass and no landscaping plan shall be implemented until approval of the Committee has been obtained.

9.17. Retaining Walls. Retaining walls shall be constructed of concrete and shall be faced with brick or stone of the same type as that used on the dwelling.

9.18. Tennis Courts and Basketball Goals. Tennis courts are not expressly prohibited by the Committee, but shall only be allowed on certain Lots. The determination by the Committee to allow a tennis court on a Lot shall be based on factors such as the size of the Lot, the desired placement of the tennis court and the visibility of such tennis court from any Adjoining Lot. Any Owner desiring to construct a tennis court on his Lot must submit plans and specification in writing to the Committee as provided in Article X hereof. Basketball goals, backboards and nets shall only be permitted if they are not visible from any street.

9.19. Gazebos, Greenhouses, Storage Sheds and Clotheslines. No gazebo, greenhouse, storage shed, clothesline or other similar structure shall be erected, constructed or placed upon any Lot without prior written approval by the Committee.

9.20. Mail Boxes. All mail boxes, unless affixed to the dwelling house, shall be affixed to a substantial pole or stand permanently placed in the ground, and such mail boxes and supporting poles or stands shall be of a design approved in writing by the Committee and shall comply with all applicable laws and ordinances.

9.21. Pool Equipment. No pool may be erected, constructed or installed without the prior written consent of the Committee. Above-ground pools are expressly prohibited. All pool service equipment shall be fenced and located in either (a) a side yard between the front and rear boundaries of the dwelling, or (b) in the rear yard adjacent to the dwelling; and shall not be visible from any residential street or alley or any Adjoining Lot.

9.22. Utility Meters and Air-Conditioning Compressors. All utility meters, equipment, air-conditioning compressors, evaporative coolers and similar items must be located in areas designated by the Committee and must be screened from view as required by the Committee.

## ARTICLE X

### ARCHITECTURAL CONTROL

Architectural Control shall be supervised by an Architectural Control Committee, hereinafter called the "Committee", consisting of either the Construction Group, as hereinafter described, or the Board, in the following manner:

(a) The Construction Group shall consider and may act as the Committee only with respect to requests for approvals or variances made by or on behalf of Class B Members. Any requests for approvals or variances made by or on behalf of Class A Members must be considered and acted upon only by the Board, under which circumstances, the Board will be acting as the Committee. Provided, however, that for purposes of this Section, a Class B Member shall be treated as a Class A Member commencing upon occupancy of the residence constructed on such Class B Member's Lot.

(i) The Construction Group shall be composed of three (3) or more individuals selected and appointed by Declarant. The Construction Group shall use its best efforts to promote and ensure a high level of quality, harmony and conformity throughout the Property.

A majority of the Construction Group's members may act on behalf of the entire Construction Group. In the event of the death or resignation of any member of the Construction Group, the remaining members shall have full authority to designate and appoint a successor. No member of the Construction Group shall be entitled to any compensation for service performed hereunder and neither the Construction Group nor any of its members shall be liable to any Owner, for any claims, causes of action or damages of what ever kind (except where occasioned by gross negligence) arising out of service performed, actions taken, or inaction in connection with any undertaking, responsibility, or activity hereunder or request for same.

(ii) The Board shall function as the representative of the Owners of the Lots for the purposes herein set forth, as well as for all other purposes consistent with the creation and preservation of a first-class residential development. The Board shall use its best efforts to promote and ensure a high level of quality, harmony and conformity throughout the Property.

A majority of the members of the Board may act on behalf of the entire Board or the Board may appoint an advisory committee to act on behalf of the Board. No member of the Board or of any advisory committee shall be entitled to any compensation for service performed hereunder and neither the Board, any of its members, nor the members of any advisory committee shall be liable to any Owner, for any claims, causes of action or damages of what ever kind (except where occasioned by gross negligence) arising out of service performed, actions taken, or inaction in connection with any undertaking, responsibility, or activity hereunder or request for same.

(b) No building, structure, fence, wall or improvement of any kind or nature shall be erected, placed or altered on any Lot until all plans and specifications and/or a plot plan have been submitted to and approved in writing by the Committee as to:

(i) quality of workmanship and materials; adequacy of site dimensions; adequacy of structural design; proper facing of main elevation with respect to nearby streets;

(ii) conformity and harmony of the external design, color, type and appearance of exterior surfaces and landscaping;

(iii) location with respect to topography and finished grade elevation and effect of location and use on neighboring Lots and improvements situated thereon and any drainage arrangement;

(iv) the other standards set forth within this Declaration (and any amendments hereto) or as may be set forth within bulletins promulgated by the Committee, or matters in which the Committee has been vested with the authority to render a final interpretation and decision.

(c) Final plans and specifications shall be submitted in duplicate to the Committee for approval or disapproval. At such time as the plans and specifications meet the approval of the Committee, one complete set of plans and specifications will be retained by the Committee and the other complete set of plans will be marked "Approved" and returned to the Owner or his designated representative marked "Approved", and accompanied by a statement of complete approval or approval based on certain conditions and specifications. If found not to be in compliance with these Covenants and Restrictions, one set of such plans and specifications shall be returned marked "Disapproved", accompanied by a reasonable statement of items found not to comply with these Covenants and Restrictions. Any modification or change to the approved set of plans and specifications must again be submitted to the Committee for its inspection and approval. The approval or disapproval of the Committee, as required herein, shall be narrative and in writing. If the Committee, or its respective designated representative, fails to approve or disapprove such plans and specifications within thirty (30) days after the date of submission, then approval shall be presumed; provided, however, that no such approval shall be presumed if the request is submitted by or on behalf of a Class B Member to the Board as the Committee or if the request is submitted by or on behalf of a Class A Member to the Construction Group as the Committee. Further provided, however, that nothing in this paragraph shall affect in any way the method for seeking or granting variances, as described in the following paragraph, nor shall any failure of the Committee to act on a variance request within any particular period of time constitute the granting or approval of any such variance request.

(d) Upon submission of a written narrative request for same, the Committee may, from time to time, in its sole discretion, permit Owners to construct, erect, or install improvements which are in variance from the Covenants or Restrictions which are provided in this Declaration or which may be promulgated in the future. In any case, however, such variances shall be in basic conformity with and shall blend effectively with the general architectural style and design of the community. No member of the Committee shall be liable to any Owner or other person claiming by, through, or on behalf of any Owner, for any claims, causes of action, or damages arising out of the granting or denial of, or other action or failure to act upon, any variance request by any Owner or any person acting for or on behalf of any Owner. Each request for a variance submitted hereunder shall be reviewed separately and apart from other such requests and the grant of a variance to any Owner shall not constitute a waiver of the Committee's right to strictly enforce these Covenants and Restrictions against any other Owner. Each such written request must identify and set forth in narrative detail the specific restriction or standard from which a variance is sought and describe in complete detail the exact nature of the variance sought. Any grant of a variance by the Committee must be in

writing and must identify in narrative detail both the standard from which a variance is being sought and the specific variance being granted. Any variance granted by the Committee shall be considered a rule made under this Declaration.

(e) The Committee may from time to time publish and promulgate architectural standards bulletins which shall be fair, reasonable and uniformly applied and shall carry forward the spirit and intention of these Covenants and Restrictions; provided, however, that the Construction Group may publish such bulletins only with respect to Class B Members and the Board may do so only with respect to Class A Members. Such bulletins shall supplement these Covenants and Restrictions and are incorporated herein by reference. Although the Committee shall not have unbridled discretion with respect to taste, design and any absolute standards specified herein, the Committee shall be responsive to technological advances or general changes in architectural designs and related conditions in future years and use its best efforts to balance the equities between matters of taste and design (on the one hand) and use of private property (on the other hand).

##### EASEMENTS

11.01. Utility Easements. Easements for installation, maintenance, repair and removal of utilities and drainage facilities over, under and across the Property are reserved as set forth in Section 9.08 above. Full rights of ingress and egress shall be had by Declarant and any bona fide utility company at all times over the easement areas for the installation, operation, maintenance, repair or removal of any utility together with the right to remove any obstruction that may be placed in such easement that would constitute interference with the use of such easement, or with the use, maintenance, operation or installation of such utility.

11.02. Ingress, Egress and Maintenance by the Association. Full rights of ingress and egress shall be had by the Association at all times over and upon the Common Properties for the purpose of maintaining the Common Properties as set forth herein.

11.03. Police Power Easement. With respect to the Common Properties and streets, easements and rights-of-way within the Property, the City of Fort Worth and all other governmental agencies and authorities shall have full rights of ingress, egress, regress and access for personnel and emergency vehicles for maintenance, police and fire protection, drainage and other lawful police powers designed to promote the health, safety and general welfare of the residents within the Property.

#### ARTICLE XI

##### GENERAL PROVISIONS

12.01 Registration with the Association. In order that Declarant and the Association can properly acquaint every Lot purchaser and every Owner with these Covenants and Restrictions and the day-to-day matters within the Association's jurisdiction, no acquisition of any Lot within the Property shall become effective until and unless:

(a) the then-existing "Closing Information Package" has been properly executed by the Association, Declarant and the Purchaser/Transferee; and

(b) all directives by the Association and Declarant have been properly and timely followed.

Each and every Owner shall have an affirmative duty and obligation to originally provide, and thereafter revise and update, within fifteen (15) days after a material change has occurred, various items of information to the Association such as: (a) the full name and address of the Owner; (b) the full name of each individual family member who resides within the residential dwelling of the Owner; (c) the business address, occupation and telephone numbers of each Owner; (d) the description and license plate number of each automobile owned or used by Owner and brought within the Property; (e) the name, address and telephone numbers of other local individuals who can be contacted (in the event the Owners cannot be located) in case of an emergency; and (f) such other information as may be reasonably requested from time to time by the Association.

**12.02 Power of Attorney.** Each and every Owner hereby makes, constitutes and appoints Declarant as his/her true and lawful attorney-in-fact, coupled with an interest and irrevocable, for him/her and in his/her name, place and stead and for his/her use and benefit, to do the following:

(a) to exercise, do or perform any act, right, power, duty or obligation whatsoever in connection with, arising out of, or relating to any matter whatsoever involving this Declaration and the Property;

(b) to sign, execute, acknowledge, deliver and record any and all instruments which modify, amend, change, enlarge, contract or abandon the terms within this Declaration, or any part hereof, with such clause(s), recital(s), covenant(s), agreement(s) and restriction(s) as Declarant shall deem necessary, proper and expedient under the circumstances and conditions as may be then existing; and

(c) to sign, execute, acknowledge, deliver and record any and all instruments which modify, amend, change, enlarge, contract or abandon the subdivision plat(s) of the Property, or any part thereof, with any easements and rights-of-way to be therein contained as the Declarant shall deem necessary, proper and expedient under the conditions as may then be existing.

The rights, powers and authority of said attorney-in-fact to exercise any and all of the rights and powers herein granted shall commence and be in full force upon recordation of this Declaration in the Tarrant County Clerk's Office and shall remain in full force and effect thereafter until the fifteenth (15th) anniversary of the recordation of this Declaration.

**12.03. Duration.** The Covenants and Restrictions of this Declaration shall run with and bind the land subject to this Declaration, and shall inure to the benefit of and be enforceable by the Association and/or the Owners subject to this Declaration, their respective legal representatives, heirs, successors, and assigns, for a term ending January 1, 2050, after which time said covenants shall be automatically extended for two (2) successive periods of ten (10) years each unless an instrument signed by not less than seventy-five percent (75.0%) of the then Owners has been recorded, agreeing to abolish the Covenants and Restrictions in whole or in part; provided, however, that no such agreements to abolish shall be effective unless made and recorded thirty (30) days in advance of the effective date of such change; and unless written notice of the proposed agreement to abolish is sent to every Owner at least ninety (90) days in advance of any action taken.

12.04. Amendments. Except as provided in Section 12.03 of this Article XII, the Covenants and Restrictions of this Declaration may be amended and/or changed in whole or in part, only with the consent of Declarant and seventy-five percent (75.0%) of the other Owners, evidenced by a document in writing bearing each of their signatures, and duly recorded in the land records of Tarrant County, Texas; or by a resolution passed by the majority of the Board evidencing the consent of seventy-five percent (75.0%) of the Owners and authorizing the President of the Association to execute such document.

12.05. Enforcement. Enforcement of these Covenants and Restrictions shall be by a proceeding initiated by any Owner, any member of the Construction Group or the Board or by the City of Fort Worth, against any person or persons violating or attempting to violate any Covenant or Restriction contained herein, either to restrain or enjoin violation or to recover damages for the violation, or both, or to enforce any lien created by this instrument. The Construction Group, and each of its appointed members, shall have an election and right, but not an obligation or duty, to enforce these Covenants and Restrictions by a proceeding or proceedings at law or in equity. Notwithstanding any provision to the contrary in this Declaration, Declarant shall not have any duty, obligation, or responsibility to enforce any of these Covenants and Restrictions. Failure by any party to enforce any Covenant or Restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. With respect to any litigation hereunder, the prevailing party shall be entitled to recover reasonable attorney's fees from the nonprevailing party. Further, and with respect to any litigation brought against the Construction Group, the Board or any of their members or representatives arising out of any action, failure to act, or performance or non-performance of duties imposed hereby, by the Construction Group, the Board or their members or representatives, the Construction Group, the Board and/or their members or representatives so sued shall be entitled to recover their reasonable attorneys' fees from the person or entity bringing such action against it or them, unless the Construction Group, the Board or their members or representatives shall specifically be adjudicated liable to such claimant.

12.06. Imposition of Violation Fines. In the event that any person fails to cure (or fails to commence and proceed with diligence to completion) the work necessary to cure any violation of the Covenants and Restrictions contained herein within ten (10) days after receipt of written notice from the Board designating the particular violation, the Board shall have the power and authority to impose upon that person a fine for such violation (the "Violation Fine") not to exceed five hundred dollars (\$500.00). If, after the imposition of the Violation Fine, the violation has not been cured or the person has still not commenced the work necessary to cure such violation, the Board shall have the power and authority, upon ten (10) days written notice, to impose another Violation Fine which shall also not exceed five hundred dollars (\$500.00). There shall be no limit to the number or the aggregate amount of Violation Fines which may be levied against a person for the same violation. The Violation Fines, together with interest at the highest lawful rate per annum and any costs of collection, including attorneys' fees, shall be a continuing lien upon the Lot against which such Violation Fine is made.

12.07. Severability. If any one of these Covenants or Restrictions is held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining Covenants and Restrictions shall not be affected thereby.

12.08. Headings. The headings contained in this Declaration are for reference purposes only and shall not in any way affect the meaning or interpretation of this Declaration.

12.09. Notices to Owners. Any notice required to be given to any Owner under the provisions of this Declaration shall be deemed to have been properly delivered when deposited in the United States mails, postage prepaid, addressed to the last known address of the person who appears as an Owner on the records of the Association at the time of such mailing.

12.10 Proposals of Declarant. The proposals of Declarant, as set forth in various provisions hereinabove, to develop additional parcels of property for residential purposes and/or expand the Common Properties (not only geographically but also in terms of the types of amenities available for use) and items of a related nature are mere proposals and expressions of the existing good faith intentions and plans of Declarant and shall not be deemed or construed as promises, solicitations, inducements, contractual commitments or material representations by Declarant upon which any person or entity can or should rely.

12.11. Disputes. Matters of dispute or disagreement between Owners with respect to interpretation or application of the provisions excluding Article IX and issues concerning "substantial completion") of this Declaration or the Association Bylaws, shall be determined by the Board. Matters pertaining to Articles IX and issues concerning "substantial completion" shall be determined by the Committee. These respective determinations (absent arbitrary and capricious conduct or gross negligence) shall be final and binding upon all Owners.

- 2) The owners of Lots 10, 11, 17, 18, 26, 27, 28 and 29 in Block 15 are further restricted from constructing a retaining wall (structural or otherwise) except as specified in these Supplementary Restrictions. Any retaining wall constructed on the aforescribed lots by the owner, whether by choice of owner or as required by the Architectural Control Committee of the Association, must be constructed of limestone consistent with the landscaping existing in the common areas and other street medians within the Mira Vista Addition as well as on the adjoining Mira Vista Golf Club, L.C.
- 3) In order to promote the general safety and welfare of all lot owners in the Mira Vista Addition, the owners of Lots 22, 23, 24, 25 and 26 in Block 15 of the Mira Vista Addition are expressly required to maintain that portion of perimeter fencing erected by Declarant affecting their particular lot; provided, however that each of the foregoing lot owners may replace or modify the original fencing erected by Declarant so long as:
  - a) the replacement fencing and/or modification to the original fencing maintains the integrity of the security of the Mira Vista Addition for all lot owners including but not limited to lots immediately adjacent to any of the above described lots;

- b) any replacement fencing is erected along a line or boundary substantially identical to the original perimeter fencing erected by Declarant;
- c) the plans, style, design or type of replacement fencing or modifications to the original perimeter fencing are approved, in advance, by the Architectural Control Committee of the Mira Vista Homeowners Association, Inc.

All capitalized terms used in this Supplementary Declaration, except as otherwise defined herein, shall have the same meaning as set forth in the Declaration.

All improvements on any lot in the Additional Property, including, without limitation, any residence, building or other structure erected on the Lot, and the grading, landscaping and other improvements thereon, may only be undertaken or constructed after specific approval thereof by the Architectural Control Committee in accordance with the provisions of the Declaration and the rules, regulations, standards, guidelines and requirements promulgated by the Architectural Control Committee (collectively referred to as the "Design Guidelines"). In the event of any conflict in the provisions of the Design Guidelines and the Declaration (including, but not limited to, Articles IX and X thereof), the provisions of the Design Guidelines and the decisions of the Architectural Control Committee shall be controlling.

Upon recordation of this Supplementary Declaration, the Additional Property shall be deemed annexed to the Property, thereby subjecting the Additional Property in all respects to the Declaration and to the jurisdiction, functions, duties, memberships and powers of the Association, and thereafter the Additional Property shall be part of the Property for all intents and purposes and all of the Owners of Lots in the Additional Property shall automatically be Owners or Members of the Association as provided in the Declaration.

IN WITNESS WHEREOF, Declarant has caused this Supplementary Declaration to be duly executed.

OF COVENANTS, CONDITIONS AND RESTRICTIONS  
MIRA VISTA**

This Supplementary Declaration of Covenants, Conditions and Restrictions ("Supplementary Declaration") is made as of June 10, 1996, by MIRA VISTA DEVELOPMENT CORP., a Texas corporation (herein called "Declarant").

**WHEREAS**, Mira Vista Development Corp., assignee from Mira Vista Investors, L.P., a Texas Limited Partnership, is the successor to, and current holder of, all of the rights of the "Declarant" under the Declaration of Covenants, Conditions and Restrictions for Mira Vista (the "Declaration"), dated as of September 21, 1987, and recorded September 21, 1987, in Volume 9074, Page 1082 et seq., of the Deed Records of Tarrant County, Texas; and

**WHEREAS**, Declarant is the record owner of that certain real property situated in Tarrant County, Texas, described in Exhibit "A" hereto (the "Additional Property"); and

**WHEREAS**, Declarant desires to submit and subject the Additional Property, together with all buildings, improvements and other permanent fixtures of whatever kind now or hereafter located thereon, and all easements, rights, appurtenances and privileges belonging or in any way pertaining thereto, to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights contained in the Declaration and to annex the Additional Property into the Property and the scheme of the Declaration in accordance with Section 2.02(a) of the Declaration.

**NOW THEREFORE**, the Declarant declares that the Additional Property is hereby annexed into Mira Vista pursuant to Section 2.02(a) of the Declaration and shall hereafter be a part of the Property, and shall be held, transferred, sold, conveyed, leased, occupied and used subject to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights set forth in the Declaration, all of which shall run with the land and be binding upon the Additional Property and all parties having or acquiring any right, title or interest in or to the Additional Property, or any part thereof, and shall inure to the benefit of each person having at any time any interest or estate in the Property, or any part thereof, and the Mira Vista Homeowners Association, Inc. **WHEREAS**, Mira Vista Development Corp., assignee from Mira Vista Investors, L.P., a Texas Limited Partnership, is the successor to, and current holder of, all of the rights of the "Declarant" under the Declaration of Covenants, Conditions and Restrictions for Mira Vista (the "Declaration"), dated as of September 21, 1987, and recorded September 21, 1987, in Volume 9074, Page 1082 et seq., of the Deed Records of Tarrant County, Texas; and

**WHEREAS**, Declarant is the record owner of that certain real property situated in Tarrant County, Texas, described in Exhibit "A" hereto (the "Additional Property"); and

**WHEREAS**, Declarant desires to submit and subject the Additional Property, together with all buildings, improvements and other permanent fixtures of whatever kind now or hereafter located thereon, and all easements, rights, appurtenances and privileges belonging or in any way pertaining thereto, to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights contained in the Declaration and to annex the Additional Property into the Property and the scheme of the Declaration in accordance with Section 2.02(a) of the Declaration.

**NOW THEREFORE**, the Declarant declares that the Additional Property is hereby annexed into Mira Vista pursuant to Section 2.02(a) of the Declaration and shall hereafter be a part of the Property, and shall be held, transferred, sold, conveyed, leased, occupied and used subject to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights set forth in the Declaration, all of which shall run with the land and be binding upon the Additional Property and all parties having or acquiring any right, title or interest in or to the Additional Property, or any part thereof, and shall inure to the benefit of each person having at any time any interest or estate in the Property, or any part thereof, and the Mira Vista Homeowners Association, Inc. (the "Association").

Declarant further declares that the Additional Property is subject to the following supplemental covenants, conditions and restrictions:

- 1) In order to promote the general safety and welfare of all lot owners in the Mira Vista Addition, the owners of Lots 40, 41, 42, 43 and 44, of Block 20, Mira Vista Additions to the City of Fort Worth, are expressly prohibited and restricted from constructing any roadway, driveway, alley or other means of ingress and egress which would permit vehicular access to and from the foregoing lots on to Saucon Valley Drive. - 2) The owners of Lots 40, 41, 42, 43 and 44, in Block 20 are further restricted from constructing a retaining wall (structural or otherwise) except as specified in these Supplementary Restrictions. Any retaining wall constructed on the aforescribed lots by the owner, whether by choice of owner or as required by the Architectural Control Committee of the Association, must be constructed of limestone consistent with the landscaping existing in the common areas and other street medians within the Mira Vista Addition as well as on the adjoining Mira Vista Golf Club, L.C.

All fencing within the aforescribed areas on the above described lots shall be constructed with open, transparent ornamental iron, painted black, comprising at least eighty percent (80%) of the affected linear side and rear boundaries of the lots and complying with all Design Guidelines adopted by Declarant and the Mira Vista Homeowners Association, Inc.

All capitalized terms used in this Supplementary Declaration, except as otherwise defined herein, shall have the same meaning as set forth in the Declaration.

All improvements on any lot in the Additional Property, including, without limitation, any residence, building or other structure erected on the Lot, and the grading, landscaping and other improvements thereon, may only be undertaken or constructed after specific approval thereof by the Architectural Control Committee in accordance with the provisions of the Declaration and the rules, regulations, standards, guidelines and requirements

OF COVENANTS, CONDITIONS AND RESTRICTIONS  
MIRA VISTA**

This Supplementary Declaration of Covenants, Conditions and Restrictions ("Supplementary Declaration") is made as of May 30, 1997, by MIRA VISTA DEVELOPMENT CORP., a Texas corporation (herein called "Declarant").

WHEREAS, Mira Vista Development Corp., assignee from Mira Vista Investors, L.P., a Texas Limited Partnership, is the successor to, and current holder of, all of the rights of the "Declarant" under the Declaration of Covenants, Conditions and Restrictions for Mira Vista (the "Declaration"), dated as of September 21, 1987, and recorded September 21, 1987, in Volume 9074, Page 1082 et seq., of the Deed Records of Tarrant County, Texas; and

WHEREAS, Declarant is the record owner of that certain real property situated in Tarrant County, Texas, described in Exhibit "A" hereto (the "Additional Property"); and

WHEREAS, Declarant desires to submit and subject the Additional Property, together with all buildings, improvements and other permanent fixtures of whatever kind now or hereafter located thereon, and all easements, rights, appurtenances and privileges belonging or in any way pertaining thereto, to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights contained in the Declaration and to annex the Additional Property into the Property and the scheme of the Declaration in accordance with Section 2.02(a) of the Declaration.

NOW THEREFORE, the Declarant declares that the Additional Property is hereby annexed into Mira Vista pursuant to Section 2.02(a) of the Declaration and shall hereafter be a part of the Property, and shall be held, transferred, sold, conveyed, leased, occupied and used subject to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights set forth in the Declaration, all of which shall run with the land and be binding upon the Additional Property and all parties having or acquiring any right, title or interest in or to the Additional Property, or any part thereof, and shall inure to the benefit of each person having at any time any interest or estate in the Property, or any part thereof, and the Mira Vista Homeowners Association, Inc. (the "Association").

PHASE 22

Declarant further declares that the Additional Property is subject to the following supplemental covenants, conditions and restrictions:

- 1) The owners of Lots 8 through 15, Block 29 of the Mira Vista Addition to the City of Fort Worth, are restricted from constructing fencing on any side or rear boundary of their respective lots which abut any portion of the golf course, open spaces or scenic areas, whereby said fencing obstructs or otherwise impairs adjoining lot owners' views of the golf course, open spaces or scenic views of the adjacent areas. All fencing for the side and rear boundaries on the above described lots which are restricted as specified herein must be approved by the Architectural Control Committee of the Association and shall be constructed (i) with open, transparent, ornamental iron, painted black, comprising at least eighty percent (80%) of the affected linear side and rear boundaries of the lots and complying with all Design Guidelines adopted by Declarant and the Architectural Control Committee of the Mira Vista Homeowners Association, Inc; and (ii) in a manner so as to not obstruct or otherwise impair adjoining lot owners' views of the golf course, open spaces or scenic views or adjacent areas at a common corner of adjacent lots beginning at a point twelve (12) feet from a corner of a restricted lot.
- 2) The owners of Lots 8 through 15, Block 29 of the Mira Vista Addition to the City of Fort Worth, are further restricted from constructing a retaining wall (structural or otherwise) except as specified in these Supplementary Restrictions. Any retaining wall constructed on the aforescribed lots by the owner, whether by choice of owner or as required by the Architectural Control Committee of the Association, must be constructed of limestone consistent with the landscaping existing in the common areas and other street medians within the Mira Vista Addition as well as on the adjoining property owned by Mira Vista Golf Club, L.C.
- 3) The owners of Lots 16 through 21, Block 29 of the Mira Vista Addition to the City of Fort Worth, are required to construct fencing on the side of their respective lot which adjoins Saucon Valley Drive pursuant to and in conformance with the standard design previously adopted by Declarant and the Architectural Control Committee of the Mira Vista Homeowners Association, Inc. attached hereto as Exhibit "B".
- 4) In order to promote the general safety and welfare of all lot owners in the Mira Vista Addition, the owners of Lots 16 through 21, Block 29, Mira Vista Addition to the City of Fort Worth, are expressly prohibited and restricted from constructing any roadway, driveway, alley or other means of ingress and egress which would permit vehicular access to and from the foregoing lots on to Saucon Valley Drive. The owners of the foregoing lots are further prohibited and restricted from either entering or exiting their respective lots if such entrance or exit is made directly from or to Saucon Valley Drive.

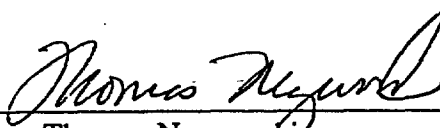

All capitalized terms used in this Supplementary Declaration, except as otherwise defined herein, shall have the same meaning as set forth in the Declaration.

All improvements on any lot in the Additional Property, including, without limitation, any residence, building or other structure erected on the Lot, and the grading, landscaping and other improvements thereon, may only be undertaken or constructed after specific approval thereof by the Architectural Control Committee in accordance with the provisions of the Declaration and the rules, regulations, standards, guidelines and requirements promulgated by the Architectural Control Committee (collectively referred to as the "Design Guidelines"), including, but not limited to the Design Guidelines Supplement for Garden Home Parcels (the "Supplement"). In the event of any conflict in the provisions of the Design Guidelines, the Supplement and the Declaration (including, but not limited to, Articles IX and X thereof), the provisions of the Design Guidelines, or where applicable, the Supplement, and the decisions of the Architectural Control Committee shall be controlling.

Upon recordation of this Supplementary Declaration, the Additional Property shall be deemed annexed to the Property, thereby subjecting the Additional Property in all respects to the Declaration and to the jurisdiction, functions, duties, memberships and powers of the Association, and thereafter the Additional Property shall be part of the Property for all intents and purposes and all of the Owners of Lots in the Additional Property shall automatically be Owners or Members of the Association as provided in the Declaration.

This Supplementary Declaration of Covenants, Conditions and Restrictions ("Supplementary Declaration") is made as of August 31, 1998, by Mira Vista Development Corp., a Texas corporation (herein called "Declarant").

**WHEREAS**, Mira Vista Development Corp., assignee from Mira Vista Investors, L.P., a Texas Limited Partnership, is the successor to, and current holder of, all of the rights of the "Declarant" under the Declaration of Covenants, Conditions and Restrictions for Mira Vista (the "Declaration"), dated as of September 21, 1987, and recorded September 21, 1987, in Volume 9074, Page 1082 et seq., of the Deed Records of Tarrant County, Texas; and

**WHEREAS**, Declarant is the record owner of that certain real property situated in Tarrant County, Texas, described in Exhibit "A" hereto (the "Additional Property"); and

**WHEREAS**, Declarant desires to submit and subject the Additional Property, together with all buildings, improvements and other permanent fixtures of whatever kind now or hereafter located thereon, and all easements, rights, appurtenances and privileges belonging or in any way pertaining thereto, to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights contained in the Declaration and to annex the Additional Property into the Property and the scheme of the Declaration in accordance with Section 2.02(a) of the Declaration.

**NOW THEREFORE**, the Declarant declares that the Additional Property is hereby annexed into Mira Vista pursuant to Section 2.02(a) of the Declaration and shall hereafter be a part of the Property, and shall be held, transferred, sold, conveyed, leased, occupied and used subject to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights set forth in the Declaration, all of which shall run with the land and be binding upon the Additional Property and all parties having or acquiring any right, title or interest in or to the Additional Property, or any part thereof, and shall inure to the benefit of each person having at any time any interest or estate in the Property, or any part thereof, and the Mira Vista Homeowners Association, Inc. (the "Association").

Declarant further declares that the Additional Property described below is subject to the following supplemental covenants, conditions and restrictions:

The owners of the following described lots, being Lots 11 through 17 in Block 30, Lots 1 through 12 in Block 31, Lots 5 through 8 in Block 32, Lots 1 through 6 in Block 33, Lots 1 through 32 [save and except Lot 25] in Block 34, Lots 1 through 20 in Block 36, are required to construct fencing on the side and rear of their respective lots which does not obstruct or otherwise impair adjoining lot owners' views of the golf course, open spaces or other scenic views of the adjacent areas, beginning at a point twelve (12) feet from the rear corners established by the intersection of the side and rear boundary lines of a restricted lot. All fencing within the aforescribed areas on the above described lots shall be constructed with open, transparent ornamental iron, painted black, comprising at least eighty percent (80%) of the affected linear side and rear boundaries of the lots and complying with all Design Guidelines adopted by Declarant and the Association.

The owner of Lot 1, Block 33, is further required, in the event fencing is desired along the side boundary adjacent to Saucon Valley Drive, to use limestone or other approved brick to create a solid wall no greater than 8' in vertical height and to landscape the exterior face of said wall with landscape material approved by the Architectural Control Committee of the Association.

The owners of Lots 11 through 17 in Block 30, Lots 1 through 12 in Block 31, Lots 5 through 8 in Block 32, Lots 1 through 6 in Block 33, Lots 1 through 33 [save and except Lot 25] in Block 34, Lots 1 through 20 in Block 36, are further restricted from constructing a retaining wall (structural or otherwise) except as specified in these Supplementary Restrictions. In order to promote the general safety and welfare of all lot owners in the Mira Vista Addition, the owners of Lots 11 through 17 in Block 30, and Lots 1 through 6 in Block 31, are expressly required to maintain that portion of perimeter fencing erected by Declarant on each of their respective lots or otherwise install such perimeter fencing where no such fence exists; provided, however that each of the foregoing lot owners may replace or modify the original fencing erected by Declarant so long as:

- a) the replacement fencing and/or modification to the original fencing maintain the integrity of the security of the Mira Vista Addition for all lot owners including but not limited to lots immediately adjacent to any of the above described lots;
- b) any replacement fencing is erected along a line or boundary substantially identical to the original perimeter fencing erected by Declarant;

- c) the plans, style, design or type of replacement fencing or modifications to the original perimeter fencing are approved, in advance, by the Architectural Control Committee of the Association.

The owners of Lots 23 through 32 [save and except Lot 25] in Block 34 are further restricted from constructing fencing on their respective lots which obstructs or otherwise impairs adjoining lot owners' view of the open spaces or scenic views of the adjacent areas, beginning at a point on the side boundary lines of each lot twelve (12) feet from the place of intersection of the side boundary line of a particular lot with the crown of the existing slope on such lot and including the horizontal line or curve comprising the crown of the exiting slope of each lot between the side boundary lines. **SUPPLEMENTARY DECLARATION  
OF COVENANTS, CONDITIONS AND RESTRICTIONS  
MIRA VISTA**

This Supplementary Declaration of Covenants, Conditions and Restrictions ("Supplementary Declaration") is made as of October 8, 1999, by Mira Vista Development Corp., a Texas corporation (herein called "Declarant").

**WHEREAS**, Mira Vista Development Corp., assignee from Mira Vista Investors, L.P., a Texas Limited Partnership, is the successor to, and current holder of, all of the rights of the "Declarant" under the Declaration of Covenants, Conditions and Restrictions for Mira Vista (the "Declaration"), dated as of September 21, 1987, and recorded September 21, 1987, in Volume 9074, Page 1082 et seq., of the Deed Records of Tarrant County, Texas; and

**WHEREAS**, Declarant is the record owner of that certain real property situated in Tarrant County, Texas, described in Exhibit "A" hereto (the "Additional Property"); and

**WHEREAS**, Declarant desires to submit and subject the Additional Property, together with all buildings, improvements and other permanent fixtures of whatever kind now or hereafter located thereon, and all easements, rights, appurtenances and privileges belonging or in any way pertaining thereto, to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights contained in the Declaration and to annex the Additional Property into the Property and the scheme of the Declaration in accordance with Section 2.02(a) of the Declaration.

**NOW THEREFORE**, the Declarant declares that the Additional Property is hereby annexed into Mira Vista pursuant to Section 2.02(a) of the Declaration and shall hereafter be a part of the Property, and shall be held, transferred, sold, conveyed, leased, occupied and used subject to the covenants, conditions, restrictions, easements, charges, liens, assessments, privileges and rights set forth in the Declaration, all of which shall run with the land and be binding upon the Additional Property and all parties having or acquiring any right, title or interest in or to the Additional Property, or any part thereof, and shall inure to the benefit of each person having at any time any interest or estate in the Property, or any part thereof, and the Mira Vista Homeowners Association, Inc. (the "Association").

Declarant further declares that the Additional Property described below is subject to the following supplemental covenants, conditions and restrictions:

1. The owners of Lots 15, 16, 18, 24, 25, 35, 37, 38 and 39, Block 37, are required to construct fencing on the side and rear of their respective lots which does not obstruct or otherwise impair adjoining lot owners' views of the adjoining public golf course, open spaces or other scenic views of the adjacent areas, beginning at a point twenty (20) feet from the rear corners established by the intersection of the side and rear boundary lines of a restricted lot. All fencing within the aforescribed areas on the above described lots shall be constructed with open, transparent ornamental iron, painted black, comprising at least eighty percent (80%) of the affected linear side and rear boundaries of the lots and complying with all Design Guidelines adopted by Declarant and the Association.
2. The owners of Lots 33, 34 and 35, Block 37, are restricted from constructing a residence or any other improvement which exceeds thirty-five (35) feet in true vertical height above the original natural grade directly below the point of measurement.
3. The owners of Lots 36 and 37, Block 37, are prohibited from constructing any improvement within that portion of such lots lying within the areas thereon designated as a Variable Width Drainage Easement in the Plat for the Additional Property recorded in Cabinet A, Slide 5360, Plat Records, Tarrant County, Texas; provided, however, subject to the prior written approval of the Association's Architectural Control Committee ("ACC"), a bridge or other structure may be constructed over such Variable Width Drainage Easement on Lot 36, Block 37.
4. In order to promote the general safety and welfare of all lot owners in the Mira Vista Addition, the owners of Lots 36, 37, 38 and 39, Block 37, are expressly required to maintain that portion of perimeter fencing erected by Declarant on each of their respective lots (other than any brick fencing) or otherwise install such perimeter fencing where no such fence exists; provided, however that each of the foregoing lot owners may replace or modify the original fencing erected by Declarant so long as:
  - a. the replacement fencing and/or modification to the original fencing maintain the integrity of the security of the Mira Vista Addition for all lot owners including but not limited to lots immediately adjacent to any of the above described lots;
  - b. any replacement fencing is erected along a line or boundary substantially identical to the original perimeter fencing erected by Declarant; and
  - c. the plans, style, design or type of replacement fencing or modifications to the original perimeter fencing are approved, in advance, by the ACC.
5. Lots 24 and 25, Block 37, are expressly prohibited and restricted from constructing any roadway, driveway, alley or other means of ingress and egress which would permit vehicular access to and from the rear easternmost boundary lines of said lots over and across Lot 4, Block 38A, to Sanctuary Heights Road. The owners of the foregoing lots are further prohibited and restricted from entering or exiting their respective lots if such entrance or exit is made across said Lot 4, Block 38A, from or to Sanctuary Heights Road.

400-300-1100

All capitalized terms used in this Supplementary Declaration, except as otherwise defined herein, shall have the same meaning as set forth in the Declaration.

All improvements on any lot in the Additional Property, including, without limitation, any residence, building or other structure erected on the Lot, and the grading, landscaping and other improvements thereon, may only be undertaken or constructed after specific approval thereof by the Architectural Control Committee in accordance with the provisions of the Declaration and the rules, regulations, standards, guidelines and requirements promulgated by the Architectural Control Committee (collectively referred to as the "Design Guidelines"). In the event of any conflict in the provisions of the Design Guidelines and the Declaration (including, but not limited to, Articles IX and X thereof), the provisions of the Design Guidelines and the decisions of the Architectural Control Committee shall be controlling.

Upon recordation of this Supplementary Declaration, the Additional Property shall be deemed annexed to the Property, thereby subjecting the Additional Property in all respects to the Declaration and to the jurisdiction, functions, duties, memberships and powers of the Association, and thereafter the Additional Property shall be part of the Property for all intents and purposes and all of the Owners of the lots constituting the Additional Property shall automatically be Owners or Members of the Association as provided in the Declaration.

IN WITNESS WHEREOF, Declarant has caused this Supplementary Declaration to be duly executed on the date first above written.

## I. STATEMENT OF PURPOSE

These MIRA VISTA DESIGN GUIDELINES have been created to provide direction to Lot Owners for the improvement of their properties, to establish thresholds for design quality and the suitable application of materials, and to insure sensitivity to each site's environment and its neighbors. These guidelines constitute the standards and requirements to which each Owner must adhere, subject to waivers or variances granted by the Architectural Control Committee (the "ACC"). Matters of compliance with the Association's governing documents, including these Guidelines, shall be determined by the ACC in its sole and absolute discretion.

These Design Guidelines are promulgated by the Architectural Control Committee in accordance with the *Declaration of Covenants, Conditions and Restrictions* for Mira Vista (the "Declaration" or "CCR's"), and pursuant to the authority granted therein to the Board of Directors of the Mira Vista Homeowners Association, Inc. (the "Association").

It is not the purpose of these Design Guidelines to create look-alike residences or improvements, or to suggest that they all be of similar style, color, or materials. To the contrary, the intent is to stimulate a rich and diverse variety of creative architectural styles, drawn from this common palette of materials, and blended together to form a vital residential community, compatible with its striking hillside setting.

It is expected that the design of each residence will evolve from and be tailored to the unique features of its specific Lot, incorporating studied consideration of existing slope, vegetation, views, and prominent site features. To that end, a comprehensive design review process (the "Design Review Process") has been established, encompassing the following five phases:

1. The Pre-Design Conference, during which each Owner along with his architect / designer may review ideas and the natural aspects of the Lot with a representative of the Architectural Control Committee before any plans are prepared. It is preferable but not necessary that this meeting take place on site.
2. The Preliminary Submittal, at which time the Architectural Control Committee can review conceptual plans to ensure conformance with these Design Guidelines before the Owner finalizes his design.
3. The Final Submittal, at which time the Architectural Control Committee can review final construction documents to confirm that they are consistent with the previously approved preliminary plans.
4. The Pre-Construction Conference, during which representatives of the Architectural Control Committee may review the construction regulations with each pre-approved builder to ensure understanding of, and future compliance with, these regulations.
5. Final Inspection of the improvements may be reviewed by a representative of the Architectural Control Committee to determine whether actual construction has been completed in strict compliance with the approved plans, approved changes, and these Design Guidelines.

The Design Review Process was developed to provide adequate checkpoints throughout the design and development phases, so that time and money are not wasted on plans and designs which do not adhere to the Design Guidelines or to the overall design principles of Mira Vista, or which may be inappropriate or of improper configuration for their specific Lot settings. Therefore, it is extremely important that the design steps of the Design Review Process be followed in their entirety, and in correct sequence. This process is a proven and streamlined one and will not result in time delays, provided each Owner, designer and builder performs in the spirit with which the Design Guidelines are intended, namely, a site-sensitive approach to the development of his Lot within this unique community.

It is strongly recommended that an Owner retain competent professional services for planning and design to ensure a thorough analysis and understanding of a particular Lot and the Owner's special needs and living patterns, as well as to provide the ability to communicate to the Architectural Control Committee the concept and design of a proposed residence or improvement. If an Owner elects to do his own design or to retain nonprofessional services, and the result in either case is repeatedly denied by the Architectural Control Committee, the Committee may require that the Owner thereafter utilize professional design services.

The Design Review Process is intended to operate sequentially with the plan review process required by the City of Fort Worth for obtaining a building permit. An application for a building permit should not be submitted to the City prior to confirmation of Final Design Approval by the Architectural Control Committee. However, the Mira Vista Design Review Process is independent of the City's technical plan review process and is solely intended to enforce the Mira Vista Design Guidelines. Therefore, each Owner or Owner's agent shall bear the responsibility for the proposed structure's adherence to Fort Worth's zoning and building code standards.

No building, fence, wall or other structure or improvement of whatever type shall be commenced, erected or maintained on any Lot (except for initial construction on the Common Properties by the Declarant or Declarant's successors), nor shall there be any addition to or change to the exterior of any residence or other structure or improvement upon a Lot or the landscaping, grading or drainage thereof, including, without limitation, the painting (other than painting with the same color of paint as previously existed) of exterior walls, patio covers and fences, except in compliance with plans and specifications therefore which have been submitted to and approved by the Architectural Control Committee in accordance with the Design Guidelines as to harmony of external design and location in relation to surrounding structures and topography.

Plans and specifications shall be approved by the Architectural Control Committee as to style, exterior design, appearance and location, and are not approved for engineering design or for compliance with zoning and building ordinances, and by approving such plans and specifications neither the Architectural Control Committee, the members or agents thereof, the Association, the Board of Directors of the Association nor the Declarant assumes any liability or responsibility therefore, or for any defect in any structure constructed from such plans and specifications. Approval of plans and specifications by the Architectural Control Committee is not, and shall not be deemed to be, a representation or warranty that said plans or specifications comply with applicable governmental ordinances or regulations including, but not limited to, zoning ordinances and building codes.

The reconstruction by the Association or the Declarant after destruction by casualty or otherwise of any Common Properties which is accomplished in substantial compliance with "as built" plans for such Common Properties shall not require compliance with the provisions of these Design Guidelines.

Defined terms used herein, if not otherwise defined in these Design Guidelines, shall have the meanings set forth in the Declaration.

## II. SITE PLANNING AND LANDSCAPE GUIDELINES

Climate, terrain, drainage and existing vegetation at Mira Vista are all important factors which must be considered in the design of any improvements to properties within its borders. It is the intent of the following guidelines to ensure environmentally sound and aesthetically pleasing development at Mira Vista for the mutual benefit and enjoyment of all its Owners.

### 2.1 BUILDING SETBACKS

No portion of any residential structure or accessory building may be constructed closer to a property line than the established minimum building setbacks described below, or as otherwise indicated by plat documents or sales exhibits. Structures include buildings and height visible improvements on patios. Structures do not include pools, concrete slabs/patios, driveways, sports courts or basketball poles. In the event of conflict, the greater setback requirement shall prevail.

Required minimum building setbacks from property lines:

Front (Applicable to all Lots 25 feet boundaries which abut road rights-of-way)

Side 15 feet

Rear\* 25 feet

All golf course frontage\*\* 25 feet

\*For corner Lots with frontage along two road rights-of-way, or lots of irregular shape, the City authorities may assign the rear setback designation to a property line based upon the Lot's configuration; the Owner, or his agent, shall bear responsibility for

contacting the City to confirm setback configurations for such a Lot, prior to the preparation of a preliminary site plan for improvements.

\*\*The required setback of buildings (and fences) from the golf course may be greater on selected Lots subjected to a recreational easement overlay. Structures and site improvements may not encroach into a recreational easement. Such easements, where applicable, are described by sales documents for the respective Lots or by recorded instruments.

### 2.2 SITE WORK

No excessive excavation or fill will be permitted on any Lot except where specifically allowed by the Architectural Control Committee due to terrain considerations; every attempt should be made to balance cut and fill with minimal use of retaining walls and engineered building pads.

Owners and approved builders must familiarize themselves with the requirements involving Storm Water Pollution Prevention Plans as detailed in Section 5.4 of the Design Guidelines.

No clear cutting of any wooded Lot will be permitted; however, it is understood that some selective pruning or removal of trees and shrubs will be necessary for the development of a wooded Lot. The retention of trees over 4 inches in diameter or over 15 feet in height is strongly encouraged. Any cutting of trees or vegetation must first be approved by the Architectural Control Committee with the following exceptions: the pruning of dead tree limbs, removal of dead trees, and the cutting and removal of trees with a trunk diameter of 4 inches or less which are bowed, leaning, severely misshapen, diseased, or sparsely foliated.

Daily working hours for contractor landscaping (significant landscape construction, mowing, edging, blowing etc.) and major contractor home improvement work shall be from 7:00am to 6:00pm Central Standard Time, or 7:00am to 7:00pm Daylight Savings Time, Monday through Saturday each week. Significant contractor landscaping and contractor home improvement work as described above, including deliveries, must cease on Sunday of each week. In addition, none of the work described above shall be performed on :

New Years Day  
Memorial Day  
Independence Day  
Labor Day  
Thanksgiving Day  
Christmas Day

Homeowners are allowed to perform such work on Sundays and the above holidays.

## 2.3 GRADING AND DRAINAGE

Site grading and drainage must occur with minimum disruption to the Lot, without

altering the natural drainage patterns as runoff leaves the Lot, and without causing conditions that could lead to unnecessary soil erosion, slippage or subsidence. Residential designs for hillside Lots (having a variation of natural grade elevation in excess of five vertical feet across the footprint of a proposed structure), must incorporate slope consideration into the design solution, so that the proposed structure terraces or steps with the natural slope. Artificial benching of sloped sites to create an engineered pad to accommodate a 'flat lot design' is strongly discouraged.

Surface drainage upon and across any Lot must be addressed through the implementation of sound construction and grading practices. Existing points of entry and exit to and from a Lot by historic surface drainage must be respected. Any improvement that creates an obstruction to surface flows resulting in a backup, change of speed or unnatural concentration of storm waters onto a neighboring Lot or tract is strictly prohibited. Ground floor levels should be established at a vertical elevation such that final placement of backfill, walks, drives, and porches will produce a positive drainage away from the structure in all directions.

Owners and approved builders must familiarize themselves with the requirements involving Storm Water Pollution Prevention Plans as detailed in Section 5.4 of the Design Guidelines.

The inclusion of foundation waterproofing and a perforated pipe foundation drainage system are required along all uphill and sidehill foundation walls on hillside Lots. Consultation by a professional soils or Civil engineer is advised for assessment of foundation design determinants for all sites.

Tarrant County soils are very active, exhibiting a high plasticity and swell

potential when saturated with moisture. Therefore, it is imperative that site drainage be carefully considered and directed, to eliminate all potential for the ponding of water adjacent to a foundation's perimeter. Haphazard attention to site drainage and landscape irrigation may result in uneven movement of building foundations due to moisture differentials in the soil, resulting in the onset of structural damage three to five years after construction is completed.

**The ACC's determination regarding drainage is limited to compliance with the CCR's and these Guidelines. Owners are solely responsible for ensuring the proposed improvements will not impact drainage patterns, and shall not rely on the ACC for this determination. In the event the proposed improvements ultimately improperly divert water or otherwise impact drainage patterns, such conditions shall constitute a deed restriction violation regardless of a prior ACC approval.**

## 2.4 ACCESS DRIVES

As a general rule, each Lot may be accessed by a single driveway only. However, double entry loop driveways may be considered by the Architectural Control Committee where site determinants such as Lot size, frontage, width, and configuration would allow sufficient room for an uncrowded and aesthetic double entry design. Access drives shall be located to avoid and preserve important natural features such as large or significant plant materials, drainageways, or rock outcroppings, so as to minimize disruption of the existing landscape.

In order to promote and fulfill the goals of these Design Guidelines as well as comply with local governmental requirements concerning the design of roadways and

streets, the Architectural Control Committee has limited the vehicular access to Mira Vista Boulevard for certain lots at Mira Vista. Information on the specific lots affected may be obtained from the Architectural Control Committee.

The proposed driving surface is subject to approval by the Architectural Control Committee. The use of decorative materials, textures, or patterns, exclusively or in combination, is suggested; acceptable alternatives would include, but are not limited to, brick pavers, concrete pavers, paving stones, embossed concrete, exposed aggregate concrete, or colored concrete. Large unbroken expanses of plain concrete, troweled or broom finish, are discouraged. If plain concrete driveways are proposed, the installation should incorporate manner of design accent, in the form of a continuous edge band or interspersed pattern, utilizing a suggested material, as a counterpoint to the 'sea of concrete'. Asphaltic concrete paving, crushed rock, gravel or any type of loose rock material is prohibited.

## 2.5 ON-SITE PARKING

Each single-family residential dwelling shall provide an enclosed garage space, or a porte cochere, to shelter a minimum of two conventional automobiles, and sufficient driveway space for the parking of two guest automobiles. Excessive parking spaces are prohibited. Homeowners who possess trucks in excess of  $\frac{3}{4}$  ton (other than Suburbans, Explorers, or other similar passenger vehicles), buses, motor homes, campers, boats, boat trailers, motorcycles or any other motorized vehicle other than a conventional automobile, must store or park such vehicle within an enclosed garage so as to be completely hidden from view. The parking of a guest's motor home or other large recreation vehicle outside must be in

the driveway of the residence and is limited to 24 hours. Such vehicles must not be parked in the street and shall not be used for on-site camping.

## 2.6 UTILITIES

Utility services have or will be stubbed to the property lines of each Lot. Water, electric, telephone and cable television service locations are clustered (usually with those of one adjacent Lot) in a utility easement located near one of the front corners of each Lot. The sewer service extension is stubbed to the property line that lies closest to the service main. The natural gas service extension is stubbed to the front property line away from the aforementioned corner cluster. The extension of services from these stub locations to the residence shall be the responsibility of each Owner. Information regarding current tap and service fees, as well as connection procedure, may be obtained by contacting the respective utility company.

## 2.7 WALLS AND FENCING

This section 2.7 contains general restrictions for fencing throughout the community. The CCR's, including Supplemental Declarations, may provide for different fencing requirements applicable to a specific Lot or Lots. Each owner is responsible for determining the fencing requirements applicable to their Lot.

Site walls or fences must appear as a visual extension of the residence, incorporating similar or compatible materials, colors and finishes. Fences or privacy walls may be constructed of brick or stone masonry, stucco over concrete masonry, wood board (cedar or redwood) (see appendix C), ornamental iron, or tasteful combinations thereof. Spruce fencing, chain-link or wire fencing is prohibited. Any type of wire,

plastic, fabric or other similar material mesh is prohibited from attaching to a wrought iron or other type of approved fencing.

Homeowners are responsible for maintaining their fences in proper condition after fences are installed. All fences facing Mira Vista Boulevard will be constructed in accordance with Appendix C and will be stained with Sherwin Williams Pine Cone stain.

No fence shall create an impediment to the flow of surface water.

Fences or privacy walls (or hedges) may not encroach into any street frontage setback or adjacent lots (see Design Guidelines Section 2.1). Fences, privacy walls and hedges may not exceed eight feet in height measured from existing natural grade. Wood fencing approved by the Committee may extend from the side wall of a home to the side property line provided the distance does not exceed a span equivalent to twenty percent (20%) of the Lot frontage on either side of the residence. The Committee may allow flexibility of this limitation for pie-shaped or irregular-shaped Lots with constricted frontage. In addition, such wood fencing must be held back from the front corners of the residence a minimum distance of ten feet. Except for certain lots governed by a standard fencing design adopted by the Architectural Control Committee, a wood or stucco fence that faces a street must be constructed with masonry or masonry and stucco full-height pillars so that the unbroken width of wood fencing does not exceed eight feet. Columns shall occur at outside corners of such fence sections regardless of spacing considerations. All columns must be founded on adequate footings to prevent subsequent tilting or deterioration due to soil movement or erosion.

All wood fencing must be double-faced so that no stringers or posts are visible, except as follows:

- (a) On homes which are constructed on Lots which are not adjacent to previously constructed homes, the Lot owners will have the option to use single face cedar or redwood fencing so long as all posts, metal or wood, and mounting hardware, are boxed with identical cedar or redwood fencing material and capped with similar like kind cedar or redwood materials approved by the Architectural Control Committee's representative. Further, in this situation only, the Lot owner will also have the option of facing the fence either in towards the home or outward away from the house.
- (b) On homes which are constructed either adjacent to or between previously constructed homes, the Lot owner will have the option to use single face cedar or redwood fencing so long as all posts, metal or wood, and mounting hardware are boxed with identical cedar or redwood fencing material and capped with similar, like kind cedar or redwood fencing materials, provided however that the fence is constructed in a manner so that the single face of the fence is facing away from the Lot owner and thereby facing to the adjoining or adjacent homes.

Wood slats may be of cedar or redwood, 4 to 8 inches in width installed vertically. Wood fences must have a continuous horizontal wood cap; uncapped slat ends are unacceptable. Wood fence exteriors may be stained only with one of the approved stains listed on Appendix B to these Design Guidelines. Wood fence interiors may also be stained or painted to match the house color, or the house trim color. **No other stain may be used.** Wood fences may not be painted (except with a clear oil sealer),

unless otherwise approved by the Architectural Control Committee. Failure to follow the guidelines or use of unapproved materials will result in the removal of the nonconforming material at the homeowners' expense.

Fences which front to lakes, or golf course and open space tracts, must be ornamental in nature, of a design, location, and alignment approved by the Architectural Control Committee. The primary framework may include a low base wall, no higher than two feet above finish grade at the residential side, constructed of stone or brick masonry, or stucco over concrete masonry. Vertical pillars may be of the same material with open ornamental iron fencing spanning between the vertical supports. The 'transparent' iron segments must comprise at least eighty percent (80%) of the affected linear frontage. All ornamental or wrought iron fencing must be black in color and approved by the Architectural Control Committee. At the last eight feet of frontage at each property corner, the fence shall be offset or angled to create visual relief to the continuous fenceline fronting the golf course, or open space tracts. The offset may be rectilinear, creating a square inset, 8 feet by 8 feet, at each affected Lot corner, or the fence may be angled, approximating the diagonal of the square instead. Further, to preclude obstruction or impairment of views on lots fronting lakes, the golf course or open space tracts, black wrought or ornamental iron fencing shall be required on side boundaries beginning at a point twelve (12) feet from the intersection of the rear and side boundaries.

Some selected Lots which abut the golf course corridor are subject to a recreational easement overlay which restricts the proximity of perimeter fencing along the affected frontage. On these Lots, fencing may occur no closer to the golf course than the interior boundary of the easement. Such

easements, where applicable, are described by sales documents for the respective lots or by recorded instrument.

All lots which abut the perimeter of Mira Vista are subject to restrictive covenants requiring maintenance of original perimeter fencing or advance approval by the Architectural Control Committee of the plans, style, design or type of replacement fencing or modifications to the original perimeter fencing.

Structural retaining walls may not exceed an above-grade height of six feet. Multiple terraced retaining walls must be utilized where the overall height of retained earth exceeds six feet. Retaining walls may be constructed of cast concrete, or engineered brick or concrete masonry; however, all exposed wall surfaces and edges must be treated with an approved finish, such as brick or stone veneer, painted stucco, or split-face texture with custom color, so as to blend unobtrusively with its natural surroundings. All retaining walls must include suitable drainage systems and weep holes to relieve ground water and hydrostatic pressure.

Dry-stack retaining walls of native stone do not require any supplemental facing or finish. All dry-stack retaining walls over two feet in height must slope against the grade a minimum of 1:4 (one foot back for each four feet in height). Dry-stack retaining walls must not be subjected to watershed run-off.

All retaining walls which adjoin or abut a fairway to, or a golf course corridor of, Mira Vista Golf Club, L.C. (the "Club") must be constructed of limestone consistent with existing Mira Vista landscaping to maintain a uniform appearance with respect to the golf course. Alternatively, walls that match the house stone or stucco may be permitted subject to the approval of the ACC.

## 2.8 OUTDOOR STORAGE

Outdoor areas housing trash containers, clotheslines, maintenance or service, equipment such as lawnmowers, etc., or overflow storage shall be screened from all adjacent properties by a wall or fence conforming to Design Guidelines Section 2.7. If wrought iron fencing is used, the bars must be close enough to screen the equipment from view. Plastic, fabric or other prefabricated fencing or barriers is prohibited.

## 2.9 MECHANICAL EQUIPMENT

No roof mounted or wall mechanical equipment will be permitted. Any exterior mechanical equipment utilized must be ground mounted adjacent to the residence and must be enclosed by walls, fencing or significant landscaping of sufficient height and density to screen the equipment from view and to buffer sound as well.

## 2.10 ANTENNAS AND SATELLITE DISHES

Except where preempted by Federal or State law or regulation, television antennas are prohibited. Television reception is available via a central cable system. Owners desiring a satellite dish or other receiving device should consider locating the dish to minimize visibility from neighboring property, tract, or right-of-way while taking into account the best location for satellite reception. Any on-site antennas required for the purpose of radio transmission related to fire protection or police/security matters will be allowed, but the location and configuration thereof shall be subject to Architectural Control Committee approval. This section 2.10 is intended to be construed as liberally as possible without violating the federal Telecommunications Act of 1996.

## 2.11 SIGNAGE

No sign or signs shall be displayed to the public view from any Lot except that:

- 1) each general contractor, during the active construction period of a new home or major addition to any existing home, may display a single construction sign, no larger than nine square feet, in accordance with Design Guidelines Section 4.18;
- 2) the general contractor of a market home may, with the consent of the Architectural Control Committee, continue the display of his construction sign, for advertising and sales purposes after construction has been completed, until such time that a contract for sale has been executed;
- 3) individual Lot Owners may, with the consent of the Architectural Control Committee, display a single tasteful "for sale" or "for rent" sign, no larger than four square feet;
- 4) signs indicating security protection shall be permitted provided such signs are ground mounted, no larger than one square foot, normally limited to two per Lot (one for the front yard and one for the rear yard) and the backyard sign may be on the fence at a height no more than 4ft above ground;
- 5) Signs indicating a resident's attendance or support of an educational institution or a religious organization are permitted provided they are ground mounted in the landscape and no larger than four square feet.
- 6) Political signs may be displayed on an owner's property providing:
  - a. they are displayed on or after the 90<sup>th</sup> day before the election to which the sign relates and is removed no later than the 10<sup>th</sup> day after the election.
  - b. the signs are ground mounted.
  - c. no larger than four feet by four feet.
  - d. limited to no more than one sign per candidate or measure.
  - e. the sign does not threaten public health or safety.
  - f. the sign does not contain language, graphics or any other display that would be offensive to the ordinary person.
  - g. the sign should not be accompanied by music or other sounds, lights, streamers, more than one balloon or any other devices that would be distracting to neighbors or to motorists.
  - h. the sign does not violate the law.
- 7) development-related signs owned and erected by the Declarant shall be permitted.

## 2.12 LIGHTING

A uniform street lighting scheme has been designed by the Declarant. Supplemental lighting adjacent to the right-of-way may be no taller than 30 inches above grade.

Additional site lighting is permitted within the Lot's boundary, provided such lighting does not result in excessive glare toward the

street or neighboring properties. All exterior lighting must be of a low-level, subdued intensity and is subject to approval by the Architectural Control Committee. Removal or alterations of existing public street lighting or installation of new is to be reviewed by the Mira Vista ACC and coordinated by the homeowner with Oncor.

### **2.13 SWIMMING POOLS, SPAS AND HOT TUBS**

Above ground pools, above ground spas and above ground hot tubs are expressly prohibited. Prefabricated pools, such as fiberglass pools, are prohibited. All pools, spas and hot tubs must be constructed in accordance with City of Fort Worth regulations and must be maintained in the proper condition and working order.

### **2.14 BASKETBALL BACKBOARDS**

Wall-mounted or free-standing basketball backboards may be allowed subject to Architectural Control Committee approval. Support posts and brackets, and the backboards for free-standing and wall-mounted basketball goals should be painted to blend unobtrusively with their visual backdrop surroundings. Excessive noise must be considered with regard to neighboring properties.

### **2.15 LOT RESTRICTIONS**

Except for compounds, resulting from the combined development of two or more Lots, no more than one residence may be constructed on any Lot. Other outbuildings such as detached garages or pool houses may be constructed, provided they are a visual extension of the main residence. Such "compounds" are subject to approval by the Architectural Control Committee.

### **2.16 LANDSCAPING**

Each Lot must be fully landscaped, no later than 120 days after final inspection of the residence. A landscaping plan must be submitted to the Architectural Control Committee, in accordance with Design Guidelines Section 5.4 for consideration and consent, and no later than 60 days from commencement of construction of a residence; landscape work may not commence prior to approval by the Architectural Control Committee.

The use of a landscape professional to assist with the preparation of the design and the selection of appropriate and compatible plant materials and methods, is advised. Careful attention must be given to underground irrigation considerations.

All lawn areas must be sodded with Bermuda 419 or Zoysia except for areas in deep shade, where "Rebel Fescue" is permitted by written variance; however, regardless of shading conditions, all lawns abutting the golf course must be Bermuda 419 or Zoysia unless the ACC has approved the installation of artificial turf and the turf is adequately screened from the golf course.

Artificial turf may be installed, with an ACC approved request, subject to certain conditions.

The following are conditions and considerations that will impact the approval of requests for use of artificial turf. These must be addressed in requests:

- 1) Visibility to neighbors and street and other public or common areas; The artificial turf area must be screened from neighbors, the street, golf course or common areas such as nature trails by landscaping or walls/fencing that conform to Design Guidelines Section

2.7. Front lawns may not be artificial turf.

- 2) Proximity to natural landscape elements and the contrast difference in appearance (for example: real grass, trees, shrubs).
- 3) Intended use (real grass failure to thrive, pet relief area, pool deck).
- 4) Size of turf area.

Include these plans and documents with request submittal:

- a) Artificial turf brand and variety proposed to be used (substitutions are not allowed without prior approval)
- b) Plot plan
- c) Landscape plan
- d) Drainage plan
- e) Manufacturer warranty

The turf products set forth in Appendix D of these Design Guidelines are approved for use in conjunction with a request submitted by homeowner and an approval from ACC.

#### Maintenance/Replacement Requirements:

All installations must appear natural at all times. Any deviation from a natural look due to improper installation or lack of maintenance will be in violation of these guidelines. When the turf shows signs of degradation and is worn out, it will be responsibility of the owner to replace the turf.

Before installing, a request must be submitted and approved. Product improvements occur and ACC will remain open to review new products and solutions as they become available. Specifications and minimum standards for artificial turf may be modified intermittently. See Appendix "D" for approved artificial turf products.

Landscaping plans must include at least one of the following shade or ornamental trees for each 2000 square feet of total Lot area:

- Shade trees with a minimum caliper of 4 inches at chest height, and at least 12-14 feet in height, or
- Ornamental trees with a height of 7 feet minimum.

Shade trees must comprise at least one-half of the total allotment for each Lot. The preservation of existing trees where possible is strongly encouraged, and all trees which are saved and which meet the standards for caliper and/or height may be credited against the required allotment.

Preservation of attractive "natural areas" on the Lot is permitted and encouraged, provided that such areas do not become overgrown or unsightly.

Transformers, generators, gas meters, exposed foundations, etc., must be screened from view from roadways, neighboring properties, or golf course/open space tracts, by strategically placed groupings of shrubbery or other landscape elements of sufficient height to screen the protrusion.

Approximately one-fourth of a Lot's plannable area should be in planting beds. All bed edging shall be rock, brick, concrete, or "Ryerson" steel edging; plastic or aluminum edging is not allowed.

### 2.17 PROHIBITED PLANT LIST

The plant materials set forth in Appendix A of these Design Guidelines includes species which are inappropriate for landscape use at Mira Vista, and are strictly prohibited.

## 2.18 VARYING GUIDELINES

The provisions of these Design Guidelines may differ in their application to the development of cluster home tracts.

## 2.19 FLAG POLE POLICY

An owner is authorized to display the following flags on his/her Lot: (1) the flag of the United States of America; (2) the flag of the State of Texas; (3) an official or replica flag of any branch of the United States armed forces; or (4) the flag of a school or sports team, e.g. high school, collegiate, or professional teams that are officially sanctioned or licensed. However, the flag of a school or sports team must be house-mounted or placed in the landscaping; these flags may not be flown on a ground-mounted flagpole. No offensive or derogatory flags will be allowed.

House-mounted flagpoles do not require the prior approval of the Architectural Control Committee so long as the flag does not exceed a size of 4 feet by 6 feet. Tree-mounted flagpoles are permitted only when it is not feasible for homeowners to mount the flagpole on their home due to the exterior material on the house.

Ground mounted flag poles on residential lots are discouraged and may only be installed after obtaining written approval from the Architectural Control Committee. In no event will the Owner of any residential lot be allowed to install a flag pole that exceeds 25 feet in height. Flag poles must be installed in a landscaped area, away from the street or neighboring property, and be of a color that appears harmonious with the Owner's residence and landscaping. Flag poles should use internal halyards or other devices to prevent noise. Flags on ground mounted poles may not be lighted or flown at night and may not exceed a size of 4 feet by 6 feet.

After obtaining written approval for installation of a ground mounted flag pole, anyone violating the use and display policies shall be issued a citation and fined in an amount determined by the Association's Board of Directors, which shall not exceed \$500.00 for each violation; provided however, no fine shall be imposed for the first two (2) violations that are documented by a written citation. Records of prior citations will be maintained by Mira Vista Security. Copies of all citations will be mailed to the property owner at the address maintained in the records of the Association. Written notice of any fine determined by the Board shall also be mailed to the property owner at the address maintained in the records of the Association.

## 2.20 PORCH SCREENS

To ensure uniformity and consistency within Mira Vista, black is the only color approved for screen color. Fiberglass screening material is highly recommended. Other screen types such as aluminum, copper or plastic-coated require prior approval from the ACC.

Wood or Hardie board are the only types of framing material allowed for screened-in porches. The design of the framing and color should be compatible and complimentary to the other materials used on the exterior of the home. Roller screens to block the sun are allowed but should be rolled up when not in use.

The screen installation method chosen should adequately hide staples, screws and nails used to secure the screen. When designing the screen installation method within the wood frame, the homeowner/contractor should give consideration to future maintenance requirements allowing for screen to be easily stretched or replaced on a periodic basis.

Additionally, the homeowner may want to consider other design characteristics to facilitate the maintenance and cleaning of the screened-in porch over its lifetime. One such consideration would be the installation of weep holes to allow drainage if the homeowner will use a hose or power washer to clean the patio.

Porch screens are permissible in back yards only, including golf course lots. If installed on raised surfaces, such as second story balconies, they must include safety railings.

## **2.21 STATUARY, FOUNTAINS, WIND SCULPTURES, POLE-MOUNTED BIRD HOUSES, OUTDOOR FURNITURE, AND SIMILAR ITEMS**

As a general guideline, statuary, fountains, wind sculptures, pole-mounted bird houses, and other similar type items ("Yard Art") are for the enjoyment of the homeowner(s) and shall not be visible from common areas, neighboring homeowners, the streets or the golf course. Adequate screening using landscaping and/or fencing should be incorporated.

Furthermore, Yard Art must be of good quality, designed for landscaping use, and complement the style of the property and dwelling. All Yard Art must be placed within landscaped as opposed to lawn areas.

They may not exceed two in number or three feet in height without prior written approval from the ACC.

Outdoor furniture shall be constructed of materials designed for outdoor use.

Pole-mounted bird houses may not exceed fifteen feet in height. All poles and posts must be maintained in a vertical, upright manner. Birdhouses must be finished in a

color that complements the homeowner's dwelling.

Fountains must be maintained according to manufacturer's specifications and kept in good working order.

Yard Art that was not specifically approved by the ACC and reported as a visual nuisance or offensive by neighbors shall be subject to review and approval by the ACC and /or the Board of Directors.

**Submittal Requirements:** Requests for statuary, fountains, wind sculptures or other Yard Art greater than 3 feet in height must be submitted to the ACC with a scaled site plan showing the proposed location, drawings and/or pictures, height, color, and material.

## **2.22 PLAY EQUIPMENT, TRAMPOLINES, SWINGS, PLAYHOUSES**

Play equipment structures and playhouses are allowed only in side and rear yards and must maintain a six (6) foot setback from the rear property line and a twelve (12) foot setback from the side property line.

Notwithstanding the foregoing, if the applicable plat provides for a larger setback than what is required herein, the location of the play equipment must comply with the applicable setback. Maximum height for a structure is thirteen (13) feet for a structure and nine (9) feet for a playhouse. Wood play structures/houses must be of redwood, cedar, pressure treated pine or treated hardwood and must be completely assembled and maintained. Plastic or resin play structures/houses in earth-tone colors are permitted. Only one playhouse is permitted per lot. Tree houses are not permitted. No electrical, plumbing or air conditioning may be installed in either the interior or the exterior of the playhouse.

Swings are allowed only in the rear or side yards behind the perimeter fencing of the property.

Trampolines with Safety Nets must maintain a ten (10) foot setback from any property line, must be anchored in place and must be screened from public view. Trampolines without Safety Nets, which are anchored and below fence level or hedgerow do not require screening.

Placement of any of the above requires approval by the ACC. Play equipment, trampolines, swings, and playhouses may not be installed in a manner than obstructs an adjoining lot owner's view of the clubhouse, as determined by the ACC in its sole and absolute discretion.

## 2.23 TENNIS AND PICKLEBALL COURTS

Tennis and pickleball courts are not expressly prohibited by the ACC but shall only be allowed on certain lots. Whether or not to allow the installation of a tennis court or pickleball court on a lot shall be determined by the ACC in its sole and absolute discretion. The determination by the ACC to allow either a tennis or pickleball court on a lot shall be based on factors such as the size of the lot, the desired placement of the court relative to the neighboring lot or golf course, and visibility of such court from any adjoining lot or golf course. In any case, the courts shall be screened with a fence, wall or landscaping. Lighting on the court for play at night is not permitted as it may result in excessive glare. Courts may only be constructed in the back or side yards. Any owner desiring to construct a tennis or pickleball court on his/her lot must submit plans and specifications in writing to the Architectural

Control Committee in accordance with the CCRs, Article X.

Court play must only be between the hours of 7:00am and 9:00pm.

## 2.24 STANDBY ELECTRIC GENERATORS

In accordance with Section 202.0013(c) of the Texas Property Code, qualified residential standby generators (SEG) are permitted. SEGs are statutorily defined and limited to:

- A device that converts mechanical energy to electrical energy.
- Powered by natural gas, liquified petroleum gas, diesel fuel, biodiesel fuel or hydrogen.
- Is fully enclosed in an integral manufacturer supplied sound attenuating enclosure.
- Connects to the main electrical panel of the residency by a manual or automatic transfer switch.
- Is rated for a generating capacity of not less than seven (7) kilowatts.

A SEG that qualifies under this definition must be installed and maintained in compliance with:

- The manufacturer specifications.
- All applicable governmental health, safety, electrical and building codes.
- All natural gas, diesel fuel, biodiesel fuel, or hydrogen fuel line connections must be installed in accordance with applicable governmental health, safety, electrical and building codes.
- All liquified petroleum gas fuel line connections must be installed in accordance with rules and standards promulgated and adopted by the Railroad Commission of Texas and

other governmental health, safety, electrical and building codes.

All non-integral standby electric generator fuel tanks are to be installed and maintained to copy with municipal zoning ordinances and governmental health, safety, electrical and building codes.

The SEG and all of its electrical lines and fuel lines are to be maintained in good condition.

The owner must repair, replace or remove any deteriorated or unsafe component of a SEG including electric or fuel lines. A SEG must be otherwise kept in good physical condition and esthetically maintained to ensure it is in harmony with the community and surrounding residences.

A SEG must be adjacent to the house unless otherwise approved by the Architectural Control Committee (ACC). The SEG may not be located in the easements or within five (5) feet of any property line. It may only be located in the rear or side yard of a residence, based on review and approval of the ACC prior to construction and installation. It may not be located in HOA common property or adjacent to a neighbor's window. A SEG must be screened on all sides with live landscaping or

a four (4) to six (6) foot solid privacy fence and approved by the ACC.

Periodic testing of a SEG must comply with and be limited to the manufacturers' recommendations. Testing will only be conducted on Wednesdays between the hours of 10:00am and 5:00pm, local time.

A SEG may not be used or operated to generate electrical power (other than for periods of testing) except in the limited circumstances where a utility service provider's generated electrical power to the residence is not available or is intermittent, as objectively determined by the ACC.

Only one SEG per lot is allowed. The total decibel level for the SEG shall not exceed the allowed City requirements for the appropriate residential category.

When requesting approval from the ACC, include a site plan showing the proposed location of the SEG, the manufacturer's operation and maintenance manuals, specifications of the SEG including sound attenuating enclosure and manufacturer's documentation of the sound abatement/attenuating levels for the enclosed SEG. Also, the plans for screening the SEG.

III. ARCHITECTURAL DESIGN STANDARDS

The following architectural standards have evolved in response to climatic, terrain, and aesthetic considerations at Mira Vista. It is the intent of these standards to evoke a sympathetic response to the character of this rolling Texas countryside, promoting architectural design that is compatible with the natural landscape and is environmentally sound.

3.1 SIZE

It is expected that residences will exceed the minimum thresholds established herein for square footage of enclosed living area, except and unless there are special circumstances or unique design solutions, which may only be sanctioned by the Architectural Control Committee.

Previously established floor area minimums for Lots in Blocks 1-10 shall remain in effect as follows, subject to any Lot-specific variances which may be granted by the Architectural Control Committee:

Block	Lots	Minimum residential floor area
1-4	all	2600 s.f.
5	1-9	3200 s.f.
5	10-23	2800 s.f.
6	all	3200 s.f.
7	all	2800 s.f.
8	all	3200 s.f.
9	all	3200 s.f.
10	all	4000 s.f.

For all remaining Lots, minimum floor areas shall be determined as follows, subject to any Lot-specific variances which may be granted by the Architectural Control Committee:

Lot Size	Minimum residential floor area
Less than 10,000 s.f.	2000 s.f.
10,000 to 15,000 s.f.	2400 s.f.
15,001 to 20,000 s.f.	2800 s.f.
Larger than 20,000 s.f.	3200 s.f.

The floor area of garages, storage and mechanical rooms which access only from a garage or the exterior of the structure, and open air decks or patios (roofed or unroofed), are excluded from inclusion in the residential floor area calculation; the floor area of a screened porch or deck which is equipped for closure and use during winter months, or any similarly convertible space, shall be included. The projected area of an interior stairwell of a multi-story residence shall be counted only once at its lowest level; stair landings at each primary floor level shall be included within the floor area of that level.

3.2 PREFABRICATED BUILDINGS

Unless otherwise specified in these Design Guidelines, no building or any other structure, such as a pergola, cabana, gazebo, pools, spas, etc that is constructed off-site and requires transportation to any Lot, whole or in partial assembly, will be permitted; this includes mobile homes, stock modular buildings, or any other structure requiring transportation and set up in a partially completed state. Temporary construction offices, which have been approved for limited duration, are exempted from this restriction, but must satisfy all other concerns of the Architectural Control Committee relating to condition, appearance, and location.

3.3 HEIGHT OF STRUCTURES

Roofs of residential structures at Mira Vista shall not exceed a height of 35 feet in accordance with height determination

methodology of the City of Fort Worth. In addition, as a second test, no portion of a structure (except for chimney elements) may exceed a true vertical height of 40 feet above original natural grade directly below, for pitched roofs, and 24 feet for flat roof elements. The more restrictive of the two tests shall govern. It shall be incumbent upon the applicant to demonstrate conformance to both standards.

### 3.4 FOUNDATIONS

All above-grade visible surfaces of concrete masonry or concrete foundation walls, grade beams, and piers must be faced with a finish veneer of brick or stone, or shall receive a stucco finish and shall be painted to blend unobtrusively with adjacent materials. Exposed aggregate concrete, or textured concrete block with an approved integral or applied color, may be considered in lieu of the stucco applique.

Foundation walls/grade beams must step down with the grade change of sloping sites so that its exposed surface does not exceed a vertical height of four feet above finish grade at its greatest exposure; as an alternative to stepping the top of the foundation, the wall may be faced with masonry veneer or siding similar to, and in the same plane as, the wall surface above, to minimize foundation exposure.

Where the vertical distance from the underside of a ground floor deck structure (along its perimeter edge) exceeds 30 inches above finish grade below, the deck edge must be skirted with wood latticework or wood siding to screen the cavity beneath the deck. Foundation walls which occur under a skirted deck such that they are no longer visible are exempt from the facing requirements stated above.

### 3.5 EXTERIOR MATERIALS

There exists a rich and varied spectrum of historic, adaptive and contemporary architectural styles in the Texas tradition from which a Mira Vista Owner may choose. Generally, the predominant exterior wall material must be brick or stone masonry, utilized exclusively, in combination with each other, or in combination with other complimentary accent materials such as stucco, clear individual board siding, Hardie board or wood shingle siding. The Architectural Control Committee expects that a significant majority of applicants will opt for the traditional masonry exterior, or varied style, which enjoys great popularity throughout distinctive Fort Worth neighborhoods. However, the Architectural Control Committee will consider the use of stucco, Hardie board or wood siding as a predominant exterior material, where their application in a historic (Victorian, for example), or southwestern, or contemporary design style may warrant.

As a rule, all materials should be natural or authentic. Generally, synthetic look-alikes are discouraged, unless the applicant can demonstrate that the manufactured material resembles its natural counterpart to the degree that, in the opinion of the Architectural Control Committee, it will not appear obtrusive. Some quality cultured stone products and synthetic stucco appliques may be considered on a case-by-case basis and must meet the aforementioned scrutiny. Sidings composed of metal, vinyl, plywood, fiberglass, mineral composition, or panelized brick or stone will not be allowed. Metal sidings will be considered, particularly on contemporary homes, as they offer a low maintenance alternative.

Although its use is generally discouraged, contemporary application of concrete masonry

or cast concrete may be considered on a case-by-case basis, in tasteful combination with other materials.

The aesthetic merits of any combination of exterior materials are subject to review and approval by the Architectural Control Committee.

### 3.6 ROOFS

Generally, residences of Mira Vista shall have pitched roofs with a minimum pitch of six feet in twelve and a maximum pitch of twelve and twelve; however, flat roofs, or flat and pitched roofs in combination, will be considered on a case-by-case basis where their implementation as part of a contemporary or southwestern style may be appropriate.

All roof forms, both pitched and flat, are subject to the height limitations described by Design Guidelines Section 3.3.

For the sake of contrast and variety, the approved finish material for roofs at Mira Vista will be slate, concrete or clay tiles, and nonreflective raised-seam metal roofs. The use of asphalt shingles of standard or medium thickness, asphalt roll roofing (except for flat roofs), wood shingles or reflective metal surfaces is prohibited.

The entire roof must consist of material of the same quality and color. A patchwork of different materials and colors on a single roof is prohibited. Custom blended roofs of different colors from the same manufacturer are permitted.

Heavyweight architectural grade asphalt shingles and other three-dimensional composition roofing products, designed to resemble wood shingles in color and texture, will be judged by the same standard described by Design Guidelines Section 3.5

for synthetic products, with particular attention to site context, extent of visibility, and product quality. See the Mira Vista Roofing Materials List for a complete list of approved roofing material.

Pursuant to Section 202.011 of the Texas Property Code, the Association will allow shingles that:

- (i) are designed primarily to:
  - A. be wind and hail resistant;
  - B. provide heating and cooling efficiencies greater than those provided by customary composite shingles; or
  - C. provide solar generation capabilities; and
- (ii) when installed:
  - A. resemble the shingles used or otherwise authorized for use on property in the subdivision;
  - B. are more durable than and are of equal or superior quality to the shingles used or otherwise authorized for use on property in the subdivision; and
  - C. match the aesthetics of the property surrounding the owner's property.

Flat roofs, where allowed, must be finished with a colored aggregate ballast or cap sheet matching the walls or other roof materials of the residence.

See related Section 3.10 of these Design Guidelines regarding projections from roofs.

### 3.7 CHIMNEYS AND OUTDOOR FIRES

Chimney elements are subject to the same material limitations established by Design Guidelines Section 3.5; namely, chimneys shall be faced with brick or stone masonry, unless the unique or distinctive design of the residence justifies the use of an alternative finish. If zero-clearance manufactured fireplace assemblies are

utilized, the chimney shall be capped in a manner which screens all manufactured flue elements, such that its finished appearance is indistinguishable from a true masonry fireplace.

Due to the incidence of gusting or sustained winds, all chimneys must be equipped with a U.L or I.C.B.O. approved spark arrestor, including outdoor fireplaces. Open outdoor fire pits which are constructed on-site and are not portable using propane gas, may be allowed if submitted to the Architectural Control Committee showing compliance with all of the following characteristics, and any other characteristics hereafter properly established:

1. Fire pits must be gas fired.
2. The interior of the fire pit must be lined with fire brick.
3. A keyed function turn off valve must be installed at the fire pit.
4. Gas line to fire pit must have a turn off valve at the meter or at the existing gas source.
5. The gas line must be buried a minimum of 18" below grade.
6. A licensed plumber must install the gas line and obtain the required city permit.
7. Combustible material must be kept a minimum distance of 2 feet from the outside of the fire pit structure.
8. Fire pits must be constructed from noncombustible materials and shall be located a minimum of 15 feet from a structure or shall meet the requirements of the Fort Worth Building Code via an approved building permit.
9. The interior medium of all gas fire pits must be finished with glass beads or lava stone to prevent wood burning in the gas fire pit.
10. Burners should be ceramic or stainless steel pipe with holes.

11. Gas fire pits should be a minimum of 18" tall.
12. The interior gas burner will be no deeper than 6 inches.

Portable, propane fired gas pits are permitted. Barbecues are permitted, provided they are lidded cookers.

### 3.8 EXTERIOR COLORS

The color combination of exterior materials should generally be subtle and tasteful to blend with the neighborhood and landscape. However, brighter accent colors which are used judiciously and with restraint may be permitted, if approved by the ACC.

Colors approaching the primary range (red, blue and yellow) are discouraged, as are drastic contrasts in value (light to dark). Extreme contrast in colors of individual masonry units or between masonry units and their grout matrix should be avoided.

For the sake of variety and contrast in the neighborhood, overuse of the same colors should be avoided.

All color schemes must be approved by the Architectural Control Committee prior to their application to any portion of a residential structure. The Architectural Control Committee intends to preclude the use of colors that would appear garish or out of place and, therefore, offensive to the eye, in the opinion of the Architectural Control Committee.

### 3.9 WINDOWS, DOORS AND SKYLIGHTS

Highly reflective glazing material and reflective sun screening films are prohibited for use in windows, glazed doors, skylights, or for other exterior applications. In addition, all metal windows, doors, skylight frames, etc. must be anodized or pre-finished with baked enamel;

raw metal components, especially aluminum or galvanized iron, are prohibited.

### 3.10 BUILDING PROJECTIONS

All projections from a residence or other structure including, but not limited to, chimney flues, vents, flashing, louvers, gutters, downspouts, utility boxes, mail boxes, porch railings and exterior stairways shall match the surface from which they project, or must be painted or stained an approved color to blend unobtrusively with adjacent materials, or in the case of mail boxes or other structures set apart from the residence, these must be constructed from an approved design and with materials consistent with the main residence or as approved by the Architectural Control Committee. All building projections must be contained within the building setbacks. Some Lots may be required to erect dual property line mailboxes in conformance with the local Post Officials' interpretation of existing Postal Regulations. All Lots requiring dual mail boxes must be built in conformance with the requirements and specifications as indicated in the diagram included in Appendix C.

Awnings must be in muted, subdued colors that blend harmoniously with adjacent materials. The color, design and materials for awnings must be submitted to the Architectural Control Committee for approval at least forty-five (45) days prior to installation, unless the awnings are to be installed during the initial construction of the residence, in which event the design, materials and colors must be submitted prior to approval of the final plans. Homeowners are responsible for maintaining awnings in their original approved condition. Failure to follow the guidelines or use of unapproved materials will result in the removal of the nonconforming material at the homeowners' expense.

### 3.11 GARAGES

Garages for each residence are encouraged, either attached or detached, accommodating at least two automobiles; open air carports made of metal, wood, aluminum, canvas, etc. where the primary purpose is to house or park an automobile, truck, ATV, etc. are prohibited. The more formal porte cochere is allowed and must be attached to the residence and made of the same material as the home. Garage doors may not face directly towards the primary street frontage except for those circumstances where constricted Lot width, irregular Lot shape, or other restricting features of a Lot preclude the utilization of an angled or side entry approach to the garage.

Wood panel or wood-faced insulated sectional overhead doors with fenestration or an applied panel pattern sufficient to provide visual relief, are strongly recommended. Lightweight hollow metal overhead doors are not allowed. When garage bays exceed two, the third (or third and fourth) door(s) must occur in a secondary building plane, offset by 32 inches minimum, to avoid a continuous uninterrupted wall of three or more garage doors.

### 3.12 SOLAR APPLICATIONS

Passive solar design is encouraged. Active solar applications can result in excessive glare and reflection, and would only be approved by the Architectural Control Committee if hardware is integrated into the structure or landscaping of a Lot and is not visible from any other Lot or property.

See the current MVHOA Policy letter regarding "Solar Devices" for installation guidelines.

### 3.13 CHANGES OR ADDITIONAL CONSTRUCTION

All changes or additions to the approved plans before, during, or subsequent to their initial construction must be approved by the Architectural Control Committee, before the alteration may be implemented.

### 3.14 VARYING DESIGN STANDARDS

The provisions of these Design Guidelines may differ in their application to the development of cluster home tracts.

## IV. CONSTRUCTION REGULATIONS

### 4.1 PURPOSE

In order to ensure that all neighboring properties are respected and the nuisances inherent to any construction process are kept to a minimum, the following regulations shall be enforced during the construction period of all improvements at Mira Vista. Any violation of these regulations by an Owner's agent, representative, builder, contractor or subcontractor shall be deemed a violation by the Owner.

In addition to the requirements and procedures outlined in Article V. entitled "Design Review Procedures," the Architectural Control Committee has concluded that unique challenges exist when construction of a home occurs on an undeveloped lot located within a neighborhood of homes that is "substantially complete" or "built out." This type of undeveloped lot is sometimes referred to as an "infill lot." For purposes of these enhanced requirements, a lot will be considered an "infill lot" if it has a minimum of two (2) finished/completed homes located on lots within a two hundred foot radius of any corner of the infill lot.

The following supplemental procedures must be followed and complied with for construction on any infill lot. A mandatory Pre-Construction meeting must be scheduled and conducted on the infill lot prior to commencement of construction. All adjoining homeowners or lot owners located within a two hundred foot radius of a corner of the infill lot must receive written notice of the time and date of the meeting at least ten (10) days prior to the selected meeting date. A representative of the Architectural Control Committee will attend the meeting along with the infill lot's owner and the approved builder

selected by the infill lot owner. In the event none of the adjoining homeowners or lot owners elect to attend the meeting, the infill lot owner, approved builder, and Architectural Control Committee member will review the items set forth below.

The purpose of the meeting will be to review and discuss various construction/design issues including, but not limited to:

- a. Drainage and topography issues
- b. Preservation of existing landscape
- c. Parking of construction vehicles
- d. Potential disruption of utilities
- e. Location of existing utilities
- f. Unauthorized use of utility services of adjoining properties
- g. Control of trash and/or construction material debris
- h. Storm Water Pollution Prevention Plans and installed systems
- i. Noise limitation (radio, construction machinery)
- j. Work hours on weekdays and weekends
- k. Certification of insurance by both contractors and sub-contractors
- l. Requirement to meet with Security
- m. Verification of contractor/sub-contractor licenses for ACC approval.

n. Applicants agreement to abide by the Design Guidelines, the Declaration and all rules provided by the ACC

After completion of the Pre-Construction meeting, the approved builder must provide the ACC a written certification that the meeting has been completed and itemize the particular items discussed under the categories referenced above. The written certification must be filed with the Architectural Control Committee and no construction can commence, nor will any Notice of Commencement be issued to the infill lot owner or approved builder, until the written meeting confirmation is received by the Architectural Control Committee.

Failure by either the infill lot owner or approved builder to fully comply with the supplemental procedures for infill lots will constitute a violation of the Mira Vista Design Guidelines and authorize the Architectural Control Committee to pursue all available remedies permitted for a violation including, but not limited to monetary fines, suspension of approved builder status, and other available legal remedies.

In the event that any person fails to cure (or fails to commence and proceed with diligence to complete the work necessary to cure) any violation of the Design Guidelines, including these Construction Regulations, within ten (10) days after receipt of written notice from the Architectural Control Committee designating the particular violation, the Architectural Control Committee shall have the power and authority. To impose upon that person a fine for such violation (the "Violation Fine") not to exceed five hundred dollars (\$500.00) per occurrence. If after the imposition of the Violation Fine, the violation has not been cured or the person has not commenced the work necessary to cure such violation, the Architectural Control Committee shall have the power and authority, upon ten (10) day written notice, to

impose another Violation Fine which shall not exceed five hundred dollars (\$500.00). There shall be no limit to the number or the aggregate amount of Violation Fines which may be levied against a person for the same violation if not timely cured. The Violation Fines, together with interest at the highest lawful rate per annum and any costs of collection, including reasonable attorneys' fees, shall be a continuing lien upon the Lot against which such Violation Fine is made. Continued failure to comply may cause the Architectural Control Committee to pursue legal remedy in the form of a "stop work" injunction or punitive damages.

The continued or habitual violation of these Design Guidelines by a general contractor, subcontractor, or materials supplier will result in the withdrawal by the Architectural Control Committee of his/their approval to perform work at Mira Vista.

## 4.2 HEALTH AND SAFETY COMPLIANCE

All applicable statutes, ordinances, or rules pertaining to safety and health, hazardous materials, toxic substances or wastes, including all relevant Occupational Safety and Health Act (OSHA) regulations and guidelines must be observed at all times.

## 4.3 CONSTRUCTION TRAILERS

Upon commencement of construction, a construction trailer or portable field office may be located on the building site totally within the Lot's perimeter. The type, size and color of any portable office must be approved by a representative of the Architectural Control Committee during the pre-construction conference. The field office may not be placed on-site earlier than two weeks prior to the actual onset of continuous construction activity. At the same time, the provision of temporary power and telephone

will be determined. A construction trailer may not remain on site for a period of time exceeding six months without written approval of the Architectural Control Committee.

#### 4.4 TRASH RECEPTACLES AND DEBRIS REMOVAL

Owners and builders shall clean up all trash and debris at the end of each day; an approved trash receptacle must remain on the site at all times for this purpose to contain all lightweight materials and packaging. Such trash receptacles must be placed on site no later than when foundation form boards are installed on site. No construction debris may accumulate on site unless within a trash receptacle. The receptacle must be positioned on the site alongside the construction access drive, clear of adjacent road right-of-way and neighboring properties. Trash receptacles must be emptied on a timely basis to avoid overflow of refuse; disposal shall be at a suitable off-site facility. Owners and builders are prohibited from dumping, burying, or burning trash anywhere on the Lot or in Mira Vista. Heavy debris, such as broken brick or stone, wood scrap, or the like must be removed from the Lot and Mira Vista immediately upon completion of the work of each trade that has generated the debris.

All concrete washout, from both trucks and mixers, must occur within the developed area of the Lot. Concrete washout should be removed before construction is completed. Washout in road right-of-ways, setbacks, or on adjacent or common properties is strictly prohibited.

During the construction period, each construction site shall be kept neat and shall be properly policed to prevent it from becoming a public eyesore in the judgement of the Architectural Control Committee or a detriment to other Lots or open space. Any

clean-up costs incurred by the Architectural Control Committee or the Association in enforcing these requirements shall be payable by the Owner and the general contractor. Dirt, mud, or debris resulting from activity on each construction site shall be promptly removed from public or private roads, open spaces, driveways, or other portions of Mira Vista.

#### 4.5 SANITARY FACILITIES

Each Owner or builder shall be responsible for providing adequate sanitary facilities for his construction workers. Portable toilets must be located within the Lot's perimeter, clear of all road rights-of-way and adjacent properties. In addition, the portable toilets must be appropriately/professionally screened from view of surrounding residents, roadways or lots.

#### 4.6 CONSTRUCTION ACCESS

Construction access to any Lot may only occur from its primary street frontage. Access across golf course, common property, open space tracts, or across any neighboring Lot is strictly prohibited.

#### 4.7 VEHICLES AND PARKING AREAS

Construction personnel may only park upon the residential Lot, or along the curb of the primary street frontage of the Lot. For Lots with narrow street frontage, and during very busy construction periods involving multiple trades such that all construction vehicles cannot be confined to the site proper or its immediate frontage, the overflow vehicles may be temporarily parked along nearby curb frontages; during these limited occurrences, vehicles must be parked parallel to the curb to allow continual unconstrained access by normal traffic and emergency vehicles, including fire trucks. Vehicles may not be

parked on neighboring Lots, in nearby driveways or on open space or golf course tracts. Vehicles must be parked and facing the correct manner on the street, not blocking neighbor driveways. Vehicles should not be parked on both sides of the street. Changing oil or other vehicle maintenance is prohibited.

#### **4.8 CONSERVATION OF NATIVE LANDSCAPING**

Trees which are to be preserved must be marked and protected throughout construction by flagging, fencing, or barriers. The ACC shall have the right to flag major terrain features of plants which are to be fenced for protection. Any trees or branches removed during construction must be promptly cleaned up and removed from the construction site.

#### **4.9 EXCAVATION MATERIALS AND BLASTING**

If any blasting is to occur, the ACC must be notified two weeks in advance and appropriate approvals must be obtained from the City of Fort Worth. Blasting may only be done by licensed demolition personnel, with all requisite insurance coverages as mandated by the ACC and by city, county and/or state statutes, specific to their blasting activity at Mira Vista. The ACC shall have the authority to require in writing documentation of anticipated seismic effects, with confirmation such effects will not be injurious to other persons or properties, public or private, and that all appropriate protection measures have been utilized.

All surplus products of excavation, including blasting, must be removed from Mira Vista once rough excavation has been completed. On-site stockpiling of rock, gravel, or soil shall be limited to those materials intended to reuse for backfill and final grading.

#### **4.10 DUST AND NOISE CONTROL**

The contractor shall be responsible for controlling dust and noise from the construction site. Dirt and mud deposited on public or private roads as the result of construction activity shall be promptly removed.

The sound of radios or of other audio equipment must not be audible beyond the property perimeter of any Lot; repeated violations of this provision will result in the total prohibition of any on-site use of radios or audio equipment during construction.

#### **4.11 MATERIAL DELIVERIES**

All building materials, equipment and machinery required to construct a residence on any Lot at Mira Vista must be delivered to and remain within the property boundary of each Lot, clear of all road rights-of-way and adjacent Lots or tracts. This includes all building materials, earth moving equipment, trailers, generators, mixers, cranes and any other equipment or machinery that will remain at Mira Vista overnight. Material delivery vehicles may not drive across adjacent Lots or tracts to access a construction site. Material deliveries may not occur on Sunday.

#### **4.12 FIRE ARMS**

The possession or discharge of any type of firearm by construction personnel on any construction site, Lot, or Common Property within Mira Vista is prohibited.

#### **4.13 ALCOHOL AND CONTROLLED SUBSTANCES**

The consumption of alcohol or use of any controlled substance by construction personnel on any construction site, Lot, or Common Property within Mira Vista is prohibited.

#### 4.14 FIRES AND FLAMMABLE MATERIALS

Careless disposition of cigarettes and other flammable materials, as well as the build-up of potentially flammable materials constituting a fire hazard, are prohibited. At least two 20-pound ABC-Rated Dry Chemical Fire Extinguishers shall be present and available in a conspicuous place on the construction site at all times. No on-site fires are allowed.

#### 4.15 PETS

No pets, particularly dogs, may be brought onto the property by a member of any construction crew.

#### 4.16 PRESERVATION OF PROPERTY

The use of or transit over any other Lot, Common Property or amenity, including the golf course, is prohibited. Construction personnel shall refrain from parking, eating, depositing of rubbish or scrap materials (including concrete washout) on any neighboring Lot, tract, or right-of-way.

#### 4.17 RESTORATION OF PROPERTY

Upon completion of construction, each Owner and builder shall clean his construction site and repair all property which has been damaged, including but not limited to: restoring grades, planting shrubs and trees as approved or required by the ACC, and repair of streets, curbs, sidewalks, utilities, driveways, pathways, drains, culverts, ditches, signs, lighting, and fencing.

In addition, the Owner and general contractor shall be held financially responsible for the cost of site restoration/revegetation and refuse removal necessitated on any and all

adjacent properties as a result of trespass or negligence by their employees or subcontracted agents.

#### 4.18 CONSTRUCTION SIGNAGE

Temporary construction signs shall be limited to one sign per site not to exceed nine square feet of total surface area. This sign is intended primarily for job site identification; therefore it must be located within the Lot boundary, facing the street frontage of the Lot. It may identify the general contractor and designer by name and address, license number and telephone number(s) and it may identify the job site by Lot number or Owner's name. The sign shall be free standing, not to exceed four feet in height above natural grade. The sign's design, color, style, text, duration of display and location upon the Lot must be approved in advance by the ACC. The construction sign may not be erected on a site earlier than two weeks prior to the onset of continuing construction activity and must be removed within two weeks of the issuance of a certificate of occupancy by the City, or immediately upon the passage of 30 calendar days without significant construction activity. The general contractor of a completed market home may apply to the ACC for continuation of his construction sign for advertising and sales purpose after construction has been completed, until such time that a contract for sale has been executed.

Individual signs, or construction sign attachments identifying individual subcontractors, tradesmen, or suppliers are prohibited; identification of licensed tradesmen, when required by state or city statutes, shall be confined to the posting location of the building permit.

Attachment of signs or similar material to trees is strictly prohibited. The ACC will accomplish the removal and disposal of all non-conforming signs.

#### 4.19 DAILY OPERATION

Daily working hours for each construction site shall be from 7:00 a.m. to 6:00 p.m., Central Standard Time, or 7:00 a.m. to 7:00 p.m., Daylight Savings Time, Monday through Saturday of each week. All construction work, including material deliveries, must cease on Sunday of each week.

In addition, no construction work is allowed on the following holidays:

New Years Day  
Memorial Day  
Independence Day  
Labor Day  
Thanksgiving Day  
Christmas Day

#### 4.20 SITE VISITATIONS

Due to the inherent danger associated with an active construction site, visitors to any site should be limited to those persons with official business relating to the construction activity, such as construction workers and tradesmen, building officials, security staff, Architectural Control Committee representatives or observers, sales personnel, and the Owner. Construction personnel should not invite or bring family members or friends, especially children, to the job site.

Contractors and homeowners are strongly encouraged to provide a construction fence for new home construction, pool construction or major renovations.

#### 4.21 CONSTRUCTION INSURANCE REQUIREMENTS

All contractors and subcontractors must provide evidence of insurance with their Lot Owner and the ACC, prior to entering the construction premises. Confirmation shall be evidenced in the form of a valid Certificate of

Insurance naming Mira Vista Homeowners Association, Inc as the certificate holder. The required insurance must provide coverage not less than \$500,000 each for general liability and automobile liability. General liability coverage shall contain provisions for contractual liability and broad form property damage. The certificate shall provide for 30-day notice to the certificate holders in the event of cancellation or material change in the limits of coverage.

#### 4.22 VEHICULAR ACCESS TO MIRA VISTA

Prior to the start of construction activity at Mira Vista, each general contractor shall meet with security staff and prepare a "contractors' vehicle pass list" (which shall include their sub-contractors) and the supporting information relating to the description and identification of construction/employee vehicles. No person or vehicle will be allowed past the guardhouse until the requisite documents are on file and the appropriate passes have been issued. The Architectural Control Committee or the security staff may require proof of acceptable insurance as a condition of entry.

#### 4.23 BUILDER QUALIFICATION

All contractors and subcontractors performing construction or other related services at Mira Vista must be licensed and satisfy such other requirements as may be imposed by the Architectural Control Committee, in its sole discretion. Prior to the start of any construction activity, general contractors who are not on the approved builder list must make an application to the ACC for approval as a qualified Mira Vista contractor. Such application shall be in the form specified by the ACC, shall be supported by such additional information or documentation as the ACC may specify, and shall include an express written confirmation

of the applicant's agreement to abide by these Design Guidelines, the Declaration and all other rules and regulations promulgated by the ACC. The failure of any approved builder to abide by the terms and provisions of these Design Guidelines may result in the disqualification of such builder as an approved builder at Mira Vista. A fee of \$500.00 shall be paid by an Owner to qualify any builder not on the Approved Builders' List maintained by the ACC. Builders who have been approved by the ACC are approved on the quality of their construction as compared to the Design Guidelines, and the ACC does not investigate or determine the financial stability of any proposed builder.

Upon approval by the ACC, a builder shall be provided with a copy of all applicable construction rules and policies in order to facilitate the new builder's overall compliance with the provisions of the Design Guidelines. Failure to abide by the Design Guidelines will likely result in a fine and/or suspension of building privileges.

**INCLUSION OF A BUILDER ON THE ASSOCIATION'S APPROVED BUILDER LIST IS BASED SOLELY ON THE LISTED BUILDERS' PAST COMPLIANCE WITH THE GOVERNING DOCUMENTS. IN NO EVENT SHALL AN OWNER RELY ON THE APPROVED BUILDER LIST AS EVIDENCE OF THE BUILDER'S RELIABILITY, QUALIFICATIONS, BUSINESS PRACTICES, FINANCIAL CONDITION, OR OTHER CHARACTERISTICS. EACH OWNER IS SOLELY RESPONSIBLE FOR VETTING AND SELECTING THEIR BUILDER.**

The ACC will conduct a thorough review of the Qualified Builders list annually at the February ACC Meeting to determine if the builders on the list still meet all of the

qualifications to continue to build homes in Mira Vista. If it is determined that a builder no longer meets the standards expected of a quality builder, the ACC will notify the affected builder immediately.

#### **4.24 BUILDER ESCROW DEPOSITS**

All new builders who have been conditionally approved to build their first residence in Mira Vista must deposit \$5,000 in escrow (the "Escrow Deposit") with the management company, CMA, or such other title company as is acceptable to the ACC, and execute an Escrow Agreement on a form promulgated by the ACC. The Escrow Deposit shall be used by the ACC to (i) pay for the completion of any deficiencies in any construction, (ii) cure any items in non-compliance with these Design Guidelines, (iii) pay fines for citations or other defaults that were issued or incurred during the construction of such residence, and (iv) pay for other similar type items. This Section 4.24 shall not obligate the ACC to actually use such Escrow Deposit or pay the costs associated with any charges in excess of the Escrow Deposit. The provisions of this Section 4.24 may be waived or modified by the ACC in its own discretion. Any unused portion of the Escrow Deposit shall be returned to the builder after completion of the residence to the satisfaction of the ACC. A Conditionally Approved Builder will remain in that status until completion of construction of three homes in Mira Vista. While the builder remains conditionally approved, they will deposit the \$5,000 escrow for each of the three homes. At the satisfactory completion of the third home, the builder will be added to the approved list of Mira Vista Builders.

#### 4.25 FINE SCHEDULE FOR CONSTRUCTION RULES VIOLATIONS

The following fine schedule shall be in effect for each construction site in order to obtain greater compliance with the construction rules set forth in these Design Guidelines.

Specifically, the first five (5) citations issued in relation to construction rules violations at a specific job site will be considered “warning violations” and will not result in the assessment of a monetary fine. In the event additional citations are issued for a specific job site, each of the next five (5) citations will result in a monetary fine of \$50.00 per citation. Similarly, in the event additional citations are issued in excess of the first ten (10), each of the next five (5) citations would entail an enhanced fine of \$75.00 per citation. Finally, all citations issued in excess of fifteen (15) per job site will entail a monetary fine of \$100.00 per citation. The property owner will be liable for all fines assessed under the Design Guidelines. Failure to timely pay any such fines will likely result in an immediate cessation of the project which is associated with the unpaid fines.

<b>Violations</b>	<b>Fine Schedule</b>
1-5	Written warning
6-10	\$50.00 each
11-15	\$75.00 each
16 and up	\$100.00 each

## V. DESIGN REVIEW PROCEDURES

Site-sensitive, site-specific design shall be fundamental at Mira Vista. Design drawings should evolve from the careful and thorough analysis of a site's specific setting and features. Therefore, Owners and/or their designers should refrain from approaching a site with a predetermined design expecting to "make it fit", with little regard to natural constraints. Mira Vista has established this review procedure to assist the applicant through the design process in its appropriate sequence.

Plans and specifications shall be submitted to the ACC in accordance with the following conference and submittal requirements and review procedures.

An Owner may appeal an ACC denial to the Board. For more information on this process, please refer to the Association's 209 Hearing Policy.

### 5.1 PRE-DESIGN CONFERENCE

Prior to preparing preliminary plans for any proposed improvement, it is recommended that the Owner and/or his architect/designer meet with a representative of the ACC to discuss proposed building intentions and to resolve any questions regarding building requirements at Mira Vista. This informal review is to offer guidance prior to initiating preliminary design, and should occur on site whenever possible.

### 5.2 PRELIMINARY DESIGN SUBMITTAL

When the preliminary design is complete, its submittal for consideration must include all of the following exhibits; no review will commence until the submittal is complete.

1. Site plan (scale at 1" = 10' or 1" = 8'), showing the entire property, location of the proposed residence and any accessory buildings, driveway, parking area, existing and proposed topography, proposed finished floor elevations, all trees of 4 inch diameter or greater at chest height, special terrain features to be preserved and trees to be removed.
2. Survey (scale at 1" = 10' or 1" = 8'), by a registered land surveyor or licensed civil engineer showing Lot boundaries and dimensions, topography (2 feet contours or less), significant terrain features, all trees of 4 inch diameter or greater at chest height, edge of pavement or curb, and utility locations.
3. Floor plans (scale ¼" or 1/8" = 1'0"), showing proposed finished floor elevations.
4. All exterior elevations (scale ¼" or 1/8" = 1'0") showing both existing and proposed grade lines, plate heights, ridge heights, roof pitch and preliminary indication of all exterior materials and colors.
5. If the ACC deems it appropriate due to slope considerations or complexity of design, a computer study model may be required (same scale as site plan), which accurately depicts all the proposed improvements and their relationship to the site.
6. Any other drawings, materials, or samples requested by the ACC.
7. A design review fee in the ACC approved rate sheet shall be charged based on square foot of enclosed living area of the residence

and accessory buildings, see Appendix E of the Design Guidelines. A preliminary design will not be placed on the agenda for review unless this fee has been included with the submittal. The design review fee will be collected on behalf of the ACC's designated independent architect (See Design Guidelines Section 3.1 relating to determination of residential floor area.)

The submittal shall consist of one complete set of the requisite documents and exhibits submitted digitally.

The submittal must be accompanied by a completed application for preliminary design review and the requisite review fee remittance.

### 5.3 PRELIMINARY DESIGN REVIEW

The ACC will meet to review the submittal and will respond in writing within 10 days after their meeting barring unavoidable delays, but no later than 30 days after the effective date of submittal.

At such time as a complete preliminary submittal meets the approval of the ACC, one set of the submittal documents will be retained by the ACC and the other set will be marked "Approved" and returned to the Owner or his designated representative, accompanied by a statement indicating approval as submitted, or approval subject to certain conditions or modifications. If the ACC determines that a submittal is not in compliance with these Design Guidelines or the Declaration, one set of the submittal shall be returned marked "Disapproved", accompanied by a reasonable statement of items found to be not in compliance. The approval or disapproval of the ACC shall be narrative and in writing.

Results of review will not be discussed over the telephone by members of the ACC with

an Owner or his architect or builder, and no Owner, architect or builder shall have the right to attend any meeting of the ACC unless specifically requested by the ACC.

Any response an Owner may wish to make regarding the results of a design review must be addressed to the ACC in writing.

### 5.4 FINAL DESIGN SUBMITTAL

After preliminary approval is obtained from the ACC, the following documents are to be submitted for final review; no review will commence until the submittal is complete.

1. Site plan (scale at 1" = 10' or 1" = 8'), showing the entire property, location of the residence and any accessory buildings, driveway, parking area, existing and proposed topography, finished floor elevations, all protected plants or special terrain features to be preserved, trees to be removed, all utility sources and connections, and site walls.
2. Foundation plan (scale 1/4" or 1/8" = 1'0"), showing layout, foundation steps, reinforcement design, design criteria, and the stamp of a registered engineer.
3. Floor plans (scale 1/4" or 1/8" = 1'0"), showing finished floor elevations.
4. Roof plan (scale 1/4" = 1'0"), showing all roof pitches.
5. Building section (scale 1/4" = 1'0"), indicating existing and proposed grade lines.
6. All exterior elevations (scale 1/4" = 1'0"), showing both existing and proposed grade lines, plate heights, roof pitch and an indication of exterior materials and colors.
7. Paint chips and literature as requested by the ACC depicting or describing all

exterior materials. (See Design Guidelines Section 5.5 for deferment of proposed color selections.)

8. Complete landscape plan (scale 1" = 10' or 1" = 8'), showing size and type of all proposed plants, irrigation system, all decorative materials or borders and all retained plants. (See Design Guidelines Section 5.5 for deferment of the submittal of this item.)
9. On-site staking of all building corners and other improvements, if requested by the ACC.
10. Due to enhanced requirements adopted by federal, state and/or local government agencies, the Final Design Submittal must include a Storm Water Pollution Prevention Plan ("SWPPP") in conformance with applicable governmental guidelines. The SWPPP must be reviewed and approved by a representative designated by the ACC prior to commencement of construction. Implementation/Execution of the SWPPP must occur prior to disturbance of the construction site. The SWPPP must be reviewed and maintained on a weekly basis until installation of the landscape plan has commenced. Failure to properly maintain the integrity and functionality of the SWPPP will likely result in monetary fines, suspension of approved builder status, or both, if appropriate, as determined by the ACC or its designee.
11. As adopted by the Board of Directors of the Association, an impact fee of 50 cents per square foot for new construction or large renovations, and \$400 for pools, roof replacements and retaining walls will be collected by the Association prior to issuance of a Notice of Commencement. Failure to timely pay the impact fee will delay the commencement of construction.

The submittal shall consist of one complete set of the requisite documents and exhibits submitted digitally.

## 5.5 DEFERRAL OF MATERIAL OR COLOR SELECTION

An Owner may wish to delay the confirmation of landscaping intentions or final color or stonework selections until some point in time after the start of construction in order to better visualize landscape considerations, or to test an assortment of potential colors with actual materials intended for use. The ACC will cooperate with the Owner in this regard, provided that no landscape work may be started, nor color or material applied, until such time as the ACC has had the opportunity to review and consent to the final selections. The resubmittal should occur before the placement of any orders for materials to avoid potential restocking costs in the event of denial of the submitted item(s). Further, the provision stated here shall be a condition of Final Design Approval; therefore, application of any material, coating, or finish without the requisite resubmittal to the ACC shall have the effect of voiding the approval in its entirety.

## 5.6 SITE INSPECTION

As soon as the submission of final plans is complete, a representative of the ACC will inspect the Lot to determine that the conditions as depicted in the final submittal are accurate and complete.

## 5.7 FINAL DESIGN REVIEW

The ACC will meet to review the submittal and will respond in writing within 10 days after their Final Design Review approval,

barring unavoidable delays, but no later than 30 days after the effective date of submittal.

At such time as a complete final submittal meets the approval of the ACC, one set of the submittal documents will be retained by the Architectural Control Committee and the other set will be marked "Approved" and returned to the Owner or his designated representative, accompanied by a statement indicating approval as submitted, or approval subject to certain conditions and modifications. If the ACC determines that a submittal is not in compliance with these Design Guidelines or the Declaration, one set of the submittal shall be returned marked "Disapproved", accompanied by a reasonable statement of items found to be not in compliance. The approval or disapproval of the ACC shall be narrative and in writing.

Results of reviews will not be discussed over the telephone by members of the ACC with an Owner or his architect or builder, and no Owner, architect or builder shall have the right to attend any meeting of the Architectural Control Committee unless specifically requested by the ACC.

Any response an Owner may wish to make regarding the results of a design review must be addressed to the ACC in writing.

## **5.8 RESUBMITTAL OF PLANS**

In the event of any disapproval by the ACC of either a preliminary or a final submittal, a resubmission of plans must follow the same procedure as an original submittal. The ACC may assess an additional design review fee (which correlates to the relative consulting costs for multiple review efforts) upon subsequent submittals which diverge substantially from previously reviewed applications for the same site, whether previously approved or denied.

## **5.9 PRE-CONSTRUCTION CONFERENCE**

Prior to commencing construction, each pre-approved builder must meet with a representative of the ACC to review construction procedures and coordinate his activities in Mira Vista and execute the confirmation set forth in Section 4.23.

## **5.10 COMMENCEMENT OF CONSTRUCTION**

Upon receipt of final approval and Notice of Commencement from the ACC and having satisfied all applicable City of Fort Worth review processes, the Owner shall satisfy all conditions of approval and commence the construction or any work pursuant to the approved plans within one year from the date of such approval. Owner may not commence any construction activity including grading, site preparation, or other preliminary activity prior to receipt of the Notice of Commencement.

If the Owner fails to begin construction within this time period, any approval given shall be automatically revoked.

The Owner shall, in any event, complete the construction of any improvement of his Lot within two years after commencing construction thereof, except and for so long as such completion is rendered impossible or would result in great hardship to the Owner due to labor strikes, fires, national emergencies or natural calamities. If the improvement cannot be completed in two years, they are required to file a formal extension that must be approved by the ACC. If the Owner fails to comply with this schedule, or if the diligent and earnest pursuit of the completion of the improvement ceases, or is abandoned for a period of one calendar

month, or a cumulative period of four weeks during any eight week span, the ACC may, upon the passage of sixty days after written notification to the Owner, proceed to have the exterior of the improvement completed in accordance with the approved plans, or remove the improvement and restore the Lot to its pre-construction condition to the greatest degree possible. All costs relating to the completion or removal shall be borne and reimbursed to the ACC by the Owner, to be secured by a continuing lien on the Lot.

### **5.11 INSPECTIONS OF WORK IN PROGRESS**

The ACC may inspect all work in progress and give notice of noncompliance. Absence of such inspection or notification during the construction period does not constitute an approval by the ACC of work in progress or compliance with these Design Guidelines.

### **5.12 SUBSEQUENT CHANGES**

Additional construction or other improvements to a residence or Lot, or changes during construction or after completion of an approved structure, including landscaping and color modification, must be submitted to the ACC for approval prior to making such changes or additions.

### **5.13 COMPLIANCE INSPECTION**

After completion of any residence or other improvement a representative of the ACC may inspect the residence or other improvements for compliance.

If it is found that the work was not done in compliance with the approved plans or any portion of these Design Guidelines, the ACC may issue a written notice of noncompliance to the Owner, specifying the particulars of noncompliance, which notice is to be issued within 30 days of the final inspection.

The Owner shall have 30 days from the date of notice of noncompliance within which to remedy the noncomplying portions of his improvement. If, by the end of this time period the Owner has failed to remedy the noncompliance, the ACC may take action to remove the noncomplying improvements as provided for in these Design Guidelines, including, without limitation, injunctive relief or the imposition of a fine.

### **5.14 NONWAIVER**

The approval by the ACC of any plans, drawings, or specifications for any work done or proposed shall not be deemed to constitute a waiver of any right to withhold approval of any similar plan, drawing or specification subsequently or additionally submitted for approval. Failure to enforce any provision of these Design Guidelines shall not constitute a waiver of same.

### **5.15 RIGHT OF WAIVER OR VARIANCE**

The ACC reserves the right to waive or vary any of the procedures or standards set forth herein at its discretion, for good cause shown. Upon submission of a written narrative request for a variance or waiver of one or more provisions of these Design Guidelines, the ACC may, from time to time, in its sole discretion, permit Owners to construct, erect, or install improvements which are in variance to these Design Guidelines, provided such variance is in basic conformity with and blends effectively with the general architectural style and design of the community. No member of the ACC shall be liable to any Owner or other person for any claims, causes of actions, or damages arising out of the granting or denial of any variance request by an Owner or his agent. Each request for a variance submitted hereunder shall be reviewed separately and apart from

other such requests and the grant of variance to any Owner shall not constitute a waiver of the ACC's right to strictly enforce these Design Guidelines against any other Owner. Each such written request must identify and set forth in narrative detail the specific guideline or standard from which a variance is sought, describe in detail the exact nature of the variance sought and be accompanied by the appropriate fee, as prescribed by the ACC. Any grant of variance by the ACC must be in writing and must identify in narrative detail both the standard from which a variance is being sought and the specific variance being granted.

#### 5.16 EXEMPTIONS

The reconstruction by the Association or the Declarant after damage or destruction by casualty or otherwise of any Common Properties which is accomplished in substantial compliance with "as built" plans for such Common Properties shall not require compliance with the provisions of these Design Guidelines.

Utility and maintenance buildings, structures, and cabinets located on non-residential tracts are exempted from the "Architectural Design Standards" portion of this document.

However, the ACC will endeavor to attain as high a level of conformance with these standards as is practical for these types of facilities.

Repainting or restaining associated with the prudent maintenance of an existing residence does not require prior approval by the ACC, provided the paint/stain colors are identical to those initially approved by the ACC for the application to the residence.

## VI. ARCHITECTURAL CONTROL COMMITTEE ORGANIZATION

### 6.1 MEMBERS

The ACC will consist of three to seven members of the Mira Vista Homeowners Association. The members will be approved by the Board of Directors.

A person may not be appointed to serve on the ACC if the person is (i) a current Board member; (ii) a current Board member's spouse; or (iii) a person residing in a current Board member's household.

### 6.2 DELEGATION OF AUTHORITY

The ACC may delegate its design and plan review responsibilities to one or more of its members, acting as a subcommittee of the ACC, and/or professional design consultants retained by the ACC on behalf of the Association. Upon such delegation, the approval or disapproval of plans and specifications by such member or consultants shall be brought to a vote by the entire ACC for final approval or disapproval.

### 6.3 DUTIES

It shall be the duty of the ACC to perform those duties specified in the Declaration and these Design Guidelines, to consider and act upon such proposals or plans related to the construction of improvements within the Mira Vista project as are submitted pursuant to the Declaration and these Design Guidelines, to enforce the architectural provisions of the Declaration and these Design Guidelines, and to amend these Design Guidelines whenever, and in a manner, deemed appropriate by the ACC.

### 6.4 ADDRESS OF ARCHITECTURAL CONTROL COMMITTEE

The address of the ACC shall be the address established for giving notice to the Association, unless otherwise specified by the ACC. Such address shall be the place for the submittal of plans and specifications and the place where the current Design Guidelines shall be kept.

The present address for the Mira Vista ACC is:

Mira Vista  
Architectural Control Committee  
6610 Bryant Irvin Road, Suite 300  
Fort Worth, Texas 76132

### 6.5 MEETINGS

The ACC shall convene at least once monthly as necessary to properly perform its duties. The vote of a majority of the members shall constitute an act by the Committee. Submittals, discussions, approvals, disapprovals and responses may be considered in person or online via e-mail and/or Cinc.

The ACC shall keep on file all submittals and copies of all written responses to Owners to serve as record of all actions taken.

### 6.6 COMPENSATION

Unless authorized by the Association, the members of the ACC shall not receive any compensation for services rendered. However, a professional design consultant, retained to advise and assist the ACC, and

who is also serving as an appointed member of the ACC as well, may be paid such compensation as the other ACC members determine.

All members shall be entitled to reimbursement for reasonable expenses incurred by them in connection with their performance of their duties. Professional consultants or representatives of the ACC retained for assistance in the review process shall be paid such compensation as the ACC determines.

## 6.7 AMENDMENT OF DESIGN GUIDELINES

The Architectural Control Committee may, from time to time and at its sole discretion, amend or revise any portion of these Design Guidelines. All such amendments or revisions shall be consistent with the Declaration and approved by the Mira Vista Homeowners Association Board. The amendments shall be appended to and made a part of the Design Guidelines.

Each Owner is responsible for obtaining from the HOA a copy of the most recently revised Design Guidelines.

## 6.8 NONLIABILITY

Plans and specifications shall be approved by the ACC as to style, exterior design, appearance and location, and are not approved for engineering design or for compliance with zoning and building ordinances, and by approving such plans and specifications, neither the ACC, the members or agents thereof, the Association, the Board of Directors of the Association, nor the Declarant assumes any liability or responsibility therefore, or for any defect in any structure constructed from such plans and specifications. Neither the ACC, any member or agent thereof, the Association, the Board

of Directors of the Association, nor the Declarant shall be liable to any Owner or other person for any damage, loss or prejudice suffered or claimed on account of:

1. The approval or disapproval of any plans, drawings and specifications, whether or not defective;
2. The construction or performance of any work, whether or not pursuant to approved plans, drawings and specifications;
3. The development, or manner of development, of any property within the Mira Vista project; or
4. The execution and filing of a compliance or non-compliance certificate pursuant to these Design Guidelines, whether or not the facts therein are correct; provided, however, that such action, with the actual knowledge possessed by him, was taken in good faith.

Every Owner or other person, by submission of plans and specifications to the ACC for approval, agrees that he will not bring any action or suit against the ACC, any of its members or agents, the Association, the Board of Directors of the Association, or the Declarant, regarding any action taken by or on behalf of the ACC. Approval by the ACC of plans and specifications by or on behalf of the ACC, or of the construction of any improvement at Mira Vista, refers only to these Design Guidelines, and in no way implies, and shall not be deemed to be a representation or warranty that, the submitted plans or specifications for the improvement comply with applicable governmental ordinances or regulations including, but not limited to, zoning ordinances and building codes.

## 6.9 ENFORCEMENT

The ACC may, at any time, inspect a Lot or improvement and, upon discovering a violation of these Design Guidelines, provide a written notice of noncompliance to the Owner causing the noncompliance, including a reasonable time limit within which to correct the violation. If an Owner fails to comply within this time period, the ACC or its authorized agents may enter the Lot without breaching the peace and correct the violation at the expense of the Owner of such Lot; said expense to be secured by a lien upon the Lot owned by the noncomplying Owner enforceable in accordance with the Declaration. The ACC may also pursue any and all other available legal remedies including, but not limited to, injunctive relief and/or monetary damages.

In the event of any violation of these Design Guidelines, the ACC may, without waiving any other remedy, at its sole discretion and in addition to restoration or completion expenses, impose without limitation a punitive fine, commensurate with the severity of the violation.

## 6.10 SEVERABILITY

If any provision of these Design Guidelines, or any section, clause, sentence, phrase or word, or the application thereof in any circumstance, is held invalid, the validity of the remainder of these Design Guidelines, and of the application of any such provision, section, sentence, clause, phrase or word in any other circumstances, shall not be affected thereby, and the remainder of these Design Guidelines shall be construed as if such invalid part were never included therein.

## 6.11 OBLIGATION OF OWNERS TO MAINTAIN LOTS

The adoption of these Design Guidelines, including the standards and procedures for architectural approval, shall not be construed as changing any rights, obligations or restrictions upon Owners to maintain or repair their Lots as may otherwise be specified in the Declaration or the rules and regulations of the Association.

## 6.12 INSPECTION OF CONSTRUCTION

Any member or authorized consultant of the Architectural Control Committee, or any authorized officer, director, employee or agent of the Association, may at any reasonable time enter, without being deemed guilty of trespass, upon any Lot after reasonable notice to the Owner, in order to inspect improvements constructed or being constructed on such Lot to ascertain that such improvements have been or are being built in compliance with these Guidelines and the Declaration.

## 6.13 RELIANCE BY SUBSEQUENT OWNERS

Purchasers of a Lot, in good faith and for value, are not responsible for violations in existence at the time of closing unless:

- (1) No resale certificate is requested in connection with conveyance of the Lot;
- (2) The violation has been noted on a resale certificate, if one is requested;
- (3) A Notice of Noncompletion or Notice of Nonconformance identifying the violating Lot and specifying the reason for the Notice has been executed and filed in the Real Property Records of Tarrant

- County, Texas, and provided to the  
Owner of such Lot; or
- (4) The purchaser has actual knowledge  
of the violation at the time of  
closing

## VII. PROMULGATION AND BINDING EFFECT

These Design Guidelines are promulgated by the ACC in accordance with, and pursuant to the authority granted in, Article X, paragraph (b) (iv), of the Declaration of Covenants, Conditions and Restrictions for Mira Vista (the "Declaration"), recorded September 21, 1987, in Volume 9074, Page 1082 et. seq., of the Tarrant County Records, Tarrant County, Texas. These Design Guidelines shall be deemed incorporated into a Declaration for all intents and purposes of Article X thereof and shall be binding upon all Lots within the Mira Vista project and upon all Owners or other persons having any interest in or to a Lot within the Mira Vista project subject to the Declaration and any Supplemental Declaration involving the Lots at Mira Vista. In the event of any conflict or inconsistency between the provisions of these Guidelines and the provisions of Article X of the Declaration pertaining to architectural control, standards or procedures, or to the ACC, the provisions of these Design Guidelines shall be controlling.

## PREAMBLE

These amendments are adopted as a SUPPLEMENT to the larger text MIRA VISTA DESIGN GUIDELINES currently in effect and are applicable to the development of residential Lots in the GARDEN HOMES AT MIRA VISTA. All standards, directives, guidelines, and procedures of the Mira Vista Design Guidelines remain applicable to the development of residential Lots in the Garden Home Parcels as well, except where specifically modified or amended by **this supplement.**

This SUPPLEMENT FOR GARDEN HOMES AT MIRA VISTA is promulgated by the Mira Vista Architectural Control Committee in accordance with the Declaration of Covenants, Conditions, and Restrictions for Mira Vista (the "Declaration"), and pursuant to the authority granted therein to the Board of Directors of the Mira Vista Homeowners Association, Inc. (the Association).

## **1(A) STATEMENT OF PURPOSE**

(addition to text of Section I)

These supplemental guidelines have been generated to provide direction to the Garden Home Builders selected by Mira Vista Architectural Control Committee for the improvement of their properties within the Garden Homes at Mira Vista. These development parameters are directed towards the creation of an attractive homogeneous community of homes of moderate profile and size. The design standards and palette of allowable materials have been focused to insure a continuity of style; yet they still afford sufficient opportunity for individual design flexibility within the constricted framework.

With regard to the initial Garden Homes, four neighborhoods of lots have been developed and it is anticipated that design, style, detail, material and color shall be varied throughout each neighborhood. At least one-fourth of the Garden Homes in each neighborhood shall be of a single story design. Identical or recognizably similar plans may not be repeated upon adjacent lots, even though the plan is reversed. A lot within a Garden Home neighborhood may not be resold to a secondary buyer except as a developed product.

These garden home lots with less restrictive front setback requirements afford the opportunity for a coordinated and uniformly lowmaintenance streetscape. The common maintenance of the landscape buffers and front yard landscaping shall be administered by Mira Vista Homeowners' Association which administers the Mira Vista community at large and a separate charge shall be assessed the Garden Home owners to cover the costs of such service.

## **2(A) SITE PLANNING AND LANDSCAPE GUIDELINES**

### **2.1(A) BUILDING SETBACKS**

(replaces Section 2.1 in its entirety)

No portion of any residential structure or accessory building may be constructed closer to a property line than the established minimum building setbacks described below.

Required minimum building setbacks from property lines:

Front (applicable to all lot boundaries which directly abut road rights-of-way)

- 10 feet for all elements of the residence, except for garages,
- 5 feet to the non-door wall of a side entry garage,
- 18 feet to the door wall of a garage which faces to the street.

#### **\* Side**

- one minimum side setback of 5 feet is allowed in combination with a minimum setback of 10 feet at the opposite side property line; a Developer-Builder may determine the application of the opposing setbacks based upon design considerations. Corner Lots, with only one side property line, must maintain a side setback of five feet.

#### **\*Rear**

- 10 feet for a single story portion of a residence.
- 20 feet for a two story element of a residence. Where the roof of the single story wing continues up to enclose an inset second story habitable space, that inset second floor space must also respect the minimum setback of 20 feet applicable to two story structures.

\*For corner Lots with frontage along two road rights-of-way, or Lots of irregular shape, the City authorities may assign the rear setback designation to a property line based upon the Lot's configuration; each Developer-Builder shall bear the responsibility for contacting the City to confirm setback configurations for such a Lot, prior to the preparation of a preliminary site plan for improvements.

### **2.3(A)**

### **GRADING AND DRAINAGE**

(addition to text of Section 2.3)

For the purpose of clarity, the terms "natural" and "historic" which describe grade, slope, or drainage in the text of Design Guidelines Section 2.3 shall be interpreted to mean the resultant surface configuration of a Lot upon the completion of infrastructure and its associated general grading, but prior to the onset of any individual construction activity on the Lot.

### **2.4**

### **ACCESS DRIVES**

(addition to text of Section 2.4)

With respect to vehicular access, two adjacent residences will be allowed to share an access drive provided it is two "lanes" in width bisected by the common property line. Also, combination of garage structures near the rear of two adjacent properties will be allowed so long as a masonry fire separation wall and parapet at the property line is used. Neither the Mira Vista Homeowners Association, Inc., or the Architectural Control Committee shall bear any responsibility to obtain any necessary approval for such a garage combination such that all necessary approval, including setback variances, must be obtained from the City of Fort Worth by the garden home builders. All garden homes must access from the front of each property such that access from the lower road servicing the single family fairway lots will be prohibited.

### **2.7(A)**

### **WALLS AND FENCES**

(replaces Section 2.7 in its entirety)

All fences which abut landscape buffers shall be of the standardized design utilized for fences along Mira Vista Boulevard, consisting of stone support pillars with vertical cedar in-fill panels.

All other fences or privacy walls which face towards a street frontage shall be constructed of brick masonry, or brick masonry and black wrought iron in combination. Such walls must appear as a visual extension of the residence, incorporating brick masonry which matches the brick of the residence in pattern, unit size, and color. Masonry support pillars for combination fences shall be full height, connected by a low brick base wall below the wrought iron panels. Such pillars shall be spaced so that the in-fill iron panels do not exceed a width of eight feet; Pillars shall occur at outside corners of such fence sections regardless of spacing considerations.

Dividing fences along a common side property line between lots are encouraged to be wrought-iron; however, they may be constructed of wood. Wood fencing must be double faced so that no stringers or posts are visible. Wood slats must be of cedar or redwood, 4 to 8 inches in width installed vertically. Wood

fences must have a continuous horizontal wood cap; uncapped slat ends are unacceptable.

Wood fences may not be stained or painted (except for a clear oil sealer), unless otherwise approved by the Architectural Control Committee.

All pillars and support posts must be founded on concrete footings sufficient to prevent subsequent tilting or deterioration due to soil movement, settlement or erosion.

Spruce, whitewood or pine fencing and chainlink or wire fencing are **prohibited**. Any type of wire, plastic or any type of mesh or similar material is also prohibited from being attached to wrought iron or any other type of approved fencing.

Fences or privacy walls (or hedges) may not encroach into any front setback (See Supplement Section 2.1A) or adjacent lots. Fences, privacy walls and hedges may not exceed eight feet in height measured from existing natural grade.

Structural retaining walls shall not exceed an above grade height of six feet and must be faced with white Austin stone common to the Mira Vista site or similar stone or masonry to compliment the home and approved by the Architectural Control Committee. Multiple terraced retaining walls must be utilized when the overall height of retained earth exceeds six feet. All retaining walls must include suitable drainage systems and weep holes to release groundwater and relieve hydrostatic pressure. Dry-stack retaining walls shall be constructed of Austin stone. All dry-stack retaining walls over two feet in height must slope against the grade a minimum of 1 (one foot back for each four feet in height). Drystack retaining walls must not be subjected to watershed run-off.

## **2.16(A) LANDSCAPING**

(amendments to the text of Section 2.16)

Landscaping Plans for Garden Homes must include at least one of the following shade or ornamental trees for each 1500 square feet (or fraction thereof) of total Lot area:

shade trees with a minimum caliper of 4 inches at chest height, and at least 12-14 feet in height, or

ornamental trees with a height of 7 feet minimum

At least fifty percent of the minimum trees required by this Section 2.16(A) shall be of the shade tree variety.

Trees and larger plant material must not encroach into that portion of the street right-of-way between the front property line and the back of the curb, or into any portion of the utility easement which overlays each lot's frontage, due to the presence of underground utilities. However, ground cover and small shrubbery may be used to complete the landscaping continuity across the intervening right-of-way and utility easement.

That portion of a Lot's landscaping which occurs along the street frontage between building walls/privacy walls and the edge of the street shall be coordinated with the landscaping of adjacent Lots to produce a blended consistency along the streetscape. The use of plant materials requiring low to moderate landscape maintenance are strongly recommended for these blended street side landscape areas. To that end, the design of landscape areas which abut and/or extend into the street right-of-way must be prepared by a landscape designer from the preapproved list established by the Mira Vista Architectural Control Committee and approved by the ACC.

#### **2.18(A) VARYING GUIDELINES**

(replaces Section 2.18 in its entirety)

The provisions of this Supplement to the Mira Vista Design Guidelines apply specifically to the improvement of residential Lots in the Garden Home neighborhoods.

### **3.(A) ARCHITECTURAL DESIGN STANDARDS**

#### **3.1(A) SIZE**

(replaces Section 3.1 in its entirety)

It is expected that Garden Home residences will contain 2,000 to 3,200 square feet (inclusive) of enclosed living area. The floor area of garages, storage and mechanical rooms which access only from a garage or exterior of the structure and open air decks or patios (roofed or unroofed) are excluded from inclusion in the residential floor area calculation; the floor area of a screened porch or deck which is equipped for closure and use during winter months, or any similar convertible space, shall be included. The projected area of an interior stairwell of a multi-story residence shall be counted only once at its lowest level; stair landings at each primary floor level shall be included within the floor area of that level.

No more than one-third of the total residential floor area of a Garden Home may be located on the second story of the residence.

#### **3.3(A) HEIGHT OF STRUCTURES**

(replaces Section 3.3 in its entirety)

No portion of a structure (except for chimney elements) on a Lot in the Garden Home Parcel may exceed a true vertical height of 35 feet above original Lot grade directly below, at any point. See Section 2.3(A) of this Supplement for determination of Lot grade.

Garden Home structures are limited to one or two story construction.

No portion of an exterior wall may extend to a height greater than 22 feet above original Lot grade, regardless of its overall vertical height.

#### **3.5(A) EXTERIOR MATERIALS**

(replaces Section 3.5 in its entirety)

Exterior ground floor walls shall be brick or stone except for window/door openings and their associated wood trim. Exterior walls at the second story shall be predominantly brick or stone except that wood siding or stucco may be utilized on secondary building elements such as roof dormers or shortened inset clearstory-like walls where the structural support of masonry veneer would prove onerous or impractical in the opinion of the Mira Vista Architectural Control Committee. Although the predominant exterior wall material shall be brick, stone masonry or stucco when used in tasteful combination with other permitted materials, the proportion of stucco may not exceed 75 percent of the total wall surface and is limited to use in European cottage style or Mediterranean style homes. Thus, Pueblo or desert southwest styles of architecture will not be permitted.

### **3.6(A) ROOFS**

(replaces Section 3.6 in its entirety)

All residential structures in the Garden Home Parcel of Mira Vista shall have a pitched roof with a minimum pitch of six feet in twelve and a maximum pitch of twelve in twelve. Steeper pitches on isolated components of a residence, such as a **tower element or dormers, will be considered on a case-by-case basis and such request** shall be made through a written application for variance with the required fee. Further, all primary roof forms must be hip roofed. Gable roofs will be considered on a case-by-case basis for use on secondary building elements only, such as small dormer projections, porch roofs, or subordinate single story wings of the structure.

Flat roofs are prohibited in the Garden Home neighborhoods at Mira Vista.

All roof forms and gable end walls are subject to the height limitations prescribed by Section 3.3(A) of this Supplement.

Roof coverings are limited to wood shingles, slate or synthetic slate (such as Hardishake, Supre-Slate II or Heritage Slate by Suprador), unless otherwise approved by the Architectural Control Committee. Finish colors of manufactured roof coverings are subject to Committee approval.

See Section 3.10 of the Mira Vista Design Guidelines regarding projections from roofs.

### **3.7(A) CHIMNEYS AND OUTDOOR FIRES**

(replaces Section 3.5 in its entirety)

Chimney elements are subject to the same material limitations established by Design Guidelines Section 3,5(A); namely, chimneys shall be faced with brick or stone, unless the unique or distinctive design of the residence justifies the use of an alternative finish. If zero-clearance manufactured fireplace assemblies are utilized, the chimney shall be capped in a manner which screens all manufactured flue elements, such that its finished appearance is indistinguishable from a true masonry fireplace.

Due to incidences of gusting or sustained winds, all chimneys must be equipped with a U.L. or I.C.B.O. approved spark arrestor, including outdoor fireplaces. Open wood burning outdoor fire pits are prohibited. Propane or other gas outdoor fire pits are permitted.

Barbecues are permitted, provided they are lidded cookers.

*Mary Louise Nicholson*  
MARY LOUISE NICHOLSON  
COUNTY CLERK

**3.8(A) EXTERIOR COLORS**  
(replaces Section 3.8 in its entirety)

The finish colors of all exterior materials must be approved by the Architectural Control Committee prior to their application to a structure; elements requiring color consent include, but are not limited to, brick masonry, stonework, slate, and synthetic slate roofing (if utilized) stucco accents, trim or siding colors and clad finishes on wood windows. Color selections shall be subtle and tasteful, avoiding extreme contrasts or colors approaching the primary range of red, blue and yellow.

Color schemes must be varied from lot to lot, similar or identical color combinations will not be permitted for Garden Homes on adjacent lots.

**3.9(A) WINDOWS, DOORS, AND SKYLIGHTS**  
(amendment to text of Section 3.9)

Window units shall be wood, wood clad, wood composite or anodized or pre-finished baked enamel metal. Raw metal components such as aluminum or galvanized iron are prohibited..

**3.11(A) GARAGES**  
(amendment to text of Section 3.11)

Garage doors which face the street must be single doors with intervening masonry piers; however, a single double width door serving a two bay garage may be utilized provided it is aesthetically recessed a minimum of three feet into the architectural from of the structure. Conventional roof eave overhang may not be utilized to satisfy any part of the recess dimension requirement. Garage doors which face to the street are subject to a minimum setback of 18 feet, from the property line to the door wall, as described by Section 2.1(A) of this Supplement. Garages which exceed two bays may not face toward the street.

**3.14(A) VARYING STANDARDS**  
(replaces Section 3.14 in its entirety)

The provisions of this Supplement to the Mira Vista Design Guidelines apply specifically to the improvement of residential Lots in the Garden Home neighborhoods at Mira Vista.

**5.3(A) PRELIMINARY DESIGN REVIEW**  
(addition to text of Section 5.3)

The fee for reviewing the garden home plans will be consistent with Appendix E in the Mira Vista Design Guidelines.

RE: Anti-Loitering Policy To Begin Immediately

Dear Fellow Homeowners:

The Board of Directors of the Mira Vista Homeowners Association, and its various subcommittees, have been conducting meetings involving our management agent, Mira Vista Development Corporation, and the security staff they supervise on our behalf. The end result of these meetings will be a detailed survey that will be sent to all homeowners later this year, which will help the Board better understand what you, as a resident of Mira Vista, expect from the security operations.

An issue has been identified that has prompted this letter and we are asking for your understanding and assistance. There has been an increasing level of loitering by young people in various common areas, such as parking lots and the pavilion at the lake in the southern area of the development. Unfortunately, this is contributing to three disturbing trends within our community:

- Illegal drug use,
- Underage drinking, and
- Vandalism

The above noted activities involve a very small minority of the young people that live in and visit our community; however, our security staff cannot always differentiate between young people gathering to socialize and those that gather for other reasons. The security staff has developed guidelines to deal with the improper activity noted above, and we suggest you visit with David Ross, our director of security, if you have any questions.

There is one change that our management team has requested that the Board has approved unanimously in light of the beginning of summer vacations. It is a 10:00 pm curfew for young people gathering in common and certain other public areas within our community. The Board is evaluating the proper monetary penalty for failure to comply with the curfew. This will not affect the ability of the young people to have activities at someone's house, it will only affect gathering and loitering in common and public areas such as parking lots, lakes and facilities that are not open. Any young people gathering in these areas after 10:00 pm will be asked to disband. Non residents who do not cooperate will be asked to leave the development, and residents who do not cooperate will have their parents contacted by security. Failure to comply may result in notification of the Fort Worth Police Department.

We hope this letter adequately explains the need for this action, and we request that you spend a moment with your children explaining the new curfew and why it is necessary. Enforcement of the curfew will begin immediately. The Board will impose some sort of fine schedule (similar to traffic citations) later this summer. We look forward to your cooperation, and ask for your continued support of our security staff at Mira Vista.

VERY TRULY YOURS,

TIMOTHY G. CHOVANEC  
President, Mira Vista Homeowners Association

### **ASSOCIATION ACCESS STICKER POLICY**

New vehicle stickers will be issued to all Mira Vista property owners and residents.

When a new vehicle is purchased which replaces a vehicle currently in use, replacement stickers will be installed on the new vehicle by security at no charge. However, if the property owner/resident fails to return the old sticker, the cost of a new sticker will be \$250.00.

All property owners and residents will be required to sign an acknowledgement of this policy before receiving their new sticker.

### **PERMANENT GUEST LIST POLICY**

A resident's permanent guest list is now limited in size to twenty (20).

The permanent guest list must be updated on an annual basis under the following procedure: On or about April 1 of each calendar year, the resident will be mailed a copy of his/her current permanent guest list which must be updated and returned to the security department on or before May 31.

Any resident that fails to update their permanent guest list by June 1 of each calendar year will have their permanent guest list deleted from the security department computer system.

## **PROPERTY ACCESS POLICY**

Limit the listing of “permanent guests,” other than family members, on a homeowner’s permanent guest list to persons 18 years of age and older. Individuals under 18 would not be designated on the Permanent Guest List of a Mira Vista resident or lot owner, unless they are a family member.

Only a homeowner or resident in Mira Vista, over the age of 18, will be authorized to grant visitor access unless they are delivery personnel.

Security will be required to contact the homeowner or age appropriate resident prior to allowing visitor access. If an appropriate person, as listed above, cannot be contacted the guest will be denied access.

Security will no longer make multiple telephone calls to multiple residences to enable a prospective guest access to Mira Vista.

Security will allow access to a resident under the age of 18 who is being brought home by a guest regardless of age.

## PRIVATE PARTY PROCEDURES AND CONDITIONS FOR MIRA VISTA COMMUNITY

A progressive private party (hereinafter referred to as "Private Party") will be permitted within the Mira Vista community under the following conditions:

1. For purposes of interpretation under this procedure, Management Company shall refer to MV Services, Inc. and Director of Security shall refer to David Ross or his successor. Management Company has conducted security services for the Mira Vista Homeowners Association (the "Association") under various operating management services agreements which require Management Company to exercise the authority delegated by the Association to it to provide security services under the policies and procedures developed in prior years, as well as prepare new and appropriate procedures to deal with circumstances or events not previously encountered. This procedure is adopted by Management Company pursuant to such authority.

A Private Party shall be presumed to be for social purposes only and shall not involve solicitation of the public for participation. Any aspect of a Private Party that involves or requires an invitee or participant to pay a fee or donation or otherwise involves public advertising and promotion shall disqualify such event as a Private Party and require approval in the same manner as a Request for Special Exception as set forth in item 7. below.

2. Guests will be limited to no more than 50 and vehicular transportation for all guests are limited to no more than 20 vehicles. The use of a shuttle bus will be considered on a case-by-case basis depending on size of Private Party (i.e., number of homes) and length/width/size of shuttle vehicle.
3. A complete guest list (in alphabetical order) must be provided to Security Director at least 36 hours in advance of the scheduled start time of the event. **NO EXCEPTIONS.** Failure to comply with this requirement will likely result in denial of access to the Mira Vista Community.
4. A proposed Private Party must be approved by Management Company no less than ten (10) days prior to date of the event. Written request for approval must be received by Management Company at least two (2) business days prior to the approval deadline (i.e., 10 days prior to date of event).
5. Management Company and Director of Security reserve the right to require valet service for each home within the Mira Vista Community included in Private Party. A parking plan for the guest vehicles must be coordinated with and approved by Management Company and Director of Security no less than seven (7) days prior to the event. This requirement is critical to facilitate good traffic flow, minimal interference with neighboring residents and emergency vehicle access at all times (i.e., police, fire, emergency medical).

6. All traffic regulations (especially parking) will be strictly enforced. Each owner of a home involved in a Private Party will be individually responsible for any traffic violation, as well as any damage to the Homeowners Association's common areas, Homeowners Association's property, private personal or real property or any improvements to real property. Management Company and Director of Security reserve the right to require written indemnification agreements from all owners of homes involved in a Private Party, as well as such other written assurances as may be deemed appropriate by Management Company in its sole and absolute discretion.
7. Any exception requested to the foregoing condition(s) will be classified as a "Request for Special Exception" which must be submitted in writing addressed to Management Company. A Request for Special Exception will require consent and approval by each of the following:
  - A. the Director of Security;
  - B. a majority of the Security Committee of Mira Vista Homeowners Association;  
and
  - C. a majority of the Board of Directors of Mira Vista Homeowners Association.

Due to the enhanced approval requirements for a Request for Special Exception, an individual or group submitting such request must allow adequate time to review such request and permit the appropriate individuals, committee members and Directors to take up such Request at their regular appointed meeting dates. A minimum of 90 days should be the time frame for a review of a Request for Special Exception, but certain situations could require a much greater amount of time for review, discussion and reaching an ultimate decision on such request.

## MIRA VISTA HOMEOWNERS ASSOCIATION

### LOT MAINTENANCE POLICY

It shall be the policy of the Mira Vista Homeowners Association that all lots shall be maintained under the following guidelines:

- All lots with grass and/or weeds taller than twelve (12) inches will receive a notice and will have ten (10) days to mow. A lot shall be mowed in its entirety and as it abuts all neighboring properties. If the lot is not mowed within ten (10) days, the Association will make arrangements to have the lot mowed and assess a fine of up to \$500.
- It is the responsibility of each lot owner to maintain their lots in a well-manicured condition. Debris, including but not limited to, trash, limbs, dead/fallen trees and building materials must be cleaned up immediately. Lots with this type of debris are considered unsightly, and the owner will receive a notice and have ten (10) days to clean up their lot. If the lot is not cleaned up within ten (10) days, the Association will make arrangements to have the lot cleaned up and assess a fine of up to \$500 in addition to actual clean up and disposal charges .
- If a fine is not paid, finance charges will be assessed. If the lot owner's account reaches \$1,000 in arrears for lot mowing or clean up charges, fines and finance charges, the Association may place a lien against the property.

## **MIRA VISTA HOMEOWNERS ASSOCIATION**

### **STREET SANDING POLICY**

It shall be the policy of the Mira Vista Homeowners Association that prior to or during icy weather conditions, those portions of streets and intersections within the Mira Vista subdivision deemed by the Association's Property Manager to be the most dangerous or impassable may be covered with a mixture of salt, sand or other chemicals. The Association shall not have a duty to apply such mixture to all residential streets within the subdivision and such mixture shall not be applied to any private driveway or walkway. The Property Manager's decision to apply the salt/sand/chemical mixture to certain streets and intersections shall be subject to prevailing weather conditions and the availability of materials, equipment and personnel, and the Property Manager shall not be liable for any damage that may be caused to life or property as a result of applying or failing to apply such mixture to a particular street or intersection. No Member of the Association shall have a right to require the Property Manager to apply the salt/sand/chemical mixture to any particular street or intersection.

The charges for copies may include the reasonable costs of materials, labor and overhead, but shall not exceed the charges permitted by 1 T.A.C. § 70.3.
- The Association may include an invoice for the copy charges with the documents and records when they are produced, which shall detail the charges assessed and shall state that such charges are due within 30 business days of the date of the invoice.
- The Association may also require the requestor to pay an estimate of the copy charges prior to undertaking any work to comply with the request. All estimates must be based on the charges the Association is permitted to charge by law and by this policy. If the requestor refuses to pay the estimated costs within 5 business days after being notified of the costs, the request shall be deemed automatically withdrawn. If the requestor timely pays the estimated costs, the Association shall send to the requestor a final invoice detailing the charges assessed within 30 business days after the date the information is produced. If the final invoice shows that the actual cost of the request was less than the amount paid, the requestor is due a refund within 30 business days from the date of the final invoice. If the final invoice shows that the actual cost of the request exceeded the amount paid, the invoice shall state that the excess amount is due within 30 business days from the date of the final invoice, and, if not paid within that time, shall be added to the requestor's account as an assessment against the requestor's property.
- A copy of this policy shall be provided to all persons upon request and without charge.

**MIRA VISTA HOMEOWNERS ASSOCIATION, INC.  
GUIDELINES FOR SOLAR ENERGY DEVICES**

The undersigned, being the President of Mira Vista Homeowners Association, Inc., a Texas non-profit corporation (the "Association"), hereby certifies that the following resolutions were duly adopted by the Board of Directors of the Association (the "Board") on October 13, 2015, and that the resolutions have not been rescinded or amended and are presently in full force and effect:

WHEREAS the Association is charged with administering and enforcing the Declaration of Covenants, Conditions and Restrictions for Mira Vista that was recorded on September 22, 1987, in the Official Public Records of Tarrant County, Texas, as amended from time to time (collectively, the "Declaration"); and

WHEREAS, Texas Property Code Section 202.010(b) precludes the Association from adopting or enforcing a complete prohibition on installation of solar energy devices; and

WHEREAS, Texas Property Code Section 202.010(d) allows the Association to adopt certain restrictions on solar energy devices; and

WHEREAS, the Board has determined that it is appropriate for the Association to adopt specific guidelines regarding solar energy devices within the community.

IT IS, THEREFORE, RESOLVED, that in order to comply with Texas Property Code Section 202.010, the Board hereby repeals any and all prior restrictions on solar energy devices contained in the governing documents of the Association and adopts the following Guidelines for Solar Energy Devices ("Guidelines").

1. These Guidelines apply to "solar energy devices" as that term is defined in Texas Tax Code Section 171.107 ("Devices"). A Device means a system or series of mechanisms designed primarily to provide heating or cooling or to produce electrical or mechanical power by collecting and transferring solar-generated energy. The term includes a mechanical or chemical device that has the ability to store solar-generated energy for use in heating or cooling or in the production of power.
2. Devices may be installed only with the prior approval of the Architectural Control Committee ("ACC"), subject to these Guidelines. Two (2) sets of plans and specifications for the installation of Devices shall be submitted to the ACC in accordance with the provisions of the Declaration and the application and review procedures adopted by the ACC.
  - a. The plans and specifications must be prepared by a professional engineer licensed by the Texas Board of Professional Engineers.
  - b. The plans and specifications must specify the number and area of solar panels and the proposed location of the panels, as well as the color of the panels and the color of the framing.

- c. The plans must be drawn to scale and clearly show all elevations and attachments to the roof structure. Details that apply to the specific installation (plumbing, etc.) must also be provided.
  - d. Photographs must be submitted with the application showing the location of the proposed Device(s) and their visibility from neighboring structures and streets.
  - e. A photo of the proposed Device(s) and the manufacturer's product literature must be submitted with the application.
  - f. Proof of all required licenses must be submitted to the ACC at the time the plans and specifications are submitted for review.
  - g. Any person failing to obtain the written approval of the ACC before installation of a Device commences will be deemed in violation of these Guidelines and will not have an application approved.
  - h. Plans and specifications must also be submitted to and approved by the City of Fort Worth. Approval by the City of Fort Worth does not imply or constitute approval by the ACC. Similarly, approval by the ACC does not imply or constitute approval by the City of Fort Worth.
  - i. Letter must be submitted from property owner's insurance carrier stating that existing coverage of the homeowner's policy will not be affected in any way by the installation of proposed Device(s).
  - j. Letter must also be submitted from property owner's roof manufacturing company stating that the roof warranty, if any, will not be voided by the installation of proposed Device(s).
  - k. A fee in the amount of \$500.00 for design review and impact cost shall be submitted to Mira Vista Homeowners Association for the installation of proposed Device(s).
3. Any Device must be installed on land or structures owned by the property owner. No portion of the Device may be located on property owned or maintained by the Association or on property owned in common by the members of the Association.
4. Devices may only be installed in the following locations:
- a. on the roof of the main residential dwelling; or
  - b. on the roof of any other structure allowed by the Declaration; or
  - c. within a fenced yard or patio owned and maintained by the property owner.
5. For Devices mounted on the roof of a home, the Device must:
- a. have no portion that extends higher than the roof section to which it is attached; and

- b. have no portion that extends beyond the perimeter boundary of the roof section to which it is attached; and
  - c. conform to the slope of the roof; and
  - d. be aligned so that the top edge of the Device is parallel to the roof ridge line for the roof section to which it is attached; and
  - e. have frames and support brackets that are bronze, black or another color that is commonly available in the marketplace and matches the color of the roof shingles; and
  - f. have piping, connections and/or wiring that are contained within the attic and not on the exterior of the home; and
  - g. be located in a position on the roof which is designated by the Association or an alternate location which increases the estimated annual energy production of the Device by more than ten percent (10%), as determined by a publically available modeling tool provided by the National Renewable Energy Laboratory ([www.nrel.gov](http://www.nrel.gov)) or equivalent entity, over the estimated annual energy production of the Device if it was located in an area designated by the Association.
6. For Devices located in a fenced yard or patio, no portion of the Device may extend above the fence line. If the fence is not a solid fence which blocks view of the Device, the ACC may require that the Device be placed in a location behind a structure or otherwise require visual screening. The ACC may consider installation of Devices on properties without a fenced yard if there is adequate screening from public view from any street or common area.
7. All Devices must be installed in compliance with the manufacturer's instructions and in a manner which does not void material warranties. Licensed craftsmen must be used where required by law. Permits must be obtained where required by law. Without limitation, all individuals installing a Device must be working under the supervision of a Licensed Master Electrician.
8. A property owner may not install or maintain a Device that, as adjudicated by a court, either:
- a. threatens the public health or safety; or
  - b. violates any law.
9. A property owner may not install or maintain a Device that substantially interferes with the use and enjoyment of land by causing unreasonable discomfort or annoyance to persons of ordinary sensibilities. For these purposes the written approval of the proposed placement of the Device by all property owners of adjoining property constitutes prima facie evidence that such condition does not exist.
10. All Devices must be maintained in good repair. Unused or inoperable Devices must be removed if they can be seen from any street or common area.

The Guidelines are effective upon recordation in the Official Public Records of Tarrant County, Texas, and supersede any guidelines for solar energy devices which may have previously been in effect. Except as affected by Texas Property Code Section 202.010 and/or by these Guidelines, all other provisions contained in the Declaration or any other dedicatory instruments of the Association shall remain in full force and effect.

*for*  
**MIRA VISTA HOMEOWNERS ASSOCIATION, INC.**

---

THE STATE OF TEXAS     §  
                                      §  
COUNTY OF TARRANT   §

I, Mark Daniel, Secretary of the Mira Vista Homeowners Association, Inc. (the “**Association**”), certify that at a meeting of the Board of Directors of the Association duly called and held on the 10th day of September, 2019, with at least a quorum of the Board members being present and remaining throughout, and being duly authorized to transact business, the following Governing Documents Enforcement and Fine Policy was approved by not less than a majority of the Board members in attendance.

**RECITALS:**

1. Article 12, Section 12.06, of the Declaration of Covenants, Conditions and Restrictions for Mira Vista (the “**Declaration**”) recorded in the Official Public Records of Real Property of Tarrant County, Texas on September 21, 1987 in Volume 9074, Page 1082, and amendments thereto, grants to the Association the power and authority to enforce all covenants, conditions and restrictions set forth in the Declaration.

2. Section 209.006 of the Texas Property Code sets forth notice requirements prior to the commencement of enforcement action, including the imposition of fines.

3. The Board of Directors desires to adopt a policy relating to the enforcement of the Declaration and the Articles of Incorporation, Bylaws, Rules and Regulations and Policies of the Association consistent with Section 209.006 of the Texas Property Code and applicable provisions in the Declaration.

**WITNESSETH:**

It is the policy of the Association to enforce its governing documents as provided below.

**Section 1.     Definitions.**

Capitalized terms used in this policy have the following meanings:

- 1.1.     **Association** – Mira Vista Homeowners Association, Inc.
- 1.2.     **Board or Board of Directors** – The Board of Directors of the Association.

- 1.3. **Declaration** – The Declaration of Covenants, Conditions and Restrictions for the Mira Vista subdivision.
- 1.4. **Governing Documents** – The Declaration, the Articles of Incorporation and Bylaws of the Association, Rules and Regulations and Policies of the Association adopted by the Board and recorded in the Official Public Records of Real Property of Tarrant County, Texas.

Other capitalized terms used in this policy have the same meanings as that ascribed to them in the Declaration.

**Section 2. Types of Violations.** Section 209.006 of the Texas Property Code refers to curable violations, uncurable violations, and violations which are considered a threat to public health or safety. The types of violations are addressed below.

2.1. **Curable Violations** – By way of example and not in limitation, the Texas Property Code lists the following as examples of curable violations:

- a. a parking violation;
- b. a maintenance violation;
- c. the failure to construct improvements or modifications in accordance with approved plans and specifications; and
- d. an ongoing noise violation such as a barking dog.

2.2. **Uncurable Violation** – A violation that has occurred but is not a continuous action or a condition capable of being remedied by affirmative action. By way of example and not in limitation, the Texas Property Code lists the following as examples of uncurable violations:

- a. an act constituting a threat to health or safety;
- b. discharging fireworks;
- c. a noise violation that is not ongoing; and
- d. holding a garage sale or other event prohibited by the Governing Documents.

2.3. **Violation that is a Threat to Public Health or Safety** – Per the Texas Property Code, a violation that could materially affect the physical health or safety of an ordinary resident.

As provided in this policy, there are two (2) enforcement procedures to be followed depending upon whether the violation is curable *and* does not pose a threat to public health or safety or whether the violation is uncurable *and/or* poses a threat to public health or safety. If there is reasonable uncertainty as to whether a violation is curable or uncurable or a threat to public health or safety, the Board has the authority to make the determination and, therefore, to decide which enforcement procedure will be followed. Provided that, this policy shall not be construed to impose an obligation on the Board to pursue enforcement action with respect to a violation or alleged

violation if the Board, in its reasonable good faith judgment, decides that enforcement action is not warranted or necessary.

**Section 3. Enforcement – Curable Violations That Do Not Pose a Threat to Public Health or Safety.** If a violation is curable and does not pose a threat to public health or safety, the Owner will be given a reasonable period to cure the violation, as provided below. The time period given to an Owner may vary depending upon the violation and the difficulty involved or the effort required to cure the violation. The Board of Directors may, but shall not be obligated to, consider any special circumstance relating to the violation and the cost to cure the violation. The enforcement procedure for this type of violation is as follows:

3.1. **Courtesy Letter** – Upon verification of a violation, a courtesy letter may be sent to the Owner describing the violation and requesting that the Owner cure the violation within a stated time period. The Association is not required to send a courtesy letter.

3.2. **Violation Letter** – After the expiration of the time set forth in the courtesy letter, if a courtesy letter is sent, a violation letter may be sent to the Owner. Depending on the severity of the violation and/or the history of prior violations on the Owner's Lot, the violation letter may be the first letter sent to the Owner. The Association is not required to send a violation letter. If sent, the violation letter will include:

- a. a description of the violation;
- b. the action required to correct the violation;
- c. the time by which the violation must be corrected; and
- d. notice that if the violation is not corrected within the time provided or if there is a subsequent violation of the same restriction, a fine may be imposed.

3.3. **Demand Letter** – Either upon initial verification of a violation, or after the expiration of the time period stated in the courtesy letter and/or violation letter, if sent, a demand letter may be sent to the Owner. The demand letter will be sent by certified mail. The demand letter may also be sent by any method of mailing for which evidence of mailing is provided by the United States Postal Service or a common carrier. The demand letter shall be sent to the Owner's last known address as shown in the records of the Association, as well as by any other method that the Board determines will cause the demand letter to be received by the Owner. Depending on the severity of the violation and/or the history of prior violations on the Owner's Lot, the demand letter may be the first letter sent (rather than a courtesy letter and/or a violation letter), as determined by the Board in its sole discretion.

3.4. **Content of the Demand Letter** – The demand letter will include the following:

- a. a description of the violation that is the basis for the suspension action, charge, or fine and any amount due the Association;

- b. notice that the Owner is entitled to a reasonable period to cure the violation and avoid the suspension, charge or fine;
- c. a specific date, which must be a reasonable period, by which the Owner must cure the violation. If the Owner cures the violation before the date specified, a fine may not be assessed for the violation;
- d. a notice that the Owner may request a hearing before the Board of Directors, such request to be made in writing on or before the 30<sup>th</sup> day after the date the notice was mailed to the Owner; and
- e. notice that the Owner may have special rights or relief related to the enforcement action under federal law, including the Servicemembers Civil Relief Act (50 U.S.C. App. Section 501 et seq.), if the Owner is serving on active military duty.

3.5. **Hearing Requested** – If a hearing is properly requested by the Owner, the hearing shall be held not later than the 30<sup>th</sup> day after the date the Association receives the Owner's written request for a hearing. Notification of the date, time and place of the hearing will be sent not later than the 10<sup>th</sup> day before the hearing. If a postponement of the hearing is requested by either the Association or the Owner, a postponement must be granted for a period of not more than ten (10) days. Any additional postponement may be granted by agreement of the parties.

3.6. **Hearing Not Requested** – If a hearing is not properly requested by the Owner, the violation must be cured within the time frame set forth in the demand letter. Fines, suspension of right to use Common Areas, and other remedies available to the Association may be implemented after the expiration of the thirty (30) day time frame provided to the Owner to request a hearing.

3.7. **Remedies** – The Owner shall be liable for, and the Association may collect reimbursement of, reasonable attorney's fees and other reasonable costs incurred by the Association after the conclusion of a hearing, or, if a hearing is not requested, after the date by which the Owner must request a hearing. Additionally, the Association may, but is not obligated to, exercise any self help remedies set forth in the Declaration. Further, the right to use the Common Area may be suspended.

In addition to charging fines, the Association reserves the right under the Governing Documents and under Texas law to file a suit for the recovery of damages and/or injunctive relief.

A notice of violation may also be recorded in the real property records if the violation is not cured within the specified time frame.

**Section 4. Enforcement – Uncurable Violations and/or Violations that Pose a Threat to Public Health or Safety.**

Upon initial verification of an uncurable violation and/or threat to public health or safety, a demand letter may be sent to the Owner. The demand letter will be sent by certified mail. The demand letter may also be sent by any method of mailing for which evidence of mailing is provided by the United States Postal Service or a common carrier. The demand letter shall be sent to the Owner's last known address as shown in the Association's records, as well as by any other method that the Board determines will cause the demand letter to be received by the Owner.

4.1. **Content of the Demand Letter** – The demand letter will include the following:

- a. a description of the violation that is the basis for the suspension action, charge, or fine and any amount due the Association;
- b. notice that the Owner may request a hearing before the Board of Directors, such request to be made in writing on or before the 30<sup>th</sup> day after the date the notice was mailed to the Owner; and
- c. notice that Owner may have special rights or relief related to the enforcement action under federal law, including the Servicemembers Civil Relief Act (50 U.S.C. App. Section 501 et seq.), if the Owner is serving on active military duty;

4.2. **Hearing Requested** – If a hearing is properly requested by the Owner, the hearing shall be held not later than the 30<sup>th</sup> day after the date the Association receives the Owner's written request for a hearing. Notification of the date, time and place of the hearing will be sent not later than the 10<sup>th</sup> day before the hearing. If a postponement of the hearing is requested by either the Association or the Owner, a postponement must be granted for a period of not more than ten (10) days. Any additional postponement may be granted by agreement of the parties.

4.3. **Remedies** – Regardless of whether the Owner chooses to request a hearing, fines, suspension of right to use the Common Area, and other remedies available to the Association may be implemented after mailing the demand letter. The Owner shall be liable for, and the Association may collect reimbursement of, reasonable attorney's fees and other reasonable costs incurred by the Association. Additionally, the Association may, but is not obligated to, exercise any self help remedies set forth in the Declaration. Further, the right to use the Common Area may be suspended.

In addition to charging fines, the Association reserves the right under the Governing Documents and under Texas law, to file a suit for the recovery of damages and/or injunctive relief.

A notice of violation may also be recorded in the real property records should the violation not be cured within the specified time frame.

**Section 5. Subsequent Violation.** If an Owner has been given notice in accordance with Section 3 or Section 4 of this policy in the preceding six (6) month period, notice is not required for the recurrence of the same or similar violation. The Association may impose fines or suspend the Owner's right to use Common Area without first sending another demand for compliance.

**Section 6. Owner's Liability.** An Owner is liable for fines levied by the Association for violations of the Governing Documents by the Owner and the relatives, guests, employee, residents, and agents of the Owner and residents. Regardless of who commits the violation, the Association, may direct all communications regarding the violation to the Owner.

**Section 7. Fines.** Subject to the notice provisions set forth in Section 3 and Section 4 of this policy, as applicable, the Association may impose fines against an Owner as a result of a violation.

**7.1 Due Date.** Fine and/or damage charges are due immediately if the violation is incurable or poses a threat to public health or safety. If the violation is curable, the fine and/or damage charges are due immediately after the later of: (1) the date that the cure period set out in the First Violation notice ends and the Owner does not attempt to cure the violation or the attempted cure is unacceptable to Association, or (2) if a hearing is requested by the Owner, such fines or damage charges will be due immediately after the Board's final decision on the matter, assuming that a fine or damage charge of some amount is confirmed by the Board at such hearing.

**7.2 Lien Created.** The payment of each fine and/or damage charge levied by the Board against the Owner of a Lot is, together with interest as provided in *Section 12.06* of the Declaration and all costs of collection, including attorney's fees as herein provided, secured by the lien granted to the Association pursuant to *Section 12.06* of the Declaration.

**7.3** The Board has adopted the following general schedule of fines. The number of notices set forth below does not mean that the Board is required to provide each notice prior to exercising additional remedies as set forth in the Restrictions. The Board may elect to pursue such additional remedies at any time in accordance with applicable law. The Board also reserves the right to set fine amounts on a case by case basis, provided the fine is reasonable in light of the nature, frequency, and effect of the violation:

## SCHEDULE OF FINES

### FINES ‡:

<b>New Violation: Notice of Violation</b>	<b>Fine Amount:</b> <b>\$50.00 (if a curable violation, may be avoided if Owner cures the violation by the time specified in the notice)</b>
<b>Repeat Violation or Risk to Public Health or Safety or Uncurable Violation:</b>	<b>Fine Amount:</b> <b>1st Notice    \$75.00</b> <b>2nd Notice    \$150.00</b> <b>3rd Notice    \$300.00</b> <b>4th Notice    \$500.00</b>
<b>Continuous Violation: Continuous Violation Notice</b>	<b>Amount varies and may be recurring</b>

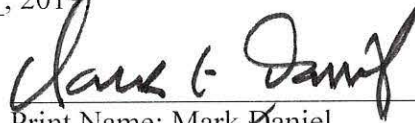

‡ The Board reserves the right to adjust these fine amounts based on the severity and/or frequency of the violation.

**Section 8. Policy Controls.** To the extent any term of this Policy conflicts with any other policy or rule adopted by the Association pursuant to the Governing Documents, the terms of this Policy control.

**CERTIFICATION**

I hereby certify that, as Secretary of the Mira Vista Homeowners Association, Inc., the foregoing Governing Document Enforcement Policy was approved on the 10th day of September, 2019, at a meeting of the Board of Directors at which a quorum was present.

## REVISED RENTAL POLICY FOR MVHOA

After the effective date of this Policy, Mira Vista intends to regulate rentals of homes within the community to ensure that every Tenant complies fully with the Mira Vista Governing Documents and acts in a manner consistent with them while renting a home in our community. Hereinafter, the term "Third Party" shall mean any person who is not an Owner.

1. **Existing Leases.** Any Owner who has leased the Owner's residential structure as of the effective date of this Amendment may continue the existing Lease until the Lease has terminated or the residential structure is sold or conveyed to a Third Party. Copies of all existing Leases must be submitted to the MVHOA Board no later than twenty (20) days after the effective date of this Policy Amendment. Sensitive personal information such as social security numbers, driver's license numbers, government issued identification numbers, or account, credit card or debit card numbers may be redacted from any Leases. If any Lease in existence as of the effective date of this Amendment is being extended, the MVHOA Board must be notified no less than thirty (7) days prior to extending the Lease.
2. **New Leases.** No Owner shall lease less than an entire residential structure and not more than one family shall reside in any one residential structure. No residential structure shall be leased for hotel or transient purposes and no lease or other rental agreement (a "Lease Agreement") shall be made for a period of less than twelve (12) months.

All Lease Agreements shall expressly state that they are subject to the provisions of all MVHOA Policies, the Bylaws of the MVHOA and all Rules and Regulations of the MVHOA, as adopted from time to time and publicly available on the Mira Vista website (collectively the "Governing Documents"), and that any failure by the Tenant to comply with any provision of the Governing Documents or this Policy Statement shall constitute default under the Lease Agreement. However, the failure of any Lease Agreement to contain such a provision shall not excuse any person from complying with the Governing Documents or this Policy Statement. No Lease Agreement shall release or otherwise relieve an Owner from the obligation to pay dues and regular or special assessments to the MVHOA, regardless of whether the

obligation to pay assessments has been assumed by the Tenant in the Lease Agreement.

All Owners must provide copies of any Lease Agreement to the Board of the MVHOA and the email address and cellular phone number of the head of the household for any Lessee or Tenant. Sensitive personal information such as social security numbers, driver's license numbers, government issued identification numbers, or account, credit card or debit card numbers may be redacted from any Leases.

All Owners must notify the MVHOA Board in writing not less than thirty (7) days prior to the date that a Lease Agreement is renewed, extended or terminated. All Owners must notify the MVHOA Board in writing not less than twenty (20) days following the effective date of any amendments, modifications or other changes to their Lease Agreement, and provide copies thereof to the Board.

3. **Standards and Requirements for Leased Properties.**

- A. All MVHOA homeowners' dues, fines and assessments for the proposed rental property shall be current prior to the approval of any lease by the MVHOA Board of Directors.
- B. Any premises proposed to be leased shall have landscape maintained and watered regularly. The application for approval to the MVHOA Board of Directors shall include a representation that a professional landscape company has been hired to provide regular mowing and landscape maintenance. Said vendor shall be permitted to access and program a sprinkler system on the premises to provide regular and sufficient irrigation for the lawn and landscape.

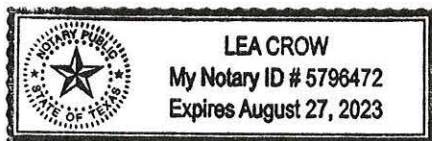

4. **Security Deposit.** The MVHOA shall require payment to MVHOA of a reasonable security deposit by any Owner leasing a residential structure in an amount of \$1,000.00 (the "Security Deposit"). The security deposit shall be forfeited if any tenant or owner fails to comply with the provisions of this Policy. The Board may offset from the security deposit the reasonable cost of any mowing or landscaping not performed by the lessee or owner after delivering to the owner a written notice

of the owner's failure to satisfy its mowing or landscaping obligations and the continuance of such failure for a period of ten (10) days. The security deposit balance shall be returned to the owner within forty-five (45) days after written notice is delivered to the Board of Directors of MVHOA that the Lease has expired.

5. **For Rent or For Lease Signs.** A single uniform "for rent" or "for lease" sign will be allowed in the front yard only of any residential structure proposed to be leased and may not be larger than four square feet.
6. **Rules and Regulations.** Tenants are subject to the same Rules and Regulations as Members/Owners. However, the Owner will be financially liable for any violation by the Tenant of any provision of the Governing Documents.
7. **Tenant Vehicles.** The Board will authorize the issuance of a temporary rental sticker for each of the Tenant's vehicles and allow the Tenant and members of the Tenant's household access to the Subdivision. No Tenant vehicle shall be parked on streets overnight.
8. **Notice.** Any Owner renting a residential structure shall provide a copy of this policy to their Tenant and a signed copy reflecting acknowledgement, receipt and compliance with the Policy shall be provided to the MVHOA prior to Tenant occupancy.
9. **Effective Date.** This Policy is effective as of July 16, 2019.

## GARAGE/ESTATE SALE POLICY

Mira Vista is one of the premier gated communities in North Texas. Security and safety of the residents of Mira Vista is extremely important to all who choose to live in Mira Vista. Garage/Estate sales pose a security problem due to the potential number of unescorted attendees of these events as they enter the community and travel to the location of the sale. As such, Garage/Estate Sales are highly discouraged, but not prohibited.

1. Architectural Control Committee (ACC) Application Required. Before any proposed garage/estate sale is conducted in Mira Vista, an application must be submitted to the Architectural Control Committee in writing and approved by the ACC a minimum of 30 days prior to the proposed sale. The following information must be included in the application:
  - a. Type of sale, Garage or Estate
  - b. Date(s) of the event
  - c. Time period of the event
  - d. Location of the sale
  - e. Parking plan for those attending the event
2. A \$150.00 fee per sale is required along with the application to help defer any potential expense to the Homeowners Association as a result of the sale. The homeowner shall also be responsible for any additional expenses over and above the \$150 incurred by the Association.
3. Garage/estate sales will be limited to Fridays and/or Saturdays and conducted between the hours of 10:00 AM and 4:30 PM. The homeowner conducting the event must be the host and be present for the entirety of the sale.
4. Attendees at the sale will be limited to 50 each day of the event with no more than 10 vehicles scheduled to enter Mira Vista per hour of the event. Attendees will coordinate appointment times with the homeowner conducting the event and the event coordinator will provide the names and arrival times of the attendees to the Director of Security. The required parking plan must indicate the location of parking for attendees and show how it will not be disruptive to neighbors in the area.
5. A Complete list of attendees at the sale, in alphabetical order with arrival times, must be provided to the Director of Security at least 36 hours in advance of the scheduled start of the event, with NO EXCEPTIONS. Failure to comply with this requirement could result in denial of access to attendees and termination of the event. No additional attendees will be admitted the day of the sale.

6. The proposed garage/estate sale must receive written approval from the ACC at least 10 days prior to the start of the event.
7. A parking plan for all attendees must be coordinated and approved by the ACC and Director of Security no less than seven (7) days prior to the event. This requirement is critical to facilitate good traffic flow, minimal disruption to the neighborhood, and emergency vehicle access at all times (i.e., police, fire emergency medical).
8. At the completion of the sale, all items must be removed from public view and not left in the driveway or yard. If necessary, the homeowner may want to contact an outside agency, such as Goodwill, Salvation Army, etc. to remove unsold items. If so, the homeowner will contact the Director of Security with name and arrival time of the agency. If an attendee is not able to remove purchased items the day of the event, the homeowner conducting the event is required to provide the Director of Security the date and time for items to be retrieved.
9. All traffic regulations (especially parking) will be strictly enforced. The owner of the home conducting the garage/estate sale will be individually responsible for any traffic violations by attendees, as well as any damage to the Homeowners Association's (HOA) common areas, HOA property, private personal or real property, or any repairs to real property. The management company and/or the Director of Security reserve the right to require written indemnification agreements from the owner of the home conducting the garage/estate sale, as well as written assurances as may be deemed appropriate by either the management company or Director of Security.

- a. One or more religious items displayed or affixed on the entry of an owner's or resident's dwelling, not exceeding twenty-five (25) square inches, shall not require Committee approval.
- b. Seasonal holiday decorations which are temporary and commonly associated with a seasonal holiday may be displayed no more than sixty (60) days before and thirty (30) days after the seasonal holiday in question. The Board has the sole discretion to determine what constitutes a seasonal holiday decoration. Should an owner or resident desire to permanently display a religious display, a Committee application is required as set forth above.

The display or affixing of a religious item on the owner's or resident's property or dwelling is prohibited under the following circumstances:

1. The item threatens the public health or safety;
2. The item violates a law other than a law prohibiting the display of religious speech;
3. The item contains language, graphics or any display that is patently offensive to a passerby for reasons other than its religious content;
4. The item is installed on property:
  - a. owned or maintained by the Association; or
  - b. owned in common by members of the Association.
5. The item violates any building line, right-of-way, setback or easement that applies to the religious item pursuant to a law or the Association's dedicatory instruments; or
6. The item is attached to a traffic control device, street lamp, fire hydrant or utility sign, pole or fixture.

Any installation not in compliance with this Policy will be considered a violation of the dedicatory instruments governing the subdivision.

I hereby certify that I am the duly elected, qualified and acting Secretary of the Association and that the foregoing Display of Religious Items Policy was approved by a majority vote of the Board of Directors as set forth above and now appears in the books and records of the Association, to be effective upon recording in the Official Public Records of Real Property of Tarrant County, Texas.

MARY LOUISE NICHOLSON

THE STATE OF TEXAS     §  
                                      §  
COUNTY OF TARRANT   §

**I.     PURPOSE**

The purpose of this Amended and Restated Collection and Payment Plan Policy (the "Policy") is to establish a systematic procedure for (a) the collection of Assessments and other charges of the Mira Vista Homeowners Association, Inc. (the "Association") and (b) for the purpose of identifying the guidelines under which Owners may request an alternative payment schedule for certain Assessments. The Board of Directors of the Association (the "Board") has determined that it is in the best interest of the Association to establish this Policy for property subject to its jurisdiction.

**II.    APPLICABILITY AND AUTHORITY**

The property encumbered by this Policy is that property restricted by the Declaration of Covenants, Conditions and Restrictions for Mira Vista recorded in the Official Public Records of Real Property of Tarrant County, Texas under County Clerk's File Volume No. 9074, Page 1082, et seq., as same has been or may be amended from time to time (the "Declaration"), and any other property which has been or may be subsequently annexed into Mira Vista and made subject to the authority of the Association.

The capitalized terms used in this Policy are defined in the same manner as set forth in the Declaration and the interpretation provision set forth in the Declaration applies to this Policy, which definitions and interpretation provision are incorporated in this Policy by this reference.

The Board is authorized by the Dedicatory Instruments to adopt rules and policies pertaining to the governance of the Association.

The Board adopts this Policy, which runs with the land and is binding on all Owners and Lots within the property. This Policy is effective upon the recording of same. After the effective date, this Policy replaces any previously recorded or implemented policy or Guidelines that addresses the subjects contained in this Policy.

Invalidation of any one or more of the covenants, conditions, restrictions, or provisions contained in this Policy will in no way affect any one of the other covenants, conditions, restrictions, or provisions of this Policy, which remain in full force and effect.

### III. COLLECTION AND PAYMENT PLAN POLICY

#### A. Collection Policy

##### 1. ASSESSMENT PERIOD

The Board has the duty of establishing and adopting an annual budget, in advance, for each fiscal year of the Association covering the estimated costs of operation of the Association during each year.

##### 2. NOTICE

The Board must fix the amount of the annual Assessment against each Lot for the following year and must, at that time, prepare a roster of the Lots and Assessments applicable thereto, which roster will be kept in the office of the Association and made open to inspection by any Owner. Upon completion of the roster, written notice of the Assessment due may be sent to every Owner subject to the Assessment. An Owner may not escape liability or be entitled to a deferral of interest, fines, or collection costs with regard to delinquent Assessments on the basis of such Owner's failure to receive notice if such notice was sent via regular mail or via certified mail return receipt requested to the most recent address of the Owner according to the records of Association. Each Owner has the obligation to notify the Association in writing of any change in address, which change becomes effective 5 days after written notice has been received.

##### 3. DUE DATE

All assessments are due and payable on a quarterly basis (January 1, April 1, July 1 and October 1), as determined by a majority of the Board for that Assessment year. If any Assessment due the Association is not paid on the date when due, then such Assessment will become delinquent 30 days after the due date. All fines assessed by the Association are due on the 30<sup>th</sup> day following issuance of such fine. Charges disputed by an Owner are considered delinquent until such time as they are paid in full.

Payments received after the due date are considered delinquent and the entire amount due may be transferred to a Payment Plan as set forth in Section B of this Policy.

##### 4. INTEREST

If the Assessment is not paid within fifteen (15) days after the due date, the Assessment will bear interest from the due date at a rate of eighteen percent (18%) per annum or such other rate as the Board may establish, with such rate not to exceed the maximum rate allowed by law.

##### 5. LATE CHARGE; MANAGING AGENT FEE

Any Assessment that remains delinquent for a period of more than thirty (30) days from the due date will result in the imposition of a late charge in the amount of twenty-five and 00/100

(\$25.00) per month. Additionally, the Association's Managing Agent shall be entitled to charge an Owner a monthly collection fee to compensate Managing Agent for its administrative costs and efforts to collect and process the late payments of Assessments. The amount of late charges and service charges may be adjusted from time to time by the Board.

6. COST RECOVERY

As provided in the Declaration, each Assessment, together with interest, late charges, collection fees, service charges and reasonable attorneys fees assessed or incurred due to late payment of Assessments shall be charged to an Owner's Assessment account, which is secured by a continuing lien upon each Lot and is the personal obligation of the Owner. All costs of collection, expenses and fees charged to, or paid by, the Association collecting, or attempting to collect, Assessments will be assessed against the Lot and become the personal obligation of the Owner as and when incurred. Cost of collection shall include, but not be limited to charges imposed by the Association to sending collection notices/letters, charges imposed by the Association's Managing Agent for sending collection notices/letters and attorneys' fees.

7. DELINQUENCY NOTIFICATION

The Association may cause to be sent one or more of the following notification(s) to delinquent Owners:

a. REMINDER NOTICE: In the event that an Assessment account balance remains unpaid after the due date (or there is a default on a Payment Plan entered into prior to the Reminder Notice), a Reminder Notice may be sent via regular mail to each Owner with a delinquent account setting forth all Assessments, interest, and other amounts due, including any late fees that may be charged by the Association and Managing Agent monthly collection fees to compensate Managing Agent for its administrative costs and efforts to collect and process the late payment of Assessments. The amount of late charges and service charges may be adjusted from time to time by the Board. The Reminder Notice will contain a statement that the entire remaining unpaid balance of the Assessment is due, including any previously imposed late fees, and that the Owner is entitled to a Payment Plan as set forth in Section B of this Policy. In the event an Owner chooses to enter a Payment Plan, a monthly charge may be added to each delinquent Owner's account balance for administrative costs related to the Payment Plan, and such additional administrative costs will continue until the entire balance is paid in full.

b. NOTICE OF DEFAULT: In the event an Assessment account balance remains unpaid after the due date (or there is a default on a Payment Plan entered into prior to the Notice of Default), a Notice of Default may be sent via certified mail to each delinquent Owner. The Notice of Default may also be sent by any method of mailing for which evidence of mailing is provided by the United States Postal Service or a common carrier to the Owner's last known address as shown on the Association's records, as well as by any other method that the Board determines that the Notice of

Default may be received by the Owner. The Notice of Default must set forth the following information and the result of failure to pay, including an explanation of:

- 1) Amounts Due: All delinquent Assessments, interest, and other amounts due, including any late fees that may be charged by the Association, and the total amount of the payment required to make the account current;
- 2) Options: If the Owner has a right to a Payment Plan, as set forth below, the options the Owner has to avoid having the account turned over to a collection agent or legal counsel, including information regarding availability of a Payment Plan through the Association;
- 3) Period to Cure: A period of at least forty-five (45) days for the Owner to cure the delinquency before further collection action is taken;
- 4) Hearing: Owners must be given notice and an opportunity for a hearing before the Board. A hearing must be granted if a written request for a hearing is received by the Association not more than forty-five (45) days from the date the Notice of Default is mailed to the Owner.

If a hearing is requested within forty-five (45) days from the date the Notice of Default is mailed to the Owner, further collection procedures are suspended until the hearing process is completed and the period to cure has expired;

- 5) Payment Plan: The Notice of Default must contain a statement that the entire remaining unpaid balance of the Assessment, including any previously imposed late fees, is due and that the Owner is entitled to a Payment Plan as set forth in Section B of this Policy. In the event an Owner chooses to enter into a Payment Plan, a monthly charge may be added to each delinquent Owner's account balance for administrative costs related to the Payment Plan, and such additional administrative costs will continue until the entire balance is paid in full;
- 6) Common Area Rights Suspension: If a hearing is not requested within forty-five (45) days from the date the Notice of Default is mailed to the Owner, the Owner's use of recreational facilities and common properties may be suspended once the Owner's period to cure has expired, including (a) suspension of the rights of the delinquent Owner and Owner's family, guests, lessees and invitees to use the Common Area facilities during the period of delinquency; (b) denial of access to Mira Vista guests, lessees or invitees unless escorted by delinquent Owner from the gate entrance to the Owner's Lot; and (c)

denial of access to Mira Vista by the delinquent Owner and residents of his or her household through the residents' or members' gate entrance. Access to Mira Vista would require the delinquent Owner and all residents of his or her household to access the Mira Vista property through the guest entrance access gate; and

- 7) Military Notice: If the Owner is serving on active military duty, the Owner may have special rights or relief related to the enforcement action under federal law, including the Servicemembers Civil Relief Act.

c. TURNOVER TO COLLECTION AGENT/ATTORNEY: If a Notice of Default is sent to an Owner and a hearing is not requested within thirty (30) days from the date the Notice of Default is mailed to the Owner, member privileges may be suspended. If the forty-five (45) day timeline for the Owner to cure the delinquency before further collection action is taken lapses without payment, the account may be sent to a collection agent or the Association's attorney for collection, and any fees and expenses may be charged to the Owner's Assessment account once the Owner's period to cure has expired.

8. BANKRUPTCIES

Upon receipt of any notice of a bankruptcy of an Owner, the account may be turned over to the Association's attorney so that the Association's interests may be protected.

9. REQUIRED ACTION

Nothing contained in this Policy, not otherwise required by the Declaration or by law, requires the Association to take any of the specific actions contained in this Policy. The Board has the right, but not the obligation, to evaluate each delinquency on a case-by-case basis as it, in its best judgment, deems reasonable.

10. PAYMENTS RETURNED NON-SUFFICIENT FUNDS

An Owner will be assessed a service charge for any check that is returned or Automatic Clearing House (ACH) debit that is not paid for any reason, including, but not limited to, Non-Sufficient Funds (NSF) or stop payment order (the "**Unpaid Amounts**"). The amount of the service charge assessed by the Association is equal to the amount charged by the financial institution related to any such Unpaid Amounts plus any administrative costs incurred by the Association as a result of such Unpaid Amounts.

B. Payment Plan

The Association establishes a Payment Plan schedule by which an Owner may make partial payments to the Association for delinquent Assessments, or any other amount owed to the Association, without accruing additional monetary penalties. Monetary penalties do not include

interest or reasonable costs associated with administering the Payment Plan. Any late fees imposed prior to a request for a Payment Plan may be made part of such Payment Plan at the discretion of the Board. The Payment Plan Schedule is as follows:

1. The term for the Payment Plan is determined at the discretion of the Board but must be no less than three (3) months and a maximum of six (6) months;
2. The Owner is obligated to execute a payment plan agreement ("Payment Plan Agreement") which sets forth the total amount to be paid, the term of the payment plan, the due date for and amount of each payment and the address to which payments are to be mailed or delivered. A Payment Plan is not effective until the Owner executes the required Payment Plan Agreement;
3. There will be a grace period of three (3) business days from the due date for a payment. If a payment is not received at the address set forth in the Payment Plan Agreement by the close of business on the third (3<sup>rd</sup>) business day following the date on which the payment is due, the Owner will be deemed to be in default of the Payment Plan Agreement;
4. The Association may add to the delinquent Assessments and other amounts owed to the Association to be paid in accordance with the Payment Plan Agreement reasonable costs for administering the Payment Plan, as follows: A reasonable fee for the preparation of a Payment Plan Agreement and a reasonable fee for receiving, monitoring, documenting and processing each payment. The amounts determined by the Board to be charged for the preparation of a Payment Plan Agreement and processing payments must be uniform as to all Owners who enter into a Payment Plan. During the term of the Payment Plan, interest at the rate provided in the Declaration<sup>1</sup> will continue to accrue on delinquent Assessments.
5. A Payment Plan may require equal monthly payments based on the number of months for such Payment Plan, with each payment due on the first day of each month;
6. Failure to pay the first monthly payment of the delinquent amount is considered a default of the Payment Plan;
7. An Owner, upon written request, may request a longer period of time;
8. The Association is not required to enter into a Payment Plan with an Owner who failed to honor the terms of a previous Payment Plan during the two (2) years following the Owner's default under a previous Payment Plan;

---

<sup>1</sup> The Declaration of Covenants, Conditions and Restrictions for the Mira Vista subdivision was recorded in the Official Public Records of Real Property of Tarrant County, Texas on September 21, 1987 in Volume 9074, Page 1082, and all subsequent amendments and additions thereto.

9. If an Owner requests a Payment Plan that extends into the next Assessment cycle, the Owner is required to pay future Assessments by the due date in addition to the payments specified in the Payment Plan;
10. The Association is not required to offer a Payment Plan to an Owner after the forty-five (45) day period to cure the delinquency has expired;
11. The Association is not required to allow an Owner to enter into a Payment Plan more than once in any twelve (12) month period; and
12. Nothing herein limits or otherwise affects the Association's right to proceed in any lawful manner to collect delinquent Assessments owed to the Association by action at law, including foreclosure on the property.

**C. Application of Payments**

1. Except as provided in subsection 2 immediately below, a payment received by the Association must be applied in the following order of priority:
  - a. Any delinquent Assessment;
  - b. Any current Assessment;
  - c. Reasonable attorney's fees or reasonable third-party collection costs incurred by the Association associated solely with Assessments or other charges that can be the basis of foreclosure;
  - d. Reasonable attorney's fees not subject to "6" above;
  - e. Reasonable fines; and
  - f. Any other reasonable amount owed to the Association.
2. If/when an Owner defaults on a Payment Plan, the Payment Plan Agreement will automatically become void, and the remaining delinquent amount will become due in full and the Association may begin further collection action as set out above. The Association may notify the Owner that the Payment Plan Agreement is void as a result of the Owner's default, but notice to the Owner is not a prerequisite for the Payment Plan Agreement to become void. Any payment(s) received by the Association after such default of a Payment Plan will not reinstate the Payment Plan Agreement, and will be applied in the following order of priority:
  - a. Reasonable costs;
  - b. Reasonable attorney's fees;
  - c. Interest;

- d. Late fees;
- e. Delinquent Assessments;
- f. Current Assessments; and
- g. Reasonable fines.

As to each category identified in this subsection C, payment must be applied to the most-aged charge first. The acceptance of a partial payment on an Owner's account does not constitute a waiver of the Association's right to collect the full outstanding balance due on said Owner's account.

**RECITALS:**

1. The property encumbered by this 209 Hearing Policy is that property restricted by the Declaration of Covenants, Conditions and Restrictions for Mira Vista, recorded in the Official Public Records of Real Property of Tarrant County, Texas under County Clerk's File Volume No. 9074, Page 1082, et seq., as same has been or may be amended from time to time ("Declaration"), and any other property which has been or may be subsequently annexed thereto and made subject to the authority of the Association.

2. Article XII, Section 12.05 of the Declaration grants to the Association the power and authority to enforce all covenants, conditions and restrictions set forth in the Dedicatory Instruments (as defined by the Texas Property Code).

3. Section 209.007 of the Texas Property Code ("Code") sets forth notice requirements to provide an Owner with an opportunity to cure a violation or delinquency, including providing the Owner with an opportunity to request a hearing with the Board.

4. The Board desires to adopt a procedure for conducting a hearing that is consistent with Sections 209.006 and 209.007 of the Code and applicable provisions in the Dedicatory Instruments.

5. This Policy replaces and supersedes any previously recorded or implemented policy that addresses the subjects contained herein, if any, adopted by the Association.

  - a. A current board member;
  - b. A current board member's spouse; or

- G. "Hearing Packet" means the packet provided to the Owner by the Association pursuant to Section IV(B) of this Policy.

**II.**  
**Rules Applicable to All Hearings**

- A. The Board Hearing shall be held no later than the thirtieth (30<sup>th</sup>) day after the date the Board receives the Owner's request for a Board Hearing. The Board or the Owner may request a postponement and, if requested, a postponement shall be granted for a period of not more than ten (10) days. Notwithstanding the foregoing, the Board Hearing may be scheduled outside of these parameters by agreement of the parties.
- B. The Board shall provide a Hearing Notice setting forth the date, time, and place of the Board Hearing, to the Owner not later than ten (10) days before the date of the Board Hearing. - C. Owners are expected to provide copies of any documentary evidence the Owner intends to introduce at the Board Hearing to the Board no later than five (5) days before the Board Hearing.

- D. The Board is not required to deliberate or reach a determination during the Board Hearing. Rather, all information gleaned from the Board Hearing may be taken under advisement by the Board. The Association or its managing agent may inform the Owner of the Board's decision in writing within thirty (30) days of the date of the hearing. If there is no written communication from the Association or the managing agent within this timeframe, the violation will remain standing.
- E. The Board may communicate the time limitation in any manner to the Owner and will make every effort to communicate the time limitation to the Owner in advance of the date of the hearing. The time limitation will be strictly adhered to and is intended to strike a balance between: (i) allowing the Association ample time to present its case; (ii) allowing the Owner ample time to present the Owner's response; (iii) the Board's finite amount of time available to consider such issues.
- F. All parties participating in the Board Hearing are expected to treat each other professionally and respectfully. The Board reserves the right to terminate a Board Hearing if the Board, in its sole and absolute discretion, determines the Board Hearing has become unproductive and/or contentious. The Board, in its sole and absolute discretion, reserves the right to reconvene any Board Hearing that is terminated pursuant to this Section II(F).
- G. Either party may make an audio recording of the Board Hearing.
- H. This Policy does not apply to instances where the Association files a suit seeking a temporary restraining order, or temporary injunctive relief, or files a suit that includes foreclosure as a cause of action. Further, this Policy does not apply to a temporary suspension of a person's right to use Common Areas that is the result of a violation that occurred in a Common Area and involved a significant and immediate risk of harm to others in the subdivision. The temporary suspension is effective until the Board makes a final determination on the suspension action after following the procedures prescribed by this Policy.
- I. Owners are entitled to one hearing, unless the Board in its sole and absolute discretion agrees to allow additional hearings.
- J. In accordance with Section 209.007(e) of the Code, an Owner or the Board may use alternative dispute resolution services.

**III.**  
**Additional Rules Applicable to Hearings in**  
**Connection with Denial of a Committee Application**

- A. A Committee Notice of the denial must be provided to the Owner by certified mail, hand delivery, or electronic delivery. The Committee Notice must:
- a. describe the basis for the denial in reasonable detail and changes, if any, to the application or improvements required as a condition to approval; and
  - b. inform the Owner that the Owner may request a hearing on or before the thirtieth (30<sup>th</sup>) day after the date the notice was mailed to the Owner.
- B. During the Board Hearing, the Board (or a designated representative of the Association) and the Owner (or the Owner's designated representative) will each be provided the opportunity to verify facts and discuss the resolution of the denial of the Owner's application or request for the construction of improvements, and the changes, if any, requested by the Committee in the notice provided to the Owner under Section 209.004(d) of the Code.
- C. Following the Board Hearing, the Board may affirm, modify, or reverse, in whole or in part, any decision of the Committee as consistent with the Association's Dedicatory Instruments.

**IV.**

- C. If the Board fails to provide the Hearing Packet to the Owner at least ten (10) days before the Board Hearing, the Owner is entitled to an automatic fifteen (15) day postponement of the Board Hearing.
- D. During the Board Hearing, a member of the Board or the Association's designated representative shall first present the Association's case against the Owner. An Owner, or an Owner's designated representative is then entitled to present the Owner's information and issues relevant to the dispute. The Board may ask questions of the Owner or designated representative.

I hereby certify that I am the duly elected, qualified and acting Secretary of the Association and that the foregoing 209 Hearing Policy was approved by a majority vote of the Board of Directors as set forth above and now appears in the books and records of the Association, to be effective upon recording in the Official Public Records of Real Property of Tarrant County, Texas.

## SECURITY MEASURES POLICY

1. **Architectural Control Committee Application Required.** Before any security measure contemplated by Section 202.023(a) of the Texas Property Code ("**Code**") is constructed or otherwise erected on a Lot, an Architectural Control Committee ("**Committee**") application must be submitted to the Association and approved in writing in accordance with the Declaration. The following information must be included with the application:

- a. Type of security measure;
- b. Location of proposed security measure;
- c. General purpose of proposed security measure; and
- d. Proposed construction plans and/or site plan.

2. **Other Applicable Requirements.** Owners are encouraged to be aware of the following issues when seeking approval for and installing a security measure:

- a. The location of property lines for the Lot. Each Owner should consider obtaining a survey before installing a security measure;
- b. Easements in the area in which the security measure is to be installed;
- c. Underground utilities in the area in which the security measure is to be installed.

The Association is not obligated to and will not review an Owner's Committee security measure application for the above-referenced issues. Owners should be aware that a security measure may have to be removed if a person or entity with superior rights to the location of a security measure objects to the placement of the security measure.

3. **Type of Fencing.** The Code authorizes the Association to regulate the type of security measure fencing that an Owner may install on a Lot.

- a. Security measure fencing generally
  - (i) Unless otherwise provided by the Association's dedicatory instruments, chain link, barbed wire, electrified and vinyl security measure fencing is expressly prohibited and will not be approved by the Committee.
  - (ii) Vines or vegetation shall be allowed to grow on security measure fencing.
- b. Security measure fencing forward of the residential structure on a Lot as depicted on the applicable Lot survey:
  - (i) Must be wrought iron fencing measuring no more than six feet (6') in height. The Committee shall have the discretion to approve any other

type of metal security measure fencing, however, the follow types of metal fencing are prohibited and will not be approved: (1) stamped metal fencing (including gates); (2) metal panel fencing; and (3) solid metal fencing. It is the intent of this Policy that all security measure fencing forward of the front building line on a Lot have the appearance of wrought iron fencing;

- (ii) Must consist of straight horizontal rails and straight vertical pickets and/or posts;
  - (iii) Must be black or any color approved by the Committee (including gates);
  - (iv) Security measure fencing pickets shall be 3/4", 4" on center with 1-1/4" top and bottom rails. All framing must be on the inside (i.e., the residence side) of the security measure fencing;
  - (v) Any driveway or pedestrian gates on security measure fencing must be of the same material as the fencing and swing inward and related fence motors/equipment must be kept screened from view with evergreen shrubs or in such other manner approved in writing by the Committee;
  - (vi) When security measure fencing meets a wood fence, the security measure fencing may not be attached to the wood fence. The security measure fencing shall be terminated with a three-inch (3") metal post (either steel, wrought iron, or aluminum) adjacent to the wood post/wood fencing; and
  - (vii) Chain link, barbed wire, electrified, vinyl and wood security measure fencing is expressly prohibited and will not be approved by the Committee.
- c. All security measure fencing must be installed per the manufacturer's specifications and all electric gates must be installed by a licensed electrician in accordance with all applicable codes and applicable governmental regulations.
- d. Placement of fencing and/or security measures of any type must comply with Texas, City of Forth Worth and/or Tarrant County Regulations and Ordinances, if any.
- e. The Committee shall have the discretion to determine any additional types of approvable or prohibited security measure fencing.

- f. If the proposed security measure fencing is located on one or more shared Lot lines with adjacent Lot(s) ("Affected Lots"), all Owners of record of the Affected Lots must sign the Committee application evidencing their consent to the security measure fencing before the requesting Owner ("Requesting Owner") submits the Committee application to the Committee. In the event that the Affected Lot Owner(s) refuse to sign the Committee application as required by this section, the Affected Lot Owner(s) and Requesting Owner hereby acknowledge and agree that the Association shall have no obligation to participate in the resolution of any resulting dispute in accordance with this Policy.

4. **Burglar Bars, Security Screens, Front Door Entryway Enclosures.** All burglar bars, security screens, and front door entryway enclosure shall be black or any color approved by the Committee. Notwithstanding the foregoing, the Committee shall have the discretion to approve another color for burglar bars, security screens and front door entry enclosure if, in the sole and absolute discretion of the Committee (subject to an appeal to the Board of Directors in the event of a Committee denial), the proposed color of the burglar bars, security screens, and front door entryway enclosures complements the exterior color of the dwelling. All burglar bars and front door entry enclosures must be comprised of straight horizontal cross-rails and straight vertical pickets.

5. **Location.** A security measure may be installed only on an Owner's Lot, and may not be located on, nor encroach on, another Lot, street right-of-way, Association Common Area, or any other property owned or maintained by the Association. No fence shall be installed in any manner that would prevent someone from accessing property that they have a right to use/access such as a sidewalk.

6. **Disputes; Disclaimer; Indemnity.** Security measures, including but not limited to, security cameras and security lights shall not be permitted to be installed in a manner that the security measure is aimed/directed at an adjacent property which would result in an invasion of privacy, or cause a nuisance to a neighboring Owner or resident. **In the event of a dispute between Owners or residents regarding security measure fencing, or a dispute between Owners or residents regarding the aim or direction of a security camera or security light, the Association shall have no obligation to participate in the resolution of the dispute. The dispute shall be resolved solely by and between the Owners or residents.**

EACH OWNER AND OCCUPANT OF A LOT WITHIN THE PROPERTY ACKNOWLEDGES AND UNDERSTANDS THAT THE ASSOCIATION, INCLUDING ITS DIRECTORS, OFFICERS, MANAGERS, AGENTS, EMPLOYEES AND THE COMMITTEE ARE NOT INSURERS AND THAT EACH OWNER AND OCCUPANT OF ANY DWELLING AND/OR LOT THAT HAS A SECURITY MEASURE THAT HAS BEEN OR WILL BE INSTALLED PURSUANT TO THIS POLICY ASSUMES ALL RISKS FOR LOSS OR DAMAGE TO PERSONS, TO DWELLINGS AND IMPROVEMENTS AND TO THE CONTENTS OF DWELLINGS AND IMPROVEMENTS, AND FURTHER ACKNOWLEDGES THAT THE ASSOCIATION, INCLUDING ITS DIRECTORS, OFFICERS, MANAGERS, AGENTS, EMPLOYEES AND THE COMMITTEE, HAVE MADE NO REPRESENTATIONS OR

WARRANTIES NOR HAS ANY OWNER OR OCCUPANT RELIED UPON ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, RELATIVE TO ANY SECURITY MEASURE THAT MAY BE APPROVED BY THE COMMITTEE PURSUANT TO THIS POLICY.

OWNERS OF LOTS WITHIN THE PROPERTY HEREBY AGREE TO INDEMNIFY, PROTECT, HOLD HARMLESS, AND DEFEND (ON DEMAND) THE ASSOCIATION, INCLUDING ITS DIRECTORS, OFFICERS, MANAGERS, AGENTS, EMPLOYEES AND COMMITTEE MEMBERS COMPRISING THE COMMITTEE (COLLECTIVELY REFERRED TO AS THE "INDEMNIFIED PARTIES") FROM AND AGAINST ALL CLAIMS (INCLUDING WITHOUT LIMITATION CLAIMS BROUGHT BY AN OWNER OR OCCUPANT) IF SUCH CLAIMS ARISE OUT OF OR RELATE TO A SECURITY MEASURE GOVERNED BY THIS POLICY. THIS COVENANT TO INDEMNIFY, HOLD HARMLESS, AND DEFEND INCLUDES (WITHOUT LIMITATION) CLAIMS CAUSED, OR ALLEGED TO BE CAUSED, IN WHOLE OR IN PART BY THE INDEMNIFIED PARTIES' OWN NEGLIGENCE, REGARDLESS OF WHETHER SUCH NEGLIGENCE IS THE SOLE, JOINT, COMPARATIVE OR CONTRIBUTORY CAUSE OF ANY CLAIM.

Any installation not in compliance with this Policy will be considered a violation of the dedicatory instruments governing the subdivision.

I hereby certify that I am the duly elected, qualified and acting Secretary of the Association and that the foregoing Security Measures Policy was approved by not less than a majority vote of the Board as set forth above and now appears in the books and records of the Association, to be effective upon recording in the Official Public Records of Tarrant County, Texas.

**POLICY ON PRIVATELY MAINTAINED LANDSCAPING  
THAT AFFECTS VEHICULAR AND PEDESTRIAN SAFETY**

Pursuant to Section 4.01(l) of Article IV and Sections 8.04 and 8.05 of Article VIII in the Declaration of Covenants, Conditions and Restrictions for Mira Vista, The Homeowners' Association Board (the "Board") has jurisdiction and rule-making authority over the "Common Properties" of Mira Vista. Those Common Properties include all streets and sidewalks within the confines of Mira Vista. In that regard and as the community has matured, it has been observed at many locations matured landscaping has impeded traffic and/or impeded a clear view of some road signs and street name signs. Furthermore, the City of Fort Worth mandates that all trees adjacent to public roadways must maintain a from-ground clearance of fourteen (14) feet to facilitate emergency vehicular traffic and clear lines of sight for larger vehicles. While the streets of Mira Vista are private and therefore not subject to City enforcement, the same sound safety concerns exist within our community and therefore warrant this self-enforcement.

As a result, the Board hereby adopts this Policy on Privately Maintained Landscaping That Affects Vehicular and Pedestrian Safety (the "Policy"). As it relates to plants, shrubs, hedges or trees of any kind (collectively "Plants") that prevent a direct line of sight from vehicular traffic to any Mira Vista traffic control sign (stop sign, speed limit sign, or the like) or street sign, those Plants shall be trimmed down to no less than two (2) feet below the bottom of the affected sign. With respect to any trees that hang over any Mira Vista street or sidewalk ("Trees"), those Trees shall be trimmed in such a way as to provide fourteen (14) feet of clearance as measured from the roadway or sidewalk surface. Again and to be clear, this Policy **only** applies to those Plants or Trees that are adjacent to sidewalks, streets, and traffic control signs.

To give all residents ample time to inspect their own Plants and Trees, the Board will not begin enforcing this Policy until March 1, 2020. After that point in time, a courtesy notice without fine or other enforcement will be sent to any non-compliant resident, asking for voluntary compliance. If the non-compliance continues, the matter will be handled in strict accordance with the Governing Documents Enforcement and Fine Policy for Mira Vista Homeowners Association.

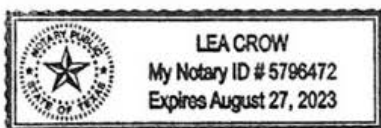

Executed to be effective on the 14th day of January 2020.

## MIRA VISTA TRAFFIC REGULATIONS

The Declaration of Covenants, Conditions and Restrictions for Mira Vista provide in

### “Article VIII

#### USE OF COMMON PROPERTY

8.05 Private Streets – The entry gatehouse, street sidewalks and alley network within the Mira Vista residential community are “private” and constitute a portion of the Common Properties, which are subject to the jurisdiction and administration by the Association. In addition to the other provisions appearing within this Article VIII, the Board is specifically authorized to recommend, adopt, implement, and enforce rules, regulations, mechanisms and procedures governing the use of the entry gatehouse, sidewalks, streets, and alleys covering items such as (but not necessarily limited to):

- (a) identification and entry programs for Members, their respective immediate families, their guests and vehicles owned or driven by any of them;
- (b) speed limits, designated parking areas, restricted parking areas and no parking areas;
- (c) signs and graphics to provide announcements to unauthorized personnel concerning potential criminal trespass matters;
- (d) “fines” system through which the Association can levy and collect fines from its Members for violations of the applicable rules and regulations; and
- (e) disclaimers of liability for any and all matters or occurrences on or related to the Common Property.”

The Board, after considering and implementing other alternatives, has determined that driving in excess of the posted speed limits and other traffic violations are a recurring problem with Mira Vista club members and Mira Vista property owners. Therefore, the Board adopts the following regulations with respect to traffic control for the “private” streets of Mira Vista.

#### Speed Limit and other Traffic Regulations

The Speed Limit within the Development is twenty-five (25) miles per hour. All property owners, Mira Vista Country Club members, their families, guests, employees, contractors, licensees, and agents or other representatives must strictly adhere to the posted Speed Limit and Stop Signs, park only with their cars facing the direction of traffic, as well as comply with and obey all applicable federal, state and local traffic laws, statutes, codes, ordinances, regulations and rules (the “Traffic Regulations”).

Speed limit enforcement will be conducted utilizing an automated speed detection device that is checked regularly for accuracy for the purpose of enforcing compliance with posted speed limits on Mira Vista streets. (See CC&Rs, Article VIII, Section 8.05, item b)

In September of 2020, the Board updated and ratified a prior decision to prohibit vehicles such as golf carts ("street legal" or not), go-carts, and gasoline powered scooters from recreational operation on the community streets of the Mira Vista subdivision. However, the Board will accept application from homeowners for exemption from enforcement by Mira Vista Security for use of such vehicles by homeowners within Mira Vista on the basis of medical necessity only.

For parking regulations, please see the Parking Addendum attached hereto and incorporated herein by reference.

### Violations

All incidences of property owners, Mira Vista Country Club members, family members and guests exceeding the posted speed limit or violating any other Traffic Regulations (except delivery personnel, contractors, subcontractors and employees), shall result in the Member receiving the violation in accordance with the fine schedule attached hereto and incorporated herein by reference. Copies of all citations will be mailed to the property owner or Mira Vista Country Club member at the address maintained in the records of the Association and the Club. All delivery personnel, contractors, subcontractors and employees who violate the posted speed limit or other Traffic Regulations may, at the discretion of the Director of Security for the Association, be excluded from the Development without prior warning and not allowed entry for a period of thirty (30) days. Incidences of recurring violations may result in the exclusion of delivery personnel, a contractor, subcontractor or employee being made permanent.

### Liens

The fines imposed on any Members, their families or guests under this regulation shall, in addition to being a fine owed by the operator of the vehicle, be a liability assessed against the Member authorizing entry of the vehicle operator and result in a continuing lien upon such Member's lot until paid. Such fines shall be collected and such lien foreclosed in the same manner as any other fines or liens imposed by the Declaration of Covenants, Conditions and Restrictions of Mira Vista.

### Appeal

Any violation may be appealed in writing within 30 days to the Security Committee's Appeal Board that at its discretion, upon considering the information presented, may maintain, reduce or waive any penalty contained herein. Determination of any appeal will be made in a closed session meeting of the Committee.

**FINE SCHEDULE**

Over 30 mph	\$ 100.00
Over 40 mph	\$ 200.00
First Parking Violation	\$ 0.00
Second through Fourth Parking Violations	\$ 100.00 each
Fifth and All Subsequent Parking Violations	\$500.00 and 30 day gate access suspension each
Stop Sign Violation	\$100.00

**PARKING ADDENDUM**  
to  
**Mira Vista Traffic Regulations**

On-Street Parking and Vehicle Restrictions:

All vehicles shall be parked only upon the driveways and inside garages/auto courts of each lot. No guest street parking except for temporary periods of time not to exceed four (4) hours shall be permitted. Requests for guest parking exceeding four (4) hours must be approved by the Security Department. A 72-hour extended street parking permit for a guest's vehicle may be obtained through the Security Department. No vehicle that transports flammable or explosive cargo may be parked or stored within the property. No Recreational Vehicle, trailer, inoperative or unlicensed vehicles may be parked or stored, other than in an enclosed garage, within the property. All work on vehicles, including routine maintenance shall be performed only in an enclosed garage.

Parking in Cul-De-Sacs

Parking in cul-de-sacs would prevent fire rescue from using it as a means to turn around, therefore contributing to delayed response, hindering emergency response personnel and ultimately, care to fire and emergency victims. Therefore, parking in cul-de-sacs is not allowed at any time.

Mira Vista Parking Regulations

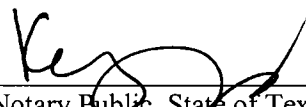

All property owners, Mira Vista Country Club members, their families, guests, employees, licensees, and agents or other representatives must strictly adhere to the Mira Vista Parking Policy.

APPROVED by the Board of Directors of the Mira Vista Homeowners Association at its October 14, 2024 meeting at which a quorum was present.

Dated this 14 day of October, 2024.

Failure on the part of a party to complain of any act of any party or to declare any party in default, irrespective of how long such failure continues, shall not constitute a waiver by such party of its rights hereunder until the applicable statute of limitation period has run.

WHEREAS, Grantee desires to use the portion of Grantor's Property depicted on Exhibit A and Exhibit B (the "**Easement Property**"); and

WHEREAS, Grantors are willing to grant to Grantee a non-exclusive, perpetual, rent-free easement over, on, and across the Easement Property on the terms and conditions set forth in this Agreement for the purpose of allowing pedestrian and recreational use of the Easement Property by the Members of Grantee as a Common Property, as defined in the Declaration of Covenants, Conditions and Restrictions for Mira Vista, recorded in Book 9074, Page 1082, Document Number D187393091 of the real property records of Tarrant County, Texas, together with all amendments and supplements thereto (the "**Easement Purpose**").

**AGREEMENT:**

Now, therefore, for and in consideration of \$10.00 and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in consideration of the covenants contained herein, Grantor and Grantee agree as follows:

1. *Grant of Easement.* Subject to the terms and conditions of this Agreement, Grantor hereby grants, sells, and conveys to Grantee a perpetual, non-exclusive, rent-free easement over, on, and across the Easement Property for the Easement Purpose, together with all and singular the rights and appurtenances thereto in any way belonging (collectively, the "Easement"), to have and to hold the Easement to Grantee and Grantee's successors and assigns forever. Grantor binds Grantor and Grantor's successors and assigns to warrant and forever defend all and singular the Easement to Grantee and Grantee's successors and assigns, against every person whomsoever lawfully claiming or to claim the Easement or any part of the Easement, by, through, or under Grantor, but not otherwise. 3. *Reservation of Rights.* Grantee's right to use the Easement Property is nonexclusive, and Grantor reserves the right to use all or part of the Easement Property as long as such use by Grantor does not unreasonably interfere with the use of the Easement Property by Grantee for the Easement Purpose.

4. *Maintenance of Easement Property.* Grantee agrees to assume the obligation to maintain the Easement Property in the same manner that it maintains the Common Properties of the neighborhood. Grantee shall have the right to reconstruct, repair, maintain, replace, and/or monitor the recreational trail on the Easement Property and perform such clearing of grass, trees, and/or vegetation on the Easement Property as is reasonably necessary for the Easement Purposes. Grantee shall not unreasonably cut or remove additional vegetation, except for dead, dying, or diseased vegetation that poses a risk to users of the Easement Property or to the condition of the Easement Property.

5. *Fencing, Barriers, and Signs.* Grantee, with Grantors' prior written consent, may erect and maintain fencing and barriers within the Easement Property as may be reasonably necessary to prevent access to the Easement Property by motor vehicles and/or to discourage pets from straying from the Easement Property onto Grantors' or other adjacent landowners' properties. Grantors shall not unreasonably withhold consent. Grantors shall not erect fences, barriers, or signs that impede access to or use of the recreational trail on the Easement Property.

6. *Trash.* There shall be no placement, collection, or storage of trash, chemicals, hazardous, or toxic substances, or any other unsightly materials within the Easement Property.

7. *No Dedication to Public.* The Easement granted herein is solely to benefit the Members use of the Common Properties, to be used in a manner similar to that of Grantee's other Common Properties, and is not intended to grant any right to the public.
